DEWEY MAKES ANOTHER CAPTURE

Washington, July 13.—Reports received from General Shafter today says that fourteen suspicious cases of fever have been discovered in the Quartermaster's department at Santiago. The Cabinet is now holding an important meeting. The rumor of the surrender of Santiago, is denied at the Navy department, no news to that effect having been received.

FIVE HUNDRED SPANIARDS SURRENDER.

Hong Kong, July 13.—Advices received here by despatch boat from the Philippines tell of another important capture on the part of Admiral Dewey. Subic Bay, the most important Philippine harbor except Manila, has been captured by the American Commander. The five hundred Spaniards at that point surrendered to Admiral Dewey after a brief show of resistance. The American fleet made a feint at bombardment.

Spaniards Are Scared.

Madrid, July 13.—It is reported here that the United States has purchased at Gibraltar and Tangier enormous quantities of coal and that American colliers are near Cape St. Vincent. An appeal has been made to France to prevent the bombardment or blockade of Malaga, which is not a war port. Spain expects Watson's fleet to appear off the Spanish coast on Friday.

Spain Says She'll Fight.

London, July 13.—Information received from an authoritative source enables the positive declaration that although Spain now only makes war to uphold her right to rebel against aggression, she will continue the struggle until she is in a position to conclude an honorable peace, whatever sacrifices she will have to make to attain that end.

Female Shoplifter.

Among the shoppers at Morgan's Bazaar this afternoon was an elderly woman and her daughter. While the former examined a shirt waist at the front of the store the latter appropriated a ladies' belt in the rear part by rolling it up and concealing it in her handkerchief. A search for the belt was made after the visitors left the store, and it was soon found to be missing. The proprietor made a search for the shoplifter and overtook them on Main street. He demanded the return of the belt which the younger woman was carrying in her hand, partly exposed. It was immediately returned to its owner.

Battling Run is besieged this week by a number of boys from town who have gone into camp at this beautiful spot. The campers are John Hunter, George Watson, Roy Snyder, Harry Goldin, Isadore Levine, Edward Williams, Jacob Dallas, Harvey Wells and Harry Mellet. They have with them two large tents, one of them being a moss tent while the other is devoted to sleeping apartments. The camp is being conducted under military discipline, two of the members remaining on guard at night.

Two Would-be Blockade Runners Loaded With Provisions Brought to Key West. Key West, Fla., July 13.—The British sloop Wary, another would-be blockade runner, captured by the United States auxiliary cruiser St. Louis, arrived here yesterday under a prize crew consisting of Port Officer F. J. Albrecht and two men. The Wary is a 21-ton vessel, and was loaded with provisions of a miscellaneous character. She, under Captain Jeremiah Moss and three men, all Jamaica negroes, was bound from Kingston for Cape Cruz. It was first suspected that her British flag was a subterfuge to enable her to pass the blockade, but later it developed that her cargo was for the starving Spaniards, and that she was a pilot to take him in. The St. Louis sent four or five shots from her six pounder, but as the sloop showed no indication of surrendering, the air was lowered and a dozen men pulled towards her, peppering her with shot from their small arms. Captain Moss said he thought all this was done in sport, but when he found himself a prisoner of war he became badly frightened and spent the whole time between capture and arrival here in praying and weeping.
