Orders to Move to the Front Greeted With Cheers.

THE MOVEMENT ALREADY BEGUN

The Fourth Pennsylvania, the Fourth Ohio and Third Illinois Regiments Leave For Newport News, En Route For Porto Rico.

Chickamauga Park, Ga., July 22.-It now looks as if at least two-thirds of the troops at Camp Thomas are to be ordered to Porto Rico under General Brooks. The movement began this morning, when the Second brigade of the First division, First corps, com-manded by Brigadier General Haines, left for Newport News. The regiments Main street, says: "I was very miscrable all Third Illinois and Fourth Pennsylthe winter of 1897, and had trouble all the vania. The order to move, received fast time with my back and kidneys. I felt sharp evening, was greeted with the wildest enthusiasm. The regiments of the brigade joined in the yells of frantic delight and the regimental bands dis-

The Happy Now

Compared with The Melancholy Past.

MRS, CHAS, LA POINT.

It's the old, old story, told over and over again since the dawn of creation. The story of the heart. It's a theme that never wearies. And yet the saddest stories of the heart are those of its disorders. It has been the most neglected organ in the body. There are thousands of cases of heart disease that never receive the proper treatment. The average doctor knows little of the heart, and treats the cases presented to him, as some other disorder and in this manner, patients, instead of being cured, are made worse.

The testimony of the lady whose portrait appears above is pertinent. Dr. Miles' discoveries, relating to the heart and nerves, mark a new era in the treatment of disorders of these most vital organs. Heart disease, formerly considered beyond the pale of medical aid, has at last yielded the victory to Dr. Miles' New Heart Cure. The reports received by Dr. Miles' Medical Co., of cases where special advice is asked, show conclusively that in a majority of cases complete cures follow the faithful use of Dr. Miles' Restorative Remedies. The few failures are generally due to neglience on the part of the patient in not taking the remedies as directed.

the part of the patient in not taking the remedies as directed.

"A severe attack of typhoid fever left me with heart trouble of the most serious nature. Nothing the doctors gave me seemed to have any effect. They gave the very strongest of heart medicines, but to no avail. I had severe pains in the region of the heart, and was unable to sleep or lie on my left side for more than three minutes at a time without great pain. My heart seemed to miss beats, and I had smothering spells, in which it seemed every breath would be the last I should draw on earth.

We accidentally heard of Dr. Miles' New Heart Cure and Restorative Nervine, and as a last resort we purchased a bottle of each. After taking the remedies a week, I could be lifted in a chair and sit up an hour. In two weeks I could walk about, and in a short time I was able to do light housework and I am now well along on the road to health.

I shall be ever grateful to you for your wonderful medicines and will praise them to everyone I know. Truly they saved my life. Hoping every me who uses Dr. Miles Remedies will derive the same benefit that I have, I remain."
