The Captain General Replied That He Must Resist, However Hopeless the Spanish Cause-Insurgents Growing Impatient Over the Delay.

Hong Kong, July 19 .- The following advices have just ben received from Manila, under date of July 13: An important interview has just been

held between General Aguinaldo's secretary, Legarda, and a prominent na-tive white man, and the Spanish commander, Captain General Augustin. The insurgents' representatives urged General Augustin to surrender the city, asserting that 50,000 insurgents surrounded Manila and were able to enter it at any time. Thus far, they added, the insurgents had been restrained with difficulty, but if the Spaniards continued stubborn the result would be that the insurgents would be compelled to bombard and storm the city, "with the inevitable slaughter, unparalleled in history, because in the excitement of battle they cannot discriminate. Continuing, the captain general's visitors advised him to disregard the of-ficial fictions regarding alleged Spanish victories in Cuba and reinforce-ments coming to the Philippines PERSONALLY-CONDUCTED TOUR VIA PENNislands, and proposed a reconcillation between the Spaniards and the Philippinos, under a republic flag, and a joint endeavor to persuade the Americans to abandon hostilities in the Phil-ippine Islands. Finally, the representatives of the insurgents proposed an ap-peal to the powers to recognize the independence of the Philippine Islands. The captain general replied that he plain and George, Saratoga, and a daylight Spanish cause.
