CORNELL WINS THE BOAT RACE.

The Yale's Crew Captures the Second Place.

CORNELL WON THE BOAT RACE.

Special to EVENING HERALD. New London, Conn., June 23.—The great 'varsity' contest between the rowing crews of Cornell, Yale and Harvard took place on the Thames river today and Cornell won by a length and an eighth, Yale finishing second. Cornell was the favorite against the field and all odds were against the Harvard crew. The result of the race emphasizes the superiority of the American stroke over that advocated by the foreign coaches. Cornell was coached by Charles Courtney, ex-champion oarsman of America, and the college won last year's race with the same stroke. Yale was coached by H. J. Cook and Harvard by R. C. Lehmann, who came from England last year and this year, expressly to train the crew for the races against Cornell.

THE DISEMBARKATION SUCCESSFUL.

Very Little Resistance to the Landing of Our Troops.

A DEMONSTRATION AT CABANAS

To Engage the Attention of the Enemy While the Soldiers Were Being Landed. The Texas Engaged the West Battery and Had One Man Killed—The Work of Landing the Expedition Will Require Several Days.

Washington, June 23.—Official dispatches received last night by both Secretary Alger and Secretary Long indicated that the landing of troops near Santiago was progressing most favorably. The first landing was effected at Daiquiri in the morning, and met with comparatively slight resistance. This was stated in a dispatch received in the evening from General Shafter by Secretary Alger, which, though brief, was full of news and meaning. It said: "Landing at Daiquiri this morning successful. Very little, if any, resistance."

Secretary Alger expressed himself as delighted at the expedition with which the landing of the troops was being effected, and with the fact that no serious obstacle was being offered by the enemy. He contrasted the text of General Shafter's message to mean that the enemy had made merely a nominal and ineffective resistance by firing from the hills at long ranges. Shortly after Secretary Alger received his dispatch Secretary Long received a more extended cablegram from Admiral Sampson. It, too, was dated at Playa del Este, at 6:59 last evening. The text of the dispatch, translated from the navy department cipher, is as follows: "Landing of the army is progressing favorably at Daiquiri. There is very little, if any, resistance. The New Orleans, Detroit, Castine, Wasp and Suwannee shelled vicinity before landing. We made a demonstration at Cabanas to engage the attention of the enemy. The Texas engaged the west battery for some hours. She had one man killed. Ten submarine mines have been recovered from the channel of Guantanamo. Communication by telegraph has been established at Guantanamo."

In both army and navy circles the information contained in the dispatches of General Shafter and Admiral Sampson was received with intense satisfaction. The landing of so large a body of troops as General Shafter at present has under his command is a task of immense proportions. A prominent official of the war department said that the complete debarkation of the troops, animals, field guns and supplies within a week after their arrival off the Cuban coast would be a task well accomplished. It is probable, in the opinion of the officer referred to, that only a partial landing of the troops was effected yesterday, and that the landing will be continued from day until day until completed. It is not unlikely, too, that the troops will be landed at several places along the coast, of course within a short distance of the headquarters which General Shafter will establish for himself.

Admiral Sampson's dispatch indicated that he was carrying out his instructions thoroughly to clear a way for the landing of troops. The demonstration which he made with the Texas before Cabanas, which is just east of Guantanamo, may easily have led the Spaniards to suppose that a general landing was to be attempted in that immediate vicinity. It was evident from the text of Admiral Sampson's dispatch that a considerable landing had already been effected near Guantanamo, as he noted that communication by telegraph had been re-established at that point, and that the channel had been cleared of submarine mines. In the opinion of naval officers the landing at Guantanamo was of marines rather than of land forces. The cable stations through which the American commanders will communicate with the departments in this city have been established, as shown by the dates of the dispatches received, at Playa del Este, a small place directly on the coast and about 15 miles east of Santiago. The change was made from Camp McCalla to Playa del Este in order that the station might be nearer the scene of action.

The medical authorities here are anxious that the troops should be landed at the earliest possible moment

Special to EVENING HERALD. Cuba Cut off From Spain. Camp McCalla, June 23.—The St. Louis severed the last cable to Jamaica, under a fire from the shore batteries, thus cutting off communication to Havana and Madrid. The Americans are now in charge of the only cable to Havana, over which a strict censorship has been placed.

Special to EVENING HERALD. Sagasta Committing a Crime. London, June 23.—A Madrid correspondent reports a leading politician as saying: "By continuing the war the government is committing a crime against the country. We must have peace at whatever cost. It is the only means of preserving the monarchy, averting a civil war and an appalling revolution."

Special to EVENING HERALD. Gomez Offered Bribes. Kingston June 23.—General Pando, representing the Spanish government, tried to induce Genl. Gomez, the insurgent leader, to join the Spaniards by offering money and important military command. Every effort is being made to induce the leaders of the insurgents to betray the cause of Cuba, but without success.

Special to EVENING HERALD. Mementoes of the Maine. New York, June 23.—Rev. Father Chadwick, formerly chaplain of the Maine, has had made small brass crosses, from metal recovered from the ill-fated ship, and will present them to families of sailors who lost their lives by the explosion. The crosses are about one inch in length.

CRIMINAL COURT.

The Trial of Cases Protracted With Much Delay. The case in which J. C. Ely, the stock broker, is charged with embezzling money belonging to his customers, was called for trial yesterday, and was resumed today. The case is attracting much attention, especially from those who read in "Outlines" and "The History" well known, having been published in those columns. C. L. Fowler, of town, is one of the jurors on the case. The jury retired at noon today and at 3 o'clock this afternoon returned a verdict of guilty in the manner and form as indicted. William Schloppe was found not guilty of embezzlement, on oath of Julia Ward, the county to pay the costs. Annie Reilly, of Shenandoah, charged with receiving stolen goods, was acquitted from the jury box.

SUDDEN DEATHS!

A Young Polish Woman Drops Dead While Walking.

CAUSE OF DEATH DETERMINED!

A Post Mortem and Inquest Fixed at a Paralysis of the Heart—Fall of Rock at the Wm. Penn Colliers Kills a Man

Mary Petrovsky, a young woman employed as a servant by a Polish family at No. 812 West Line street, met with a sudden death between four and five o'clock last evening. She was 21 years of age and unmarried. The deceased and the woman by whom she was employed were sitting on the steps at the rear of the house, clearing lettuce for supper, when the latter asked for a spoon. The victim quickly arose to comply with the request, but had hardly assumed an upright position when she staggered a step or two and then fell to the ground. The companion was not an alarm and a moment later the victim was taken to the yard gate for fresh air. It was supposed at the time that the young woman had fainted, but she was dead within a few moments.

Deputy Coroner Thomas Stanley was notified and inquired of the family by Dr. J. G. Church and Dr. F. Burke, but, an inquest, which resulted in fixing paralysis of the heart as the cause of death.

At about eight o'clock last night Anthony Szymanski, a Lithuanian residing at lower Wm. Penn, met instant death by a fall of a brick from the roof of No. 4 steps, east Fourth street, of the Wm. Penn colliery. The body was not mangled.
