It is unfortunate, in more ways than one, that Mr. Ploppert abandoned his suit. The salary that an auditor is legally entitled to has been a bone of contention in Council for many years, and each succeeding year the auditors present an increased amount, until it has now reached the high-water mark of \$83.00, while the same auditors charge the School Board but \$10.00. Pottsville pays its three auditors but \$60,00, and the Shenandoah auditors demand \$239, and next year would probably increase that amount unless the Borough Council takes a determined stand, as they properly did on Thurs-

No auditor can legally charge the borough for time occupied in his private business, neither is it just that they should receive \$239.00 for work which they paid a competent accountant but \$30,00 to do, while cars in position. the auditors puffed at ten cent Hayanas or were engaged in their private business affairs.

For these reasons it is unfortunate that Mr. Ploppert abandoned his suit and refused to allow the case to go to court. There are many things connected with the audit that would have been brought to the attention of the court, and would have clearly shown that the auditors are reform ers only when they are not financially interested.

Mr. Ploppert is a reformer that doesn't reform.
