GEN. GARCIA LEAVES SANTIAGO IN ANGER!

It is Reported the Cuban General Has Gone
to Confer With General Gomez as
to Shafter's Orders.

SPANIARDS ATTACK THE NATIVES.

Special to EVENING HERALD.
St. Thomas, July 20.—Serious riots have broken out at Mayaguez, on the island of Porto Rico, and further disturbances are anticipated by the authorities.

The Spaniards attacked the natives, whom they declared to be in sympathy with the Americans.

The number of killed and injured is not definitely known, but up to the present time nine natives are reported killed. There are scores of the natives wounded, many of them fatally.

GARCIA LEAVES SANTIAGO IN ANGER.

Special to EVENING HERALD.
New York, July 20.—A Santiago dispatch to the New York Journal says General Garcia has left Santiago in anger, and has gone to confer with General Gomez.

It has been known there was a coolness between the Americans and the Cuban soldiers ever since Gen. Shafter issued his decision not to allow the Cuban Junta to enter Santiago, and deep mutterings were heard from Garcia's men. The Cubans had confidently counted upon having Santiago turned over to them when their surrender, and their disappointment was keen when they were refused admission to the city.

No surprise, therefore, is manifested over the despatch saying that Gen. Garcia had departed in anger. The latter had already selected a military governor in the person of General Castillo.

The Washington government has at no time contemplated turning over the control of the island at once to the Cubans. On the contrary, it has been intended all along that the process should be a gradual one of putting the island wholly under the control of the insurgents.

It will be considerable time before this is done. Meanwhile, the system of military government will be applied just as it has now been inaugurated at Santiago.

HEAVY FIRING AT MANZANILLO.

Special to EVENING HERALD.
Havana, July 20.—The bombardment of Manzanillo by American warships lasted four hours. Three thousand five hundred projectiles were fired, after which the Americans withdrew. Three steamers of the Menendez line were destroyed. The gunboat Centinela was burned. Three Spaniards were killed and fourteen wounded. When Manzanillo falls all ports of any consequence in Santiago province will be in American hands.

MADRID AGREES TO SEEK PEACE.

Special to EVENING HERALD.
New York, July 20.—The Sun published a special despatch from Madrid saying that the Cabinet has unanimously agreed to seek peace. The despatch further says that it is significant that the censorship raised no objection to the despatch announcing that Spain would sue for peace.

States Delinquent on the Second Call.
Washington, July 20.—Fairly good progress has been made with the recruiting for the volunteer army under the president's second call for 75,000 troops. Indiana, Missouri, New Jersey, Rhode Island, West Virginia and Wisconsin have exceeded their quota, but all the others are behind in the supply of troops. The worst delinquent is North Carolina, which has furnished only 55 soldiers to meet its quota of 752.

Other delinquents are Colorado, Nebraska, Louisiana, Tennessee and Virginia, each of which has supplied less than half the number of men required. Alabama, Massachusetts, Arkansas, Georgia, Mississippi, Oregon and Texas have done very little better. The total strength of the army, regular and volunteer, is 227,000 as now organized.

Held for Conspiracy.
Joseph Miller was put under \$300 bail by Justice Shoemaker last night on a charge of conspiracy to waylay and beat Patrick Gibbons. Other parties were arrested on a similar charge made by Gibbons several days ago. Miller's arrest was delayed because his name and address were not known.

WATER IS PRECIOUS!

The Authorities Appeal For Strict Economy in Its Use.
HEAVY RAINS ARE MUCH NEEDED
If They Do Not Soon Come, the Water Superintendent Says, the Supply May be Reduced to Two Hours a Day. Pumping is Restricted.

It is of the utmost importance that the people of the town use the greatest economy in the use of water, as the supply at hand is so short that it cannot be otherwise in charge. No little apprehension. Each citizen in guarding against waste will guard against a danger threatening himself and his family. This warning is not given as the outcome of theorizing on the part of alarmists, but is based upon cold facts that present themselves in strong array and demand consideration. Water Superintendent Bell stated today that the water supply is almost as low as it can be without assuming famine form and the people must observe strict economy during the hours the supply is turned on, or expect to suffer.

Mr. Bell adds that unless we soon have a series of heavy rains the supply will be cut down to two hours in every twenty-four within two or three weeks. The pumping of water from the Brandonville station has been cut down to the same schedule as the supply has been reduced. There are two reasons for this. First, the condition of the Brandonville reservoir is such that the water greatly lowered with but few hours' pumping. Secondly, it is not good policy to pump much water over to this city at an expense in amount of the leaky condition of the reservoir at Fowler's Run. A point is made to keep a sufficient supply on hand between the periods of consumption for use in the town in case of fire. The pumps at Brandonville are now operated only from 3 to 9 a. m. and from 7 to 9 p. m. The town is supplied with water from 8 to 9 a. m. and 4 to 6 p. m.

This is the condition of affairs that confronts the people and they should not neglect to exercise the greatest economy with water when it is their privilege to make use of it. To-morrow meeting of the Borough Council, and no doubt the water problem will receive considerable attention, as the water committee was instructed at the last meeting to have a recommendation ready. There is no doubt that some arrangement can be made whereby the borough will secure relief by purchasing a supply, but the people must not look forward to such a result with expectations of immediate relief. Should such an arrangement be made they will be as much bound in duty to themselves, to exercise economy as at the present time. Each thousand gallons of water purchased will mean an auxiliary expenditure on the water department accounts, hence a step toward increased expenses if abuse of privileges is resorted to. The Borough Council is, therefore, eager that during the season of drought the citizens practice self denial to some degree.

Woman Held For Larceny.
Maggie Morgan, a middle-aged woman of town, was arraigned before Justice Shoemaker this afternoon on a charge of larceny made by William Frank of Manzanillo. She was held for trial. The warrant in the case was issued last April, but the woman remained away from town and was not arrested until today. She denied the charge. Frank is a constable of Manzanillo. He says he met the woman in a saloon on South Main street, and, picking his pocket, she stole from him a gold watch valued at forty dollars.

Monthly Smoker.
The members of General Harrison Lodge No. 221, Knights of Pythias, held their monthly smoker in the lodge room last evening after the regular business, and had a very enjoyable time. A feature of the program was the appearance of the Viola Mandolin Club, comprising Messrs. Daniel Geris, Sarah Davis, Charles Herman, and William B. Johnson, mandolinists; A. H. Herman and John Smith, guitarists, and William T. Ryan, violinist. A number of selections were rendered in a manner that provoked hearty applause. There were also organ and guitar selections by Prof. E. L. ... of Wm. Penn, and Dr. E. M. Fetzer, singing by the lodge and remarks by several of the members.
