How would the name of "Yanko-Spauko" do for the present war? It seems appropriate.

According to a medical journal slow eating is as bad as fast eating. What about no eating at all?

In proportion to population Texas has furnished more troops for the war than any other state.

The anthracite output which was originally fixed at 3,000,000 tons for July, has been decreased to 2,500,000 tons.

The owners of the Royal Baking Powder Company lately refused \$12,000,000 for the concern, a business built up and fostered by persistent advertising.

The Hazleton papers are again becoming the new Quay county. The indications are it will meet the same fate it did in the last legislature.

It is said that Spain had a chance to sell the Philippines for \$200,000,000. The fact that she once had a chance to get about the same price for Cuba indicates that Spain is addicted to the habit of letting goods spoil on her hands.

COMMODORE WATSON is preparing to give the Spaniards battle near home, while our own Senator Watson has opened the political battle against the convention manipulators and hoodlums.

JUDGE SULZBERGER, of Philadelphia, says "the course of events already foreshadowed indicates that a tremendous movement of western civilization toward eastern Asia will soon begin, and all the petty politics of the last fifty years will be wiped out by the consequences of such a movement."

A PROMINENT celebrated lawyer, after ten years of married life, divorced his wife and married her seamstress. Then he divorced the seamstress and remarried his first wife. In less than a year they were again divorced, and now he has married the seamstress once more. He should vary the monotony and marry the landlady next time.

RED-HEADED and hopeful Tom Cooper, of Delaware county, is in an unpleasant frame of mind because Senator Quay has interfered in the Congressional fight in that district. The Senator has been appealed to, it is said, by Czar Brumm to compel the Republicans of this district to renominate him. We doubt if the Senator will care to tackle such a big hopeless job.

THE friends of certain candidates have requested us to say a good word for their favorites, thus recognizing the merits of the HERALD as a medium of public communication. Nevertheless, we beg to inform all such that we are not conducting a newspaper for the benefit of our health, nor to boost individuals to lucrative positions.

SPEAKING of the Democratic nominee for Judge, the editor of the Hazleton Telegraph, who was a former resident of this county, and knows whereof he speaks, says: "The right of Democrats to nominate a candidate cannot be questioned, but when a tool like Wm. A. Marr is forced upon the voters there is ground for kicking. Marr is a corporationist and the worst specimen Schuykill can produce."

SCHUYKILL county is well represented in the ranks of the volunteers, and the bravery of our soldier boys is being attested almost daily.

and wife should know about the preparation that for half a century has been helping expectant mothers bring little ones into the world without danger and the hundred and one discomforts and distractions incident to child-birth. It is applied externally, which is the only way to get relief. Medicines taken internally will not help and may result in harm.

Yellow Yandice Cured. Suffering humanity should be supplied with every means possible for its relief. It is such pleasure to publish the following: "This is to certify that I was a terrible sufferer from Yellow Jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bites, and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky."

INSTRUCTIONS TO SHAFTER

don't know that now, or to create such new or supplementary tribunals as may be necessary. In the exercise of these high powers the commander must be aided by his judgment and his experience, and a high sense of justice.

The real property of the state he may hold and administer, at the same time enjoying the revenues thereof, but he is not to destroy it save in the case of military necessity. All public means of transportation, such as telegraph lines, cables, railways and boats, and all arms and supplies and other movable property of such government may be seized by the military occupant and converted to his own use.

When it is found to be the right of the conqueror to levy contributions upon the enemy in their seaports, towns or provinces which may be in his military possession by conquest, and to apply the proceeds to defray the expense of the war, this right is to be exercised within such limitations that it may not be a source of oppression. As the result of military occupation the taxes and duties payable by the inhabitants to the former government become payable to the military occupant, unless he sees fit to substitute for them other rates or modes of contribution to the expense of the government. The money so collected is to be used for the purpose of paying the expenses of government under the military occupation, such as the salaries of the judges and the police, and for the payment of the expenses of the army.

Private property taken for the use of the army is to be paid for when possible, in cash at a fair valuation, and when payment in cash is not possible receipts are to be given.

All ports and places in Cuba which may be in the actual possession of our land and naval forces will be opened to the commerce of neutral nations, as well as our own, in articles as contraband of war, upon payment of the prescribed rates of duty which may be in force at the time of the importation."

HOAR'S SHARP CRITICISM. Vigorously Attacks the Statements of Professor Norton.

Boston, July 19.—Prof. Charles Eliot Norton, formerly of Harvard college, in reply to Senator Hoar, who attacked the professor in an address recently at the opening of the Clark university summer school, makes public a statement in which he says:

"I did say to the youth of this university that the war with Spain was 'indefinite,' and as it was for the accomplishment of ends unnecessary to us as a nation it was 'needless,' and consequently 'criminal,' that all Americans had their lives at the service of the country, but that the best cared-for citizen, whether he be a soldier or a farmer, they could make of themselves in his service was to enlist in such a war. I see no reason to change these opinions and this advice."

Senator Hoar, in an open letter to Norton from his home in Worcester, makes the following reply to the professor's last statement:

"All lovers of Harvard and all lovers of the country have felt for a long time that your relations to the university made the influence bad for the college and bad for the youth of the country. It is not surprising that somebody should say what I have said. I could easily, from my own memory and from the report of persons who have met you on social occasions, point out many utterances quite as deserving of severe reproof as those to which I have referred. I am afraid that the habit of bitter and sneering speech about persons and public affairs has so grown upon you that you do not yourself know always what you say. It is not in anybody's power to do you injustice but yourself."

"I owe my whole life to Burdock Blood Bitters. Scrofulous sores covered my body. I seemed beyond cure. B. B. B. has made me a perfectly well woman." Mrs. Charles Hutton, Berville, Mich.

Reported Bombardment of Manzanillo. London, July 19.—A special dispatch from Havana, dated Monday, says: "Seven American warships heavily bombarded Manzanillo this morning. Three steamers of the Menendez line were set on fire. Several gunboats that were in the harbor issued for the defense of the town, but were stranded. The result of the bombardment is not yet known here."

Colonel Bryan Out to the Front. Omaha, July 19.—Colonel William J. Bryan's regiment, the Third Nebraska, has at last started for the front, and the late presidential candidate is now on the Burlington road en route to Jacksonville, where the regiment will be under the command of General Fitzhugh Lee. Colonel Bryan, his staff and the Second battalion of Manila, which started over the Burlington road, and will be transferred to the Illinois Central, the Nashville, Chattanooga and St. Louis, the Central of Georgia and the Plant system. The Third battalion went west over the Rock Island. The First battalion is at Louisville. The regiment will be reunited at Nashville.

HALTED THE IRENE. Admiral Dewey Refused to Allow the German Cruiser to Enter the Harbor of Manila.

London, July 19.—The Hong Kong correspondent of the Daily Mail says: "United States Consul Wilman informs me that as the German cruiser Irene was passing Mariveles, off Manila, the other day, the United States gunboat Hugh McCulloch was sent after her to ask her to stop. As the Irene refused to obey a signal was sent across her bow, and a small boat went to discover what she was doing. The German admiral protested and insisted that German ships had a right to enter the harbor without being searched, a claim which Admiral Dewey declined to recognize."

"It is reported that Admiral Von Diederichs, who is in command of the German squadron at Manila, interviewed Captain Chester, of the British cruiser Immortalis, as to what he would do if the Germans interfered with the bombardment of Manila. Captain Chester replied that only Admiral Dewey and himself knew that."

THE REAL CAUSE

Many physicians do not seem to know that the real cause of the weakness of many women is to be found in disordered Kidneys and Bladder. They erroneously treat women for "female troubles," and their medicine does not reach the affected parts at all. The other day the New York papers recorded the death of a woman who died of Kidney trouble and had been treated for "female disease." If she had taken Dr. David Kennedy's Favorite Remedy she would be alive and well now.

Unnatural drains, bearing-down feelings, pain in the back, frequent desire to urinate, a sediment in the urine, pain in passing water—all these are signs of Kidney Trouble. Favorite Remedy will overcome them and restore health and strength. Your druggist has it for sale at \$1 for a large bottle.

SAMPLE BOTTLE FREE.—All men and women who suffer from Kidney, Liver and Bladder Disorders should send name and address to the Dr. David Kennedy Corporation, Rondout, N. Y., when a sample bottle and pamphlet will be mailed free. Mention this paper when you write. Don't delay with a dangerous malady like Kidney Disease; life is too valuable to be thrown away.

THE CARLISTS ACTIVE.

Secretly Placing Stores, Arms and Ammunition Along the French Side of Spain's Frontier. London, July 19.—The Madrid correspondent of The Daily Mail says: "It is well known here that for some time past the Carlists have been secretly placing stores of arms and ammunition in many of the smaller towns along the French side of the frontier. When the signal for a Carlist rising is given the taking of these supplies and munitions of war across the frontier will occupy at the most a single night, as the men are ready and know where they must go to receive arms and equipments."

"The Basque provinces seem very quiet, but this is explained by the fact that the orders of Don Carlos are most stringent in the sense that nothing must be attempted until he gives the signal, when the rising is to be general."

"The government has increased measures of precaution to nip in the bud any attempt of the kind. During the last few days more troops have arrived at Tolosa and Vergara, two points of strategic importance in the last civil war. The signal for the rising will probably be given in the country between Catalonia and Valencia, and in Navarre, where Don Carlos has his most fanatical partisans. The Basque provinces would follow when the gathering there shall have been worked up by the necessity of sending troops to fight the Carlists in Navarre."
