CABINET FRAMING
THE ULTIMATUM.

Special to EVENING HERALD.

Washington, July 29.—President McKinley and the Cabinet are in session this afternoon considering the reply to be made to Spain's request for the terms upon which peace can be made with the United States. The answer will probably be framed this afternoon.

It is certain that Spain must give up Cuba and Porto Rico. The Administration believes Spain will accept the terms the Cabinet will decide upon.

OUR TERMS FOR
PEACE WITH SPAIN

Special to EVENING HERALD.

Washington, July 29, p. m.—President McKinley and the cabinet reached the following decision on a reply to Spain's request for terms of peace:

Absolute surrender of Porto Rico. Recognition of independence for Cuba. Cession of the Ladrone Islands.

At least a coaling station at the Philippine Islands.

At 1:30 o'clock this afternoon the Cabinet adjourned until 3:30 o'clock.

The answer will be in the nature of an ultimatum.

No mention of money indemnity will be made.

There will be no armistice.

PONCE SURRENDERED
WITHOUT OPPOSITION

Special to EVENING HERALD.

St. Thomas, July 29.—Port of Ponce, Porto Rico, surrendered to the forces of Commander Davis. No resistance was offered.

THE ST. PAUL SAILS
FOR PORTO RICO

Special to EVENING HERALD.

Newport News, July 29.—The auxiliary cruiser St. Paul, having on board the Fourth Ohio regiment, which failed to get away with the main body of General Brooke's expedition yesterday afternoon, sailed for Porto Rico this morning. She will soon overtake the other vessels of the expedition.

MADRID DISCUSSES
THE PEACE TERMS.

Special to EVENING HERALD.

London, July 29.—A Madrid dispatch says that Gen. Weyler has declared he will not oppose the negotiations for peace. It can be authoritatively stated that Spain is prepared to cede Cuba to an American protectorate, concede the possession of Porto Rico to the United States, and a suitable coaling station in the Philippines. The belief prevails in Madrid that that is the demand of President McKinley, and that a cessation of hostilities is near at hand.

ADVISES SPAIN TO
ACCEPT THE TERMS.

Special to EVENING HERALD.

Vienna, July 29.—The supposed peace conditions are regarded here as somewhat hard, but it is recognized that Spain has no option but to submit. The Deutsche Zeitung says that the United States claims no more than the independence of Cuba under American protection, the surrender of Porto Rico and the Ladrone and the cession of a port or island of the Philippines Spain ought to hasten to agree. The United States would desire the thanks of all friends of peace if her demands extend no further than this.

HAS MANILA
SURRENDERED?

Special to EVENING HERALD.

Madrid, July 29.—Many of the leading statesmen of Spain have issued declarations in favor of peace. It is understood in official circles that peace negotiations, if entered upon, will be conducted from London, probably by Senor Moret.

The government has received a telegram announcing the surrender of Manila to the Americans.

Spain's Ships Go West.

Special to EVENING HERALD.

Gibraltar, July 29.—The United States Consul has lodged a protest with the Portuguese government against the stopping of the Spanish torpedo boats Halcou and Habana in Sines Bay. It is reported here that a Spanish cruiser and torpedo boat passed through the Straits yesterday going westward.

REGARDING THE PHILIPPINES

It Is Likely Our Government Will Relinquish the Islands, Retaining a Coaling Station, Though Strong Influences Are Urging an Independent Government—It May Be Necessary to Call a Special Session of the Senate.

Washington, July 29.—The terms which the United States government will find acceptable as a basis of peace are being reduced to form by Secretary Day, the president having reached a conclusion on their outlines. Although it was stated that no announcement of the position assumed by the United States in this matter would be forthcoming before it had been formally discussed in the cabinet today, there is the best reason to believe that, after the long conferences the president has had individually with the members of his cabinet, he has already made up his own mind, and that Secretary Day has even now practically reduced to form the reply that the United States government will make to the Spanish government's overture through Ambassador...

The time for their removal is limited to General Shafter, the only lieutenant to place a soldier's name on the list of the troops beyond the moment when it shall be safe for them to leave Santiago, having regard to the fever conditions. Meanwhile details are being made for garrison Santiago so long as it shall be found necessary to continue troops there. This force will be made up almost altogether of immunes.

BOURGOGNE'S CREW
ACCUSED OF MURDER.

Special to EVENING HERALD.

Paris, July 29.—The Matin, a conservative Paris, accuses the crew of the French steamer Bourgogne of murder, and publishes a startling interview with one of the passengers on the ill-fated ship. This shocking story of brutality and base cowardice on the part of the crew opens afresh the subject of the terrible disaster. The passenger says he saw women driven to death, while an engineer mourned that he had no revolver to shoot down passengers. The Bourgogne's crew, according to paper quoted, refused to save the lives of the passengers until threatened with drowning by the captain of the Cromartyshire, the other vessel in the collision.

It is further charged by the Matin that the Bourgogne is to blame for the collision. The French Minister of Marine, in view of these serious charges, has decided to order a fresh inquiry into the loss of the Bourgogne. If it is found that any of the crew failed of their duty they will be punished.

solved on peace many days ago and made known our resolutions to the United States government." It is discredited with great positiveness in those diplomatic quarters having the most intelligent knowledge of the situation.

SHAFTER'S WARRIORS
Will Be Removed as Soon as Possible to a Healthy Camp on Long Island.

Washington, July 29.—The war department last night posted the following dispatch from General Shafter showing the condition of his army for the 27th: Total sick, 4,122; total fever, 3,193; new cases fever, 822; cases of fever returned to duty, 542; deaths, 2—two from yellow fever.

Secretary Alger is deeply concerned over the welfare of the gallant troops under Shafter's command, now encamped on the outskirts of Santiago. The health reports show a surprisingly large number of cases of sickness, and many suppose the statement that these figures are misleading in a certain sense, and that the situation may not be nearly so bad as they would seem to indicate. The slightest ailment of the most temporary nature suffices to place a soldier's name on the sick reports, which in their present shape would not distinguish between such a case and one of mortal illness. The inference is that many of these cases in Shafter's camp are of a trivial nature, but go to swell its grand total of sick and wounded.

Notwithstanding this mitigating fact, Secretary Alger is going to remove the soldiers at the very earliest opportunity to a more healthful climate. The surgeon general a few days ago inspected a tract of land adjoining Montauk Point, L. I., which had been offered to the government as suitable for a large encampment. This tract is three miles square, contains an abundance of fresh water, a considerable lake, a bill 150 feet in height and many other sanitary advantages, including salt water bathing. The necessary orders to equip this as a camping ground for the battle-scarred veterans will go forward immediately.

The time for their removal is limited to General Shafter, the only lieutenant to place a soldier's name on the list of the troops beyond the moment when it shall be safe for them to leave Santiago, having regard to the fever conditions. Meanwhile details are being made for garrison Santiago so long as it shall be found necessary to continue troops there. This force will be made up almost altogether of immunes.

HELD FOR
PERJURY!

An Impudent Fellow Who Laughingly
Admitted Falsely Swearing.

HIS VICTIM WAS DISCHARGED!

Germanwicz Conclusively Proves That he
Was Not Responsible for the Break-
ing of Vladkosi's Back and
His Accuser is Com-
mitted to Jail.

Justice Toomey had before him last night a man whom he characterizes as one of the most brazen scoundrels he has met during his career as a Justice of the Peace and the court at Pottsville will have before it in September a fit subject to use an example for people who do not give proper weight to the responsibility they assume when they put themselves under oath.

The Herald yesterday gave an account of the arrest of Joe Germanwicz on the charge of throwing William Vladkosi from a porch on July 4th, last, whereby the latter sustained a broken back and will probably never leave the Miners' hospital alive. The arrest was occasioned by the alleged confession of one Max Savick, who was arrested on suspicion of being the guilty party.

At a hearing in the case yesterday morning Savick positively identified Germanwicz as the man who committed the deed. The accused man repeatedly protested his innocence and said that he was ill in bed at his home on July 4th, but Savick vehemently contradicted him. In addition to this Germanwicz produced several witnesses who swore that he was sick in bed all day on July 4th.

But the startling feature of the case was to follow. Savick, the professed informer, was next called and sworn and he brazenly declared himself a perjurer, and increasing his impudent and criminal violation of the law by laughing at the Justice when the seriousness of the situation was pointed to him.

"Savick," said Justice Toomey, with all the impression he could command, "Why did you come here twice to-day and by your oath deliberately put the life of this man Germanwicz in jeopardy? Just now you know you have committed one of the most unpardonable crimes of which a man can be guilty?"
