BOAT CAPSIZED, A SCORE LOST.

The Little Excursion Steamer Surf City Carried About Sixty Persons When Struck by a Sudden Squall, Rescuers Save Forty of the Victims.

Beverly, Mass., July 5.-The small excursion steamer Surf City, with about 60 passengers on board, while half way over from Salem Willows to her wharft here, a distance of about two miles, was struck by a sudden but terrific squall about 6 o'clock last night and capsized. Of those on board a large majority are believed to have been rescued by boats from both the Salem and Reverly shores, but no less than seven bodies have been recovered, and as it is known that many rushed into the cabin before the squall it is thought that twice as many are still confined there. As one or two of those taken ashere are in a critical condition, it appears likely that the least of dead

may reach a score.
The following hodies were recovered from the wreck: Mrs. Katherine D. Weber, 25 years of age, Beverly; Miss Grace Snell, 13 years, daughter of Ar-thur Snell, Beverly; 3-year-old John Kenney, Beverly; Belle Fegan, 16 years old, Beverly; Miss Lillie Conant, 16. Danvers, and her 6-year-old brother

Of those rescued Miss Bertha Loyett of North Beverly, Hazel Hersey, I year old, of Beverly, Miss Emerson of Dan-vers, and an unknown 2-year-old girl are still in a critical condition. Carris, the fireman, was badly scalded. Captain Dalby saw signs of a squall as the boat left the Willows, but thought he could make his wharf here before it struck. He had just reached the Bever's but when the storm struck the boat, and at the same time a lightning bolt struck the beacon at the end of the bar.

Amid the terrific din of the thunder which followed the lightning flash, and the fearful whirlwind, the little steamer careened over to starboard and went down, all so suddenly that even the commander had the greatest difficulty in getting out of the boat. sank in about 15 feet of water, her hurricane deck being loosened in the gales, while all those on board were either thrown into the water of the bay or struggled desperately from getting from under the decks or out of the

Cornell's Welcome Home. Ithaca, N. Y., July 5.—Over a thou-sand people gave the Cornell crews a rousing welcome last night on their arrival at Ithaca. The sturdy oarsmen were escorted to a decorated float, which was drawn through the principal streets of the city by a crowd of en-thusiastic students. The streets were full of people, cheering for Courtney and the individual members of the crew. After the parade the carsmen were banquetted at the Lyceum theater. Schuyler Fisher, of Cincin-

Three Killed by Lightning.

Mitchell, member of common council from the First ward; Allen Spaser, aged 20 years, and Emma D. Carey, aged 18 years. All three were killed in Fairmount park. Spazer and the girl had taken refuge together under a tree, when the bolt struck the tree and them also. Mitchell, who was with a party of councilmen in the park, was also under a tree when

Chleago: Facultiles of the Fourth, Cheago, July L. Independence Day celebration freedom.

It was a day when one momentous event followed another in constant and rapid succession, each hour bringing forth some new feature more starding than what had gone hefors. The climate that is a complete the great war, state and navy builded in great war, state and navy builded in great dispatches, anch line of the foundation. Admiral Sampson's dispatch announcing his glorious victory and the entire destruction of the Spanish feet, was made public.

The story of the day is best taid in the series of official dispatches, each bearing date of July 4, from Sampson, bearing date of July 4, from Sampson,

bouring date of July 4, from Sampson from Shafter and from Dewsy. Ad- Death Loves a miral Sampson's disputch, dated Siboney: July 2, was as follows:

Our loss was one killed and two wounded. Enemy's loss probably several hundred from gun fire, explosions and drowning, About 1,500 prisoners, including Admiral Cervera. The man killed was George H. Ellis, chief yeoman of the Brooklyn."

General Shufter's strong position was shown in a series of dispatches. Most convincing of all as to his feeling of confidence and strength was that dis-patch given out late in the day in which General Shafter gives the text of his demand for the surrender of the

city on pain of bombardment. Shafter's first disputch demanding surrender named noon of July 4 as the hour. To this Jose Toral, the Spanish commander answered, declaring that the city would not surrender. Later the British, Portuguese and Chinese consuls went to Shafter's lines and declared that 15,000 to 20,000 people, many of them old, were anxious to leave the city. The consuls urged that the hour for herioning the bombardment be extended until 10 o'clock today. In view of this request General Shafter extended the hour until today noon.

General Shafter's other dispatches breathe the same air of confidence and determination as shown in his demand on the Spanish commander. The first one made public during the day stated that his lines completely surrounded to accept a substitute. many of them old, were anxious to leave the city. The consuls urged that

that his lines completely surrounded the town from the bay on the north to San Juan river on the south, leaving the city thus enveloped by a stretch of water on one side and a stretch of frowning American guns on the HANDSOMEST and BEST other. In another dispatch General Shafter epitomized the strength of his position by saying: "I feel that I am master of the situation, and can hold

the enemy for any length of time."

In any event, 12 o'clock today marks the limit of Shafter's concession, and if Santiago has not capitulated at that hour the great sloge guns now brought to the front and in position, backed by the batteries of lighter field pieces, will begin their work of destruction.

The pressing needs of reinforcing Shafter is no longer felt, new that the Spanish fleet is out of the way. A considerable number of men, however, are already on the way, and others will

The changed naval situation bring no abstement in the activity of the authorities here in carrying the war directly home to Spain. There is renewed determination to get Commodore Watson's eastern equadron away at the earliest moment, for the double purpose of striking a blow at the coast towns of Spain and of pursuing

Admiral Camara's fleet. Admirat Camara's neet.

It has been acting Admiral Sampson for some time, but it will be Admiral Sampson in fact as well as in name is the prevailing feeling in haval circles as a result of the victory reported by the American admiral. By a singular coincidence his rank was advanced yes-

terday to that of commodors, owing to the retirement of Admiral Kirkland. The release of Hobson and the other heroes of the Merrimac incident is likely to be another result of the eventa transpiving yesterday. It may now come about either by the surrender of the city, which would include the surrender of Hobson and other America prisoners in the city, or else by the c change of Robson for Admiral Cer-vers or some other high ranking nava official. Until yesterday the possibil-ity of exchanging Hobson were slight TERMS DAILY, 83,09 per annum; 25 cents per month; delivered by carriers for 6 cents per week SUNDAY EDITION, 22 large, bandsome pages 221 octumes, elegantly litustrated, beautifully printed in colors, \$250 per annum; 5 cents per copy. Now, however, they have one of the foremost simplified of Spain, and among the 1,306 other david prisoners there are many officers of distinguished rank. To exchange a Stanish admiral for an American naval constructor might seem strange under ordinary circumstances, but it will be done with-out any begrudging by the authorities here, and will be particularly appro-priate in view of the action of Cervers at the time Hobson surrendered to him.
