NO ARMISTICE ASKED.

So Says Spain's Minister of Public Instruction.

SPAIN'S NOTE IS "DIGNIFIED."
"When the Document is Published," Says the Minister, "No One Will Be Able to Say It is Humiliating—it Requests No Truce."
London, July 26.—A special dispatch from Madrid says that according to a newspaper statement, Senor Gamaso, Spanish minister of public instruction and public works, said in the course of an interview at Madrid yesterday: "Spain has no intention of asking an armistice, or even a suspension of hostilities. That would be tantamount to benching the enemy not to strike us. We shall never come to that. The message to the United States, while recognizing the superiority of the Yankee forces and their military operations, is confined to terms so dignified that when the document is published no one will be able to say it is humiliating. It asks whether the United States is disposed to make peace, but requests neither truce or armistice. If Manila surrenders the capitulation will only apply to the walled town. Though it is not likely that the government will decide to prolong the war because of Porto Rico, considerable feeling is manifested and every possible diplomatic effort made to retain it. As a result there is little objection to ceding a cooling station in the Philippines provided Spanish sovereignty is respected in the island, which, in the opinion of the government and official circles generally, will afford compensation in commerce for the loss of the Antilles, besides procuring occupation for the West Indian army in re-establishing Spanish rule. The American reply is still anxiously awaited. The Madrid correspondent of the Daily Mail says: "The Spanish government will consent to the last demand a cession of Porto Rico to the United States. It would much rather sacrifice one of the Philippine islands, contending that Porto Rico has always been loyal and outside the scope of the war." Judging from these opinions, anything beyond the cession of Cuba will be considered harsh and unjust. This is the unanimous feeling among even the strongest advocates of peace. The people are beginning to realize that peace will mean almost a total loss of colonies, and, looking to the delicate and difficult position of the queen regent, great care is still necessary to induce the nation to accept the terms. The Carlist and Republican papers are making the most of the situation, while many of the Catholic prelates decline to comply with orders from the Vatican to ensure the Carlist agitation. El Imparcial's Rome correspondent says the pope is so displeased with this attitude of the priests that he has washed his hands of the whole affair. According to El Liberal the government is not in a hurry to conclude the conclusion of peace, because it is very doubtful whether the country would endorse an army of 40,000 men to crush the rebellion.

One of the leading Carlists here declines the report of disapproval. El Heraldo publishes a warning as to the necessity for closely watching the Carlists as peace approaches. It is estimated that there are 20,000 persons out of employment in Catalonia. The Spanish message to Washington was dispatched from Madrid Thursday night. The delay in its delivery at Washington arose from the fact that when Senor Poin de Bernabe, the Spanish minister to the United States, returned on the breaking off of diplomatic relations, and confided the interests of Spain to France and Austria, he left only a single copy of the diplomatic cipher. When M. Cambon received the peace message this cipher happened to be in the possession of his Austrian colleague, who, on the receipt of the news, the idea is current here that but for this delay the Porto Rico expedition might have been indefinitely deferred.

How to Look Good.
Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If your stomach be weak, you have a bilious look; if your bowels be inactive, you have a dyspeptic look; if your kidneys be affected, you have a pinched look; Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alternative and Tonic. Acts directly on the stomach, liver and kidneys. Purifies the blood, cures pimples, spots and boils, and gives a complexion. Every bottle guaranteed. Sold at A. Wadley's drug store. 50 cents per bottle.

Lieutenant Hobson Will Preside.
New York, July 26.—Lieutenant Richmond Pearson Hobson has consented to act as a public meeting to be held under the auspices of the New York Soldiers and Sailors Families' Protection association, at the Metropolitan Opera House, Aug. 4. The program will be largely patriotic in its character, consisting of addresses, music and songs of a national significance.

Sick headaches, biliousness, constipation and all liver and stomach troubles can be quickly cured by using those famous little pills known as DeWitt's Little Early Biscuits. They are pleasant to take and never gripe. C. H. Hagenbuch.

Their Lordships' Dentals.
London, July 26.—The Earl of Albenmarle, Baron Greville and Baron Saville deny that they received a penny from Mr. Hooley for becoming dentals. "The Earl of Albenmarle adds that Mr. Hooley, sometime after he (the earl) became a director, voluntarily sent him a check for \$9,000 (\$45,000), which the earl understood "was the result of a deal done for me on Mr. Hooley's responsibility in another undertaking."

Win your battles against disease by acting promptly. One Minute Cough Cure produces immediate results. When taken early it prevents consumption. And in later stages it furnishes prompt relief. C. H. Hagenbuch.

Smith Defeats Green.
New York, July 26.—After a hard fight, which lasted 25 rounds, "Mystic" Billy Smith was given a decision over George Green, of California, at the Lenox Athletic Club last night. Smith was the stronger and better throughout the fight, and outpointed his opponent in every round. Green received a severe hamstring, and boy with it manfully. He merited, and boy with it manfully. He was wonderfully calm when the fight was over. He declared that he was heavier when he met and defeated Smith at Carson immediately after the Fitzsimmons-Corbett contest, and said that he was stronger than now.

The editor of the Evans City, Pa., Globe, writes, "One Minute Cough Cure is rightly named. I cured my children after all other remedies failed." It cures coughs, colds and all throat and lung troubles. C. H. Hagenbuch.

UNBROKEN VICTORIES.

Miles' Army of Invasion Captures Porto Ponce.

RIVALRY IN THE DEPARTMENTS.
Both the Army and Navy Claiming Credit for Victory—Press Reports Show That the Town Surrendered to the Gunboat Dixie.
Washington, July 26.—The war department has received the following dispatch from General Miles, dated Porto Ponce, Porto Rico, via St. Thomas, Port 29:
On the 26th Garretson had a spirited engagement on the skirmish line. Our casualties are four wounded. Our men are four wounded. The Spanish loss was three killed and wounded. Yauco occupied yesterday. Henry's division there today. Last evening Commander Davis, of the Dixie, moved into the port, followed by Captain Higginson, with his fleet, early this morning. General Wilson, with Ernest's brigade, now rapidly disembarking. The troops disembarked from the Dixie are the Sixth Massachusetts and Sixth Illinois.

Spanish troops are retreating from the southern part of Porto Rico. Ponce and port have a population of 5,000, now under the American flag. The populace received troops and saluted the flag with wild enthusiasm. The navy has several prizes, also 70 lighters. Railway telegraph partly destroyed now restored. Telegraph communication also being restored. Cable instruments destroyed. Have sent to Jamaica for others. This is a prosperous and beautiful country. The army will soon be in the mountain region. The weather is delightful, and the troops in the best of health and spirits. I anticipate no insurmountable obstacle in the future. The results thus far have been accomplished without the loss of a single life. The Spanish retreat from this place was precipitous, they leaving rifles and ammunition in barracks, and 40 or 50 sick in the hospital. The people are enjoying a holiday in honor of our arrival.
The navy department also received a cable announcing that the navy had captured the city of Ponce and landed the forces under General Miles. Both departments are very much satisfied with what has been accomplished, and the tone of both dispatches indicates that the rivalry between the army and navy for honors in the Spanish war is not at an end. The department expects an easy conquest of Porto Rico, and notwithstanding the overtures for peace made by Spain, the navy will be prosecuted vigorously in that island.
A dispatch from St. Thomas says: The Port of Ponce surrendered to Commander C. H. Davis, of the auxiliary gunboat Dixie, on Wednesday. There was no resistance, and the American crews welcomed with enthusiasm. Major General Miles arrived at Ponce Thursday morning at daylight with General Ernest's brigade and General Wilson's division on board transport. General Ernest's brigade immediately started for the town of Ponce, three miles inland, which capitulated Thursday afternoon.
The American troops are pushing towards the mountains and will join General Henry with his brigade at Yauco, which has been captured by our troops.

A right before the latter place on Thursday last was won by the American volunteers. The Spaniards ambushed eight companies of the Massachusetts and Illinois regiments, but the enemy was repulsed and driven back a mile to a ridge, where the Spanish cavalry charged and were routed by our infantry. General Garretson led the fight with the men from Illinois and Massachusetts, and the enemy retreated to Yauco, leaving four dead on the field and several wounded. Three of our men were killed, and only three were slightly wounded.
The results thus far achieved by General Miles and Captain Higginson, in command of the naval squadron, have created a feeling of intense satisfaction among officials of the administration. It indicates, as one official expresses it, that "Miles is cleaning up everything as he goes."

The surrender of Ponce, practically without a struggle, is regarded by the war officials with special satisfaction. In importance it is the second city of the island. It has a population of 22,000, with a jurisdiction numbering 47,000. Situated on the south coast of the island, on a broad plain two miles from the seaboard, Ponce has advantages not possessed by any other city in Porto Rico. It is 70 miles from San Juan, by which it is connected by the best highway on the island. It is regularly built, the central part almost exclusively of brick houses and the suburbs of wood. It is the residence of the military commander of the district of Ponce and seat of the official chamber of commerce. There is an appellate criminal court, besides other courts; two churches, one of a Protestant denomination, said to be the only one in the Spanish West Indies; two hospitals, besides the military hospital; three theatres, a municipal public library, three first-class hotels, gas works and a perfectly equipped fire department.
A fine road connects Ponce with Pinar, which is 40 miles distant. There all the import and export trade is transacted. Pinar has a population of about 5,000 and there are situated the custom house, the office of the captain of the port and all the consular offices. The port is spacious, and vessels of 25 feet draught can enter it. The city of Ponce is pronounced by the military authorities to be the healthiest place in the island. The climate, on account of the sea breezes during the day and the land breezes at night, is not oppressive, but is hot and dry.

While nothing definite is known to the war officials yet of General Miles' plans for the immediate future, the statement in his dispatch that the troops will soon be in the mountain country is taken to mean that he proposes rapidly to push on towards San Juan. The lightning campaign at Pinar will enable him speedily to land the troops of the expedition as they arrive, and it is believed there will be no delay in the reduction of the entire island.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does it, is indeed wonderful. He authorizes all druggists to give to those who call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 25 and 60c. We certainly would advise a trial. AN INSOLENT SPANIARD.

He Insulted American Officers in Santiago, and Afterward Got Himself in the Guard House.

Santiago de Cuba, July 26.—General Wood, the military governor, has issued an order establishing an American patrol for the city. The first detail will make the rounds at 6 o'clock in the evening and the next at 10. Any officer found in the city without a written permit from General Wood will be requested to report to headquarters. If he refuses the patrol is to take him there forcibly.
General Wood, it is understood, has taken this precautionary measure owing to the fact that the other night a Spanish cavalry officer made himself very objectionable at a club here, insulting while in liquor several American officers. None of the Americans paid any attention to him, but later the Spaniard got into trouble with some American soldiers on duty and was locked up in the guardhouse for 48 hours.
General Wood reported the case to General Toral, saying that he does so because he would wish a report made to him by General Toral of any American officer guilty of similar offense. As a preliminary, to strengthen the case, General Wood has instituted the officers' patrol.

Defaulter Warner Taken East.
Louisville, Ky., July 26.—Lewis Warner, the defaulter banker, left Louisville yesterday afternoon for Northampton, Mass., in charge of Sheriff Clark and Chief of Police Maynard, of that place. A draft for \$1,000 was handed Chief of Detectives Sullivan when the officers took Warner in charge. The money is paid as a reward by the officials of the bank which Warner looted. A number of the local detective force accompanied the party to the depot to bid the aged banker goodbye. The parting between them and Warner was very affecting. During Warner's confinement the men had shown him every consideration, and that he appreciated what they had done for him was shown when the time for parting came.
Roof Collapsed, Two Killed.
Boston, July 26.—Late yesterday afternoon the roof of the new plant of the Boston Electric Lighting Company, in process of construction in South Boston, collapsed, carrying down seven or eight men who were working upon it. Morris Breen and James Sullivan, both laborers, were crushed by the timbers and probably instantly killed. The other workmen were more or less injured, the most seriously being the following, who are at the city hospital: Edward Donnan, fracture of scapular and contusions; John Kelley, injury to the arm, also fracture of the scapular; fracture of the thigh and injury to back.

To Demand an Investigation.
Wilkesbarre, Pa., July 26.—Leonard Royer, chief of police, yesterday afternoon requested Chief Briggs to telegraph the police authorities of New York City to postpone the funeral of Baroness von Puttkamer until his arrival. Royer said the dead woman is his deceased brother's daughter, and that all has not been going well in their New York home of late. Royer left for New York last night. He says he will demand a thorough investigation.

A woman's health is her best and most precious endowment. Her eyes and hair, her complexion, her happiness and love and its continuance, all depend upon her health. Call it vanity if you will, it is the woman's right to worship at the shrine of her mirror. It is her duty to preserve her good looks and youthful spirits as long as possible. The woman who suffers from some weakness or derangement of the organs, or from the daily encroachments of general ill-health, by looking in her mirror, she will find her eyes dim, her complexion faded and dark circles under them, the little wrinkles that gradually creep around the corners of her eyes and mouth and the general signs of old age. In such a case, a woman who reflects in her mirror, she will find her eyes dim, her complexion faded and dark circles under them, the little wrinkles that gradually creep around the corners of her eyes and mouth and the general signs of old age. FATHER & SONS

CURED OF ITCHING RASH

I had an itching rash under my chin, which kept spreading until it was all over my body. I could not sleep at all, but was compelled to lie awake and scratch all the time. My father and two brothers were afflicted with the same thing at the same time. We all suffered terribly for a year and a half, trying in the meantime all the remedies we could find, but received no benefit. I bought three cakes of CUTICURA SOAP and three boxes of CUTICURA Ointment and they cured the rash of me completely. RICHARD ANDERSON, Geneva, Utah.
