## TORAL'S SURRENDER STILL HOLDS GOOD!

Articles of Agreement on the Capitulation Has Been Signed by the Respective Commissions.

### THE TERMS AGREED TO BY MADRID

Special to EVENING HERALD.

Washington, July 16.—Gen. Shafter telegraphed the war department to-day that articles of agreement for the surrender of Santiago were signed in brief this morning. The terms of surrender agreed upon at the conference between the commissions appointed by Gen. Shafter and Gen. Toral, are as follows:

Spain abandons the city of Santiago and all of the Province of Santiago east of Acerradero on the south and Sagna on the north.

All Spanish troops are to be taken to Spain by the United States government. These troops number 20,000 men, half of whom are in the city of Santiago.

The United States takes all of the enemy's forts and guns, the Spanish officers being allowed to keep their side arms.

American troops will not enter the city until after the Spaniards have embarked. Guards from the American forces will be stationed around the city.

Members of the Red Cross will enter the city at once and the refugees will return to their homes.

While the Spanish troops are preparing to embark, American and Cuban sentinels are to keep out stragglers and marauders and the Spanish are to police the city.

Shafter's despatch further says that 20,000 refugees were returned to the city of Santiago by the American patrol guards. Our hospital corps attended the Spanish wounded.

All the Spanish troops in the province, except Athetaquin will come to the city to surrender. The Spanish guns will be given our troops. The Juraguay railroad will also be given under our control. The Spaniards are to be taken home after surrendering arms to assist in destroying the mines in Santiago harbor.

3 p. m.—General Toral has announced that Madrid agrees to his terms of surrender.

### BLANCO OPPOSES SURRENDER OF CUBA.

Special to EVENING HERALD.

Madrid, July 16.—Captain General Blanco, strongly opposes the surrender of the Island of Cuba, and favors waging incessant warfare against the United States. He displays bitter hatred against the United States and ascribes intervention solely to the strength of that country. Blanco's position has greatly retarded peace negotiations, caused by his great influence with the present powers.

### COMMISSIONERS ON BOTH SIDES

To Arrange the Details of Capitulation.

### BRITISH CONSUL REPRESENTS SPAIN.

Generals Wheeler, Lawton and Miles Are the Commissioners for Americans and Two Spanish Officers and the British Consul at Santiago Represents the Spaniards—General Shafter Compliments the Spanish Commander—We Are to Supply Food to the Spaniards—Neither Troops Nor Cubans Will Be Allowed to Enter Santiago at Present.

Washington, July 16.—The following dispatch has been received at the war department from General Shafter, dated Playa Del Este, July 15:

"Sent you several telegrams yesterday, as did General Miles, in regard to the surrender. General Toral agreed yesterday positively to surrender all the forces under his command in eastern Cuba, upon a distinct understanding that they were to be sent to Spain by the United States; that this surrender was authorized by General Blanco, and that his submission tomorrow was merely formal.

"The commissioners to arrange details were appointed—Wheeler, Lawton and Miles on the part of the United States. Points were immediately raised by Spanish commissioners. The discussion lasted until 10 o'clock last night. My commissioners think the matter will be settled today and met at 9:30 o'clock this morning. There are about 12,000 troops in the city and about as many more in the surrounding district; 25,000 in all will be transported. General Miles was present, and said the surrender was as absolute and complete as possible. It cannot be possible that there will be failure in completing arrangements. Water famine in city imminent. Have supply cut; this was told Lieutenant Miles by English commissioner. Will wire frequently when negotiations are progressing. Shafter, Major General Commanding."

Toral Realized He Was Trapped. General Toral must have realized that he was trapped, and that to hold out longer must mean a useless sacrifice of his men, but he made one last effort to gain more time. While nominally yielding to the terms General Shafter proposed, he sent a communication to General Shafter enclosing a copy of a telegram from Captain General Blanco, explaining that the surrender of such an important position as Santiago and the abandonment of eastern Cuba would require the direct sanction of the Madrid government and requesting more time to hear from Madrid. At the same time Captain General Blanco authorized General Toral, if it was agreeable to the American general, to appoint commissioners on each side to arrange the terms of the capitulation of the forces under his command on the condition of their parole and transportation to Spain, pending the sanction of Madrid. He communicated the names of the commissioners he had selected, namely, Mr. Robert Mason, the British vice consul; General Toral's chief of staff, Colonel Fontano, and General Escarabajo.

General Miles took no part in the negotiations. He has been careful since his arrival here not to assume the direction of affairs, or to detract in the least from the glory of General Shafter's achievement. General Shafter insisted at the outset that the commissioners to be appointed should have paramount authority to make and conclude the terms of surrender, in accordance with the general conditions of our demands. After parleying General Toral acceded to this, explaining that since his last communication he has received direct authority from Captain General Blanco to do so. This being the main point, the interview was soon concluded.

Shafter Compliments Toral. Before parting General Shafter complimented General Toral highly upon the skill and gallantry of his resistance. Upon the return to General Wheeler's headquarters the news of our complete victory was communicated to General Lawton and to General Kent and to the brigade commanders. A scene of general rejoicing followed.

General Shafter held a regular levee before he dismounted, and was con-

### TORAL MAY BE COURT-MARTIALED.

Special to EVENING HERALD.

Madrid, July 16.—Prime Minister Sagasta says that neither the Government nor Captain-General Blanco had anything to do with the surrender of Santiago. Gen. Toral is entirely responsible for the capitulation of the city. The Government, he added, was not aware of the terms on which the surrender was made.

Gen. Correa, Minister of War, says that the capitulation had not occurred. He said he had received a message from Gen. Toral consulting him as to the bases of a possible surrender. Gen. Correa hinted that General Toral would be court-martialed if he had surrendered. He has certainly not been empowered to surrender any troops but his own command.

### SUPPLIES AT CHICKAMAUGA.

Enormous Quantities Issued by Quartermaster's Department.

Chickamauga, Ga., July 16.—Since the soldiers have been encamped here no less than from \$3,000,000 to \$5,000,000 worth of quartermaster's supplies have been issued the various commands by Captain McCarthy. This does not include the enormous amount of clothing and equipment handed through the office of Captain Zalkmski, in charge of those supplies, as a separate department of the quartermaster's department.

From official figures furnished by the quartermaster it is seen that at least \$1,000,000 worth of stock has been handled since the mobilization of General Brooke's vast army. There are now over 10,000 head of stock scattered over the great military camp. There are 10,000 head of cavalry, two extra troops of cavalry and about 35 batteries of artillery and several hundred thousand horses are attached to the commands, while the remainder are used as wagon and ambulance trains and officers' mounts. This stock consumes an enormous amount of forage in a month, much more than could be furnished in this section alone. The records for 30 days show that no less than 1,500,000 pounds of oats and 4,500,000 pounds of hay have been consumed.

Among other interesting statistics shown at the quartermaster's office are those indicating the amount of cord wood burned in 30 days. The records indicate that over 5,000 cords of heavy timber is burned each month used for cooking purposes exclusively. This wood is shipped into Camp Thomas by the railroad.

Wagon load after wagon load of surplus baggage is now being packed at Camp Thomas and turned over to the quartermaster's department for safe keeping. This includes extra overcoats, blankets and other clothing and equipment belonging to various states, as well as all kinds of personal property belonging to the soldiers. After the war is over this property will be turned over to the men to whom it belongs.

### FUNERAL OF GEORGE PILLINGER.

Four Clergymen and Two Choirs Particulate in the Ceremonies—The Funerals of Mrs. Scheider and Mrs. Hanly Also Took Place To-day.

One of the most imposing funeral displays seen in this town in many years was that attending the obsequies of George Pillinger, who was killed by a fall of coal in Packer No. 4 colliery on Thursday morning. The funeral took place at 9 o'clock this afternoon from the family residence at 312 West Lloyd street. There was an immense gathering of people at the residence and church, including the members of the True American Iovites Lodge, Antiochian Castle No. 74, Knights of the Golden Eagle, and J. W. Stokes Lodge No. 518, I. O. O. F., and also the choir of the Galvary Baptist and Methodist Episcopal churches. J. P. Williams and son were the funeral directors.

As the cortege moved from the Galvary Baptist church to the cemetery, it was headed by the choir and the old-fashioned custom of singing hymns along the way was revived, making an impressive effect. The attendees were so large that many people were unable to gain admittance to the church. The remains rested in a handsome cloth-covered casket before the church and about it were grouped many beautiful floral offerings, among them designs from the deceased's men's bible class, the ladies of the church, the choir, and the Young People's Union, all of which recognize in Mr. Pillinger's death the loss of a valuable instructor and helper.

The services were conducted by Rev. R. R. Albion, pastor of the Galvary Baptist church, assisted by Rev. D. L. Evans, of the First Baptist church; Rev. James Moore, of the Primitive Methodist church; and Rev. Killian, of the English Baptist church of Mahanoy City. All were intimate acquaintances of the deceased and during the impressive services he was frequently eulogized. The remains were interred in the Old Fellows' cemetery. The pall bearers, services were also held. The pall bearers were Messrs. John Bunn, James H. Morgan, Samuel Davis, and a member from each of the three secret societies in attendance.

The funeral of Mrs. Catherine Scheider, took place this morning from the residence of her son, Joseph, on East Chestnut street. The remains were escorted by members of the Rosary Society and a large number of relatives and friends to the church of the Holy Family, where high mass was celebrated. Interment was made in the Annunciation cemetery. Messrs. George Floppert, Jacob Noll, Peter Beck, Martin Helsenbender, Michael Peters and John Post were the pall bearers.

The funeral of Mary, widow of Patrick Hanly, took place from her late residence on South Howard street this morning and many relatives and friends followed the remains to the Annunciation church, where high mass was celebrated at nine o'clock. The remains were interred in the Annunciation cemetery.

James McCormick, of Lost Creek, was buried this morning. High mass was celebrated in St. Mary Magdalene church at Lost Creek, and interment took place in St. Joseph's cemetery at Girardville. The attendance at the funeral was large.
