### PEACE MUST COME.

Madrid to Open Negotiations Without Dalay.

ANY REASONABLE PROPOSALS

And Renunciation of All Rights Over Cuba-Ministers of Foreign Affairs and Public Instruction Have Been Appointed to Conduct Negotiations.

London, July 16 .- The Madrid correspondent of The Dally Telegraph says: "The government has definitely decided to open peace negotiations without delay, proposing as a basis the renunciation of all rights over Cuba and the immediate discussion of any other 'reasonable proposals' the United

States may make.
"The reports that an armed Carlist band has made its appearance in the neighborhood of Leon are unfounded. Neither in that district nor in the province of Catalonia has public dissatisfaction culminated in any violent or lawless acts. It is rumored here that the government intends, among other pacificatory plans to appoint Lieutenant General Weyler as captain general of Catalonia.

"Although I have not spoken to him on the subject, I feel convinced that under present conditions he would not feel justified in accepting the position. Informal negotiations for peace are continuing. The government, it is reported, received yesterday a long dis-patch in cipher containing the results up to date."

Madrid correspondent of The Daily Mail says: "Despite the official denials, it is strongly suspected that preliminary negotiations for peace are already under way in the shape of indirect inquiries regarding the terms of America which Spain might accept. It is asserted that M. Cambon, the French ambassador at Washington, and Sir Henry Drummond-Wolff, British ambassader at Madrid, are acting respectively on behalf of Spain and America, in the conduct of Inquiri s which at present are quite informal. "Duke Almodovar de Rio, minister of foreign affairs, and Senor Gamazo, minister of public instruction and public works, have been appointed by the government to conduct the negotiations. Senor Gamazo said to a news paper representative: 'I cannot talk on the subject, as any indiscretion might spoil the work and create difficulties
