The tortures of Eczema are indescribable. First, a series of small water blisters appear, accompanied by a tingling, itching sensation; these burst, and the skin becomes dry and sometimes cracks and peels; the itching increases in severity and spreads over a larger surface, until it soon becomes almost unbearable. The rough, red skin seems to be ablaze, so intense is the suffering produced.

Only disappointment results from the use of ointments, salves, etc., which are so generally resorted to for this disease. Eczema is a disease of the blood, and local applications can have no effect whatever upon it. They are good enough to allay temporarily the intense itching, but the disease continues to spread and increases in severity.

It is during spring and summer that those afflicted with Eczema suffer most, although they are at no time entirely free from discomfort. The disease seems to break out afresh each spring, and every year seems to spread more, until in some cases the entire body is effected.

Mr. E. D. Jenkins, of Lithonia, Ga., says ( that his daughter, ida, inherited a severe case of Eczema, which the usual mercury potash remedies failed Year by year she was treated with various medicines, external applications and in-ternal remedies, without result. Her sufferings were intense, and her condition grew steadily worse. All the so-called blood remedies did not seem to reach the disease at all until S. S. S. was given, when an improvement was at once no diced. The medicine was continued with favor-able results, and now she is cured sound and well, her skin is perfectly clear and pure, and she has been saved from what threatened to blight her life forever.

I was treated by the best of physicians with no success, used various local applications, and tried all the patent medicines recommended for Eczema with-out any good results. I went to several celebrated medical resorts, but the discase shortly peturned. I then tried S. S. S. and shortly returned. I then tried S. S. S., and after three days the burning and itching subsided, and I continued to improve steadily until I was well-entirely cured.

Mr. Wm. Armstrong, of DePere, Wis.,

The only cure is a real blood remedy-one which reaches obstinate and deep-seated diseases, and cures them permanently. The mercurial and potash remedies of the doctors, aside from their harmful effects, do not reach the disease, and hence their inability to cure it. S. S. S. is the only cure for Eczema, because it is

the only blood remedy guaranteed purely vegetable, containing no potash, no arsenic no mercury or mineral of any description. It is Nature's own remedy and is not a drug-shop preparation. It cures Eczema and all other blood diseases of the most obstinate nature, no mat-
