SANTIAGO DE CUBA HAS SURRENDERED!

Such is the Latest Intelligence Announced By the War Department at Washington Late This Afternoon.

PRESIDENT M'KINLEY WAS FIRM.

Washington, July 14, 4:00 p. m.—An official of the war department has stated that a telegram was received from General Shafter, saying that Santiago has surrendered unconditionally. The announcement caused much rejoicing and satisfaction in official circles.

While the war department has posted no bulletin to that effect, yet it is believed that the announcement of the surrender is official—at least it comes from an official source.

Special to EVENING HERALD. Washington, July 14.—The War department today received a telegram from Gen. Shafter at Santiago, saying that the Spaniards had appointed a commission to arrange the terms of surrender.

The army officials here look upon this to mean that the Spaniards will surrender, and for that reason, and to bring the hostilities in that locality to a speedy end, the administration refuses to appoint a commission to meet Gen. Toral's commission, Gen. Shafter has been so notified.

Immediate and unconditional surrender are the only terms that will be accepted by President McKinley.

Gen. Toral, in command of the Spanish forces, said on Tuesday that he would surrender if terms not humiliating to the troops were suggested. Gen. Miles and Shafter met him yesterday and gave him until noon to-day to learn if Spain would let him surrender unconditionally, and from the telegram received today from Shafter it is believed Toral has been so instructed by his home government.

Dispatches in the hands of Washington officials from Madrid indicate that Blanco has instructed Toral to resist the attack of the Americans while he can, but to end the struggle when he thinks best. This is one reason why the officials here refuse to appoint a commission to meet the Spaniards.

BLANCO ATTEMPTED SUICIDE

When the Story of Cervera's Defeat Was Confirmed From Madrid—Gloom Settled Upon the City and Public and Private Buildings Hung With Grief.

Key West, Fla., July 14.—According to advices from Havana Governor General Blanco attempted to commit suicide when he learned beyond doubt that Admiral Cervera's squadron had been annihilated. Long before the Spanish admiral's gallant dash out of Santiago harbor all Havana had been boasting of his ability to outwit the Americans, and when misleading dispatches gave the impression that he had eluded the American fleet the demonstration of joy in the Cuban capital partook of the nature of a festival.

When the true story of the defeat came it was discredited until definite confirmation from Madrid no longer left room for hope. Gloom settled upon the city, all gaieties were stopped and every public and many private buildings were hung with crepe and other black draperies.

This and other valuable information was brought by Jose Pauline Blanco, who indignantly repudiated a suggestion of kinship with the governor general. He says he is a loyal Cuban, and escaped to this city to avoid a charge of fighting against his cause, as every male in the island who is able to bear arms is being pressed into the Spanish service.

Blanco says the living conditions in Havana are constantly growing worse, the greatest distress necessarily falling on the Cubans, because nearly all the food is seized for the troops. Of those there are about 70,000 in the city, contrary to the Spanish estimate of 40,000, and the day before Blanco left the city 31 sharks caught in Havana harbor sold for \$12.50.

Those of the reconcentrados who have sufficient influence with the dispensing authorities sometimes contrive to get one wrecked every day, but the others starve, and it is no uncommon thing, says Blanco, to see persons drop dead in the streets. Even among the Spaniards starvation is rapidly sapping their loyalty, and large numbers of men are banding themselves together awaiting the first attack on Havana as a signal for revolt.

Spanish and German Fraternize. Hong Kong, July 14.—Letters received here from Cavite under date of July 9, say that while the Spanish steamer Filipinas was hiding in the river near Subig, the crew mutined and killed the officers. They then handed the steamer over to the insurgents, who armed the vessel and dispatched it to Subig for the purpose of making an attack on Grande Island.

Mis Thomas Entertains. A merry party of young folks last evening assembled at the residence of Miss Mattie Thomas, on North Jardin street, and spent a pleasant evening. There were twenty-four guests, Miss Thomas was all that could be desired as a hostess.

PEACE NOW AWAITS SANTIAGO'S FALL.

Special to EVENING HERALD. Madrid, July 14.—The War Office has received from Captain-General Blanco a notification that he has instructed Gen. Toral, the commander at Santiago, to resist the Americans as long as possible, but fully empowering him to end the struggle at his discretion.

The War Office admits that the reserves of ammunition at Santiago were reduced by the explosion in the cathedral, caused by an American shell, and that provisions are short, but declares that the troops are in good spirits.

The government, it is believed, is only awaiting the fall of Santiago, to ask for peace. Senator Sagasta, for the first time, said openly that the time for peace had come.

Ministerial organs speak only of peace. If Santiago falls the government has decided to ask the immediate suspension of hostilities. The Cabinet, along these lines, is to be reorganized.

GERMANY MUST MAKE EXPLANATION.

Special to EVENING HERALD. Washington, July 14.—The administration is preparing to follow up the advantage gained by Rear Admiral Dewey is successfully repelling what was probably the initiative step in German interference in the Philippines. It wants definite knowledge of the exact position of the Berlin government with reference to the Philippine question, and the effort by the German war ship Irene to prevent the operation of the insurgents against the Spanish forces at Subig Bay will in all probability be the lever employed to pry into Emperor William's confidence, a copy of Rear Admiral Dewey's despatch relating to the Irene's strange behavior was laid before the President, and official notice will be taken in the premises.

THE POWERS URGE PEACE SETTLEMENT.

Special to EVENING HERALD. London, July 14.—Advices received here indicate that representatives of several of the powers have confidentially hinted to the Madrid government that negotiations for peace ought to be begun immediately. They have also advised Spain to cede one or more islands to the United States, as security for the payment of an indemnity, and to convert the Philippines and other colonies into republics under Spanish sovereignty.

Marrled. James S. Williams, junior member of the firm of J. P. Williams & Son, and Miss Hannah Griffin, a well known and estimable young lady of town, were married at eleven o'clock this morning in the parlors of the First Baptist church, Rev. D. L. Evans officiating. A few of the immediate relatives and friends of the contracting parties were in attendance at the ceremony.

Case Settled. Anthony and George Downers were the defendants in an assault and battery case before Justice Toomey last evening. The prosecutor was Simon Yurkalewicz, who says the Downers threw him down a stairway and afterwards beat him. The case was settled by the defendants paying the costs and fine.

Should they secure control they will run cycle races, build a bathing house, enlarge the hotel to accommodate summer boards and run a series of theatrical performances similar to those at Tunbridge Run. If negotiations are made they will not take effect until next summer.

BOROUGH COUNCIL!

A Lengthy Meeting of the Borough Fathers Last Night.

CHARGES MADE AGAINST POLICE!

Chief Burgess Tabors Lodges Sensational Information Against Policeman Mullaly and Special Officer Alex Is Also Accused.

A regular meeting of the Borough Council was held on Wednesday, with the following members in attendance: Messrs. Lally, James, Straughn, Harkins, Oakley, Brennan, Hand, Engler, Bell, Boehm, Murphy and Neiswander.

After roll call the report of the roads and highways committee was the first business called up and Mr. Bell stated that the dog and pig patrol was ready for business to resume.

Mr. Engler complained that a pipe, corner of Mayberry alley and Gilbert street, was blocked and should be opened. The matter was referred to the street committee.

Mr. Engler moved that the Chief Burgess be instructed to have all wagons removed from the highways of the borough, and also to have the weight scale on North Main street be given thirty days' notice to remove it.

Mr. Engler, of the fire apparatus committee, reported that 1,800 feet of fire hose had been loaned to fight the fire in the Wm. Penn mine, with the understanding that the company be responsible for any damage to the hose. A considerable quantity of the hose was returned badly damaged, as well as some branch pipes.

Mr. Oakley moved that the fire apparatus committee consult with the officials of the Wm. Penn Coal Company on the subject of having the damaged hose replaced by new hose, and a special meeting of Council be called, if necessary, to hear the report.

It was decided that the needles of the thirty-one fire plugs in the town be made of uniform size.

Mr. W. G. Gregory was re-elected borough surveyor for the ensuing year at the same salary as last year.

The Chief Burgess was instructed to notify the police parties to lower the grade on pavement on the south side of Oak street, intervening between Jardin street and Pearl alley, at once.

Mr. Harkins recommended that the bill of Borough Auditor Pleppert be paid, but no action was taken the point being raised that the committee had made no report.

Mr. W. G. Gregory was re-elected borough surveyor for the ensuing year at the same salary as last year.
