#### GENERAL OTIS AT HONOLULU. An Extremely Cordial Deception at

the Hawalian Conduct. San Francisco, Aug. 3.-The steamer

Dorie, which arrived from Vokob ma and Hong Kong via Honolulu yesterday, brings the following advices from Honolulu under date of July 28: The transports Pers and City of Puebla arrived from San Frincisco early on the mortling of the 25d. The voyage was uneventful. There were no deaths and but little sickness among the men. Three men with typhold were moved from the ship to the local Red Cross hospital. Since the vessels arrived the men have been allowed shore liberty. On the 26th troops were feasted on the grounds of the execu-

tive building. President Dole, with his cabinet and Minister Hatch, received Major Gen-eral Otla at the government building. The garrison and band turned cut in honor of the visitors. The reception was of an extremely cordial nature and lasted longer than such functions usually do.

General Otis is uncertain as to his stay here. It is understood that in the event of no orders to the contrary he will proceed to Manila without waiting Admiral Miller, on the Philadelphia, and if the other transports arrive within a day or two, as is expected, it is not likely that General Otis will walt for the warship, much as he and his force would like to see the flag raising. According to General Otis Hawall will have no military governor. Colonel Barber will be post commander as long as his regiment remains here Annexation having been accomplish ed, the next Important consideration is the cable to the United States. Speaking of the prospects of the early laying, General Hartwell, the local attorney for the Scrimmer company, said: "My information leads me to hope that congress will make an early dis-position of the cable bills. Indeed, I may say the cable promoters have been assured that the bills would receive prompt attention."

IF it be true that there exists any serious disagreement in the Cabinet over the policy of taking to ourselves definitely the Philippines. Abraham Lincoln's manner of deal ing with a debated question supplies the model for procedure now.

According to the late Ben Holiday, he, Holiday, was invited by the President to be present while the Cabinet considered a certain import ant measure. The discussion was long, thorough, and very earnest, and at its conclusion it was plain that the Cabinet was a unit. At the proper time the President said : "Gentlemen. we will vote. Those in favor say Aye.'

"Aye !" said the President.

"Those opposed say No," continued Lincoln, and every member of the Cabinet voted No.

"The Ayes have it," said Lincoln and he lived to felicitate himself upon the firmness of his judgment.
