WE are in receipt of a lengthy communication from William Anderson, the Democratic candidate for Legisbeture in this district; which was originally addressed to the Miners' Journal. The writer complains that our contemporary refused to publish the same, and after a labored perusal of its contents we must commend journal's display of horse sense: The HERALD is not in the business to boom individuals into political office, especially those who advocate theories foreign to the Republican doctrine, Mr. Anderson, however, might apply to the business depart ment of this office, and he will be hair disheveled, was delivering to a dozen furnished with the regular advertisfurnished with the regular advertising rates. We are not in the business for glory nor in the interest of officeseekers. This policy will be rigidly adhered to in the future.

The Agony is Over.

For the past month or two those holding positions by grace of the Sheusudosh School Directors have been on the "ragged edge," but now the agony is over. The political complexion of the Board stands nine Democrats to six Citizens, and yet the majority members were unable to agree among themselves in the appointment of day and night teachers and janitors. A combination between three disgrantled Democrats, who favored any policy that would land their relatives into some berths, and the six minority members was the result of the disagreement between the house by her sympathizing friends, the members of the dominant members favored the removal of a large number of teachers, but aloud the opposition of Directors Coughlin, in direct contrast to a custom that flour made. has been in vogue in Shenandoah for a number of years, that of re-electing the old corps of teachers, and which has been the means of raising our public schools to a standard second to none in the interior of the

The motives of the three recreant Democratic members in breaking party ties is well known, and their action meets with little approval outside of those who have 'axes to grind" and are personally interested in causing vacancies. There are those, and they are legion in Shenandoah, who express the opinion that politics should not enter into the management of our public school system, especially in the selection of instructors, but that is expecting too Copenhagen. It is semi-efficially remuch from Shenandoah. It is true affirmed that her leaving England is that the Citizens party was organized due to the illness of her mother, the principally for that purpose, and it has been the well defined policy of that party in the past to make no removals in the corps of teachers unless for sufficient cause, and the coalition formed this year between the three disgrun-tled Democrats and the six Citizens at Copenhagen and to expose the whole domestle situation. members, whereby three of the old teachers were removed and three others elected in their places, is the first time either the Democratic or Citizens members have deviated from liberation: For governor William A. that policy. Now that the ice is Poynter, licutenant governor, E. A. broken, it is impossible to predict where it will end. Surely those who where it will end. Surely those who were a party to the removal can raise no objections should the organization of public instruction, William E. Jack-son; land commissioner, Jacob V. Wolf; next year be effected on the same lines? It is to be hoped, however, in the interest of the schools, that wiser council will prevail, and that the ocrat. threats now made by the Democratic leaders will not be carried out.

ers removed are non-residents does not in any way justify The removals Their applications for re-appointment were in the hands of the Directors, there should be no discrimination.

There was no charge of Incompetency or complaint of any kind against the teachers removed. They simply had to make room for others. Will the schools gain by the change? One of the three new teachers is inexperienced, another taught in a lower grade in the evening schools, while the third was refused appointment by the Democratic members last year for good and sufficient cause, and was again turned downthis year.

From a political standpoint the litizens gain very little, the organiantion of the Board baying been previously effected. So far as the janitors and janitresses are concerned the appointments can be said to meet with approval. These positions, unlike that of the tenchers, have always been subject to change according to /> the political complexion of the Board, and have been looked upon THE amount of gold and silver as the "spolls" for political success

AN UNWILLING RECRUIT.

More than one American family of to-day can remoular the time when in the season of the country's need the young son of the house went to the war, but probably not one American family can quite enter into the spirit of the scene de-scribed by Mr. William Agnew Paton in

his "Picturesque Sieily." Near La Chiesa del Carmina Mr. Paton saw a young recruit, newly drafted, tak-ing leave of his family. He was very young, hardly of an age to fit him for mil-itary service. This may perhaps serve as an excuse for the fact that, in spite of his new uniform, he stood in the middle of the road crying like a baby as he poured his tale of wee late the ears of his younger ins also, for some 10 or 12 children were grouped round him, standing or kneeling upon the pavement, all of them weeping

From Extreme Nervousness.

THAT no one remedy can contain the elements necessary to cure all diseases, is a fact well known to everyone Dr. Miles' System of Restorative Remedies consists of seven distinctively different preparations, each for its own purpose.

Mrs. L. C. Bramley, 37 Henry St., St. Cath-

erines, Ontario, writes: "For years 1 suf-fered from extreme nervousness and annoying constitution, developing into palpitation and weakness of the heart. I was unable to sleep, suffered much from headache, pain in my left side, palpitation and a constant feeling of weakness and prostration. I began using Dr. Miles' Nervine, Heart Cure and Nerve and Liver Pills and the Anti-Pale Pills to relieve sudden paroxysms of pain and headache. I soon felt much improved and the pains and aches and weariness left me. I then took Dr. Miles' Restorative Tonic and am now restored to my former good health."
