

NO FALSE RETURNS.

Here are Plain Facts Endorsed by Mrs. J. Jones, who Resides on 218 South Jardin Street.

Few people will admit failure where there is a chance for argument. Many people claim success when no one rises to dispute it. What we want to do is to place our claims where doubt is out of the question. We are doing this every day and thousands of people are beginning to appreciate it. Now, to get right down to the point, everybody knows that there is many an aching back, many a lame and painful one, the suffering from which makes life a burden, but finding tried so many remedies the sufferer not having success, looks upon all the skeptics who profess to have a cure with all the skepticism of a skeptic. And yet one more struggle with the right ally and the back is free. Others have done it right here in Shenandoah, why not you? Read what Mrs. Jones says.

"I had been troubled for a long time with pains across my loins and a lingering lameness in my back. There was also a distress in my head which I was sure also arose from my kidneys being out of order. Reading accounts of Doan's Kidney Pills and the many cures they were making induced me to get them from Kirlin's Pharmacy. I had not taken many doses when I found an improvement in my condition and I was soon freed from the pains and the intense lameness I suffered from before. I am now sleeping well and feel generally invigorated. My head is cleared and I am not tired all the time as I used to be. I have no hesitancy in recommending Doan's Kidney Pills. They are most effective and cause no inconvenience whatever, while taking them."

Doan's Ointment for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no substitute.

SHAFER'S TRIBUTE

To the Brave Men Whose Valor Conquered Santiago.

THEIR REMARKABLE FORTITUDE

The Commanding General Declares That the Bravery of the Troops of His Command Have Been Rivalled Upon But Few Occasions in History.

Santiago de Cuba, July 25.—Following is Major General Shaffer's order just published: "The successful accomplishment of the campaign against Santiago, resulting in its downfall and the surrender of the Spanish forces and the capture of large amounts of military stores, together with the destruction of the entire Spanish fleet in the harbor, which, upon the investment of the city, was forced to leave, is one of which this army can well be proud. This has been accomplished through the heroic deeds of the army, and to its officers and men the major general commanding offers his sincere thanks for their endurance of hardships heretofore unknown in the American army. The work you have accomplished may well appeal to the pride of your countrymen, and has been rivalled upon but few occasions in the world's history. "Looking upon an unknown coast, you faced dangers in disembarking and overcame obstacles that, even in looking back, seem insurmountable. Setting, with the assistance of the navy, the towns of Baiquiri and Siboney, you pushed boldly forth, gallantly driving back the enemy's outpost in the engagement of La Quasima, and completed the concentration of the Spanish near Sevilla within sight of the enemy stronghold at Santiago de Cuba. The outlook from Sevilla was one that might have appalled the stoutest hearted. Behind you ran a narrow road, made well nigh impassable by rains, while to the front you looked upon high foothills covered with a dense tropical growth, which could only be traversed by bridge paths terminating within range of the enemy's guns. "Nothing daunted, you responded eagerly to the order to close upon the foe, and attacking in force and San Juan, drove him from work to work until he took refuge within his last and strongest entrenchments, immediately surrounding the city. "Despite the heat and rain of a southern sun and rains that fell in torrents, you valiantly withstood his attempts to drive you from the position your valor had won, holding in your vice like grip the army opposed to you, after 14 days of battle and siege you were repulsed by the surrender of nearly 23,000 prisoners, 12,000 being those in your immediate front, the others scattered in the various towns of eastern Cuba, freeing completely the eastern part of the island from Spanish troops. "This was not done without great sacrifices. The death of 230 officers and soldiers and the wounding of 1,294 others shows but too plainly the fierce contest in which you were engaged. The few reported missing are undoubtedly among the dead, as no prisoners were taken. "For those who have fallen in battle with you, the commanding general sorrows, and with you, will ever cherish their memory. Their devotion to duty sets a high example of courage and patriotism to our fellow countrymen. All who have participated in the campaign, by the aid of the committee of Cuba will receive with pride the grand deeds accomplished, and will hold one another dear for having shared in the suffering, hardships and triumphs together. All may well feel proud to inscribe on their banners the name of Santiago de Cuba."

August 5. Alarming Telegram. London, July 25.—A special dispatch from Madrid says that General August Kenney, captain general of the Philippines, has telegraphed to the government as follows: "The Americans are about to attack Manila. Grave events are impending."

Kenney July Still Out. Wilmington, Del., July 25.—No verdict was rendered yesterday by the jury in the case of United States Senator Kenney, who is charged with aiding and abetting Tiger Rogers in the embroilment of the funds of the First National bank of Dover. The jury retired on Friday. Judge Bradford went to the court house yesterday afternoon and again last evening, but received no word from the jury. It is said they stand ten for acquittal and two for conviction.

Bob Moore, of LaFayette, Ind., says that for constipation he has found DeWitt's Little Early Biscuits to be perfect. They never gripe. Try them for stomach and liver troubles. C. H. Hagenbach.

LIVE STOCK MARKETS. Cattle Receipts in Philadelphia and the Latest Quotations. Philadelphia, July 25.—The receipts of cattle in this city last week were as follows: Horses, 2,880; sheep, 7,560; hogs, 4,151. Receipts for the previous week were: Horses, 2,520; sheep, 6,960; hogs, 4,821.

These receipts were in larger supply, and with only a fair demand prices of common grades were lower. We quote: Extra, \$4.00; good, \$3.75; medium, \$3.50; common, \$3.25; lambs, \$2.00; hogs were active and firm at \$3.60 for best western and \$3.40 for others. Fat cows were in fair demand at \$3.00. These were in moderate request at \$10.25.

Veal calves were rather inactive at \$4.00. These were unchanged at \$5.50. Dressed hogs sold from \$2.50 to \$3.00. Builds up the system; puts pure, rich blood in the veins; makes men and women strong and healthy. Bardsack Blood Bitters. At any drug store.

Harrisburg Councilman Drowned. Harrisburg, July 25.—Wood K. Schaffer, a member of select council, fell out of a boat and was drowned near his summer residence at Aqueduct yesterday afternoon. Mr. Schaffer was subject to fainting spells, and it is thought he had one while rowing and was unable to help himself when he fell in the river. He was about 40 years old, and was active in Republican politics.

Praise for Medicine that Cures

After all Other Remedies Fail Dr. Miles' New Heart Cure Restores to Health.

FOR 67 years Mr. Howard Morgan has made Waterburg, N. Y., his home. He is known throughout that section as an honest and upright citizen, and his word is as good as his note. With these qualities combined with industry and a shrewd business tact, Mr. Morgan has accumulated a comfortable fortune. He has an ideal farm home, and fortunate indeed is the stranger who may chance to seek its hospitable shelter. For a number of years past Mr. Morgan has been afflicted with heart trouble, a disease so prevalent that it affects one fourth of our entire people. Read what he says: "I had what the doctors called 'sympathetic heart trouble, shortness of breath, oppressed feeling in chest, sharp pains in left side and shoulder, weak spells as if I would faint. These made me most miserable. I was unable to do even light work, or exert myself in the least without becoming exhausted. I was treated by our local physicians, but seemed to get no better. Finally I began taking Dr. Miles' New Heart Cure and before the first bottle was half gone I could see that I improved. After using a number of bottles I was completely restored to health. Words cannot express my feeling of gratitude that this great medicine should have been placed within my reach. My wife has taken Dr. Miles' Nervine with the best of results, and she thinks it has no equal to soothe the tired and weak nerves. We both take pleasure in recommending Dr. Miles Restorative Remedies whenever we hear of anyone afflicted as we have been, and we shall continue to do so for we know your medicine has true curative merits."

THE discovery and announcement by Dr. Franklin Miles, that the health of the whole or any part of the body depends upon the state of the nervous system very much more than upon anything else, has been received by any of our most eminent physicians as scientifically correct. There are many others in the profession, who through ignorance or prejudice or both, still refuse to accept the more modern theory, but continue to treat the kidneys or other organs with nostrums which irritate, excite and inflame them beyond their strength, while the heart and brain are starved for proper nourishment. Dr. Miles' Restorative the lost energies of life and build up the system quicker and better and stronger than any other known medicines. We are glad to hear from our old friend, Dr. M. W. Shepard of Plant City, Fla. He writes: "I have used the Dr. Miles New Heart Cure and the Restorative Nervine for nearly three years with the best of results, and shall continue to use them when required. I am particularly pleased with results from it in the treatment of insomnia and nervous prostration that are truly marvelous. I have also used your Anti-Pain Pills and find they are the best thing I ever tried for headache and neuralgia."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee first bottle benefits or money refunded. Book on the heart and nerves sent free on request by the Dr. Miles Medical Co., Elkhart, Ind.

OUR FUTURE POLICY To Be Discussed at a Convention in Saratoga Next Month. Chicago, Ill., July 25.—The Civic Federation of Chicago last night gave out a call for a national conference to be held at Saratoga Springs, N. Y., Aug. 19 and 20, to discuss the future policy of the United States. The call is signed by over a thousand representative men from every state in the Union. The call says: "The undersigned do hereby declare that a national conference should be called at an early day to consider the future foreign policy of the United States. The war with Spain gives promise of the overthrow of Spanish power in Cuba, Porto Rico, the Philippines and other colonial possessions of that country. The question of what disposition the United States should make of these possessions impresses us as being one of the most serious the American people have had to consider. Whether the policy of the 'Father' should be adhered to or departed from is enough to challenge the most serious consideration of our ablest and most thoughtful men."

"The circular letter sent by Chairman Henry Wade Rogers and Secretary Ralph M. Eschey, asking for signatures, stated that neither the genesis nor conduct of the war would be discussed, nor any political question in the proceedings, the object being entirely educational. The signers consist of gentlemen, mayors, presidents of boards of trade, presidents of colleges, lawyers, presidents of banks, labor leaders, leading clergymen and manufacturers. While only individual names were asked for, a great many organizations authorized their presidents to sign officially. How to Look Good. Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver is inactive, you have a bilious look; if your stomach is disordered, you have a dyspeptic look; if your kidneys are affected, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alternative and Tonic. Acts directly on the stomach, liver and kidneys. Purifies the blood, cures pimples, blotches and gives a good complexion. Every bottle guaranteed. Sold at A. Wasley's drug store. 50 cents per bottle. Cuban Invasion Victory. Madrid, July 25.—A telegram from Havana reports that the insurgents attacked Gibraltar on the north coast of the province of Santiago de Cuba, and that the garrison, after a severe fight, evacuated the place. Many of the insurgents were killed. The dispatch also reports that a force of Americans landed at Tayabacoa and the warships shelled Tayabacoa. One of nature's remedies; cannot harm the weakest constitution; never fails to remove summer complaints of young or old. Dr. Fowler's Extract of Wild Strawberry. Little Yellow Fever in Shaffer's Army. Washington, July 25.—A dispatch received last night from General Shaffer says that 236 new cases of fever of all classes were reported in his camp before Santiago. The medical officers of the camp have indicated the existence of the fever by a very large number of cases of fever known to exist in camp, the war authorities are more than ever inclined to the belief that the cases of yellow fever are of a mild type. The 236 dispatch reports from General Shaffer and the medical officers of his camp have indicated the existence of the fever by a very large number of cases of fever known to exist in camp, the war authorities are more than ever inclined to the belief that the cases of yellow fever are of a mild type.
