

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the California Fig Sygur Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the California Fig Symp Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the Cali-rounia Fig Symur Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weaken-ing them, and it does not gripe nor nauscate. In order to get its beneficial effects, please remember the name of the Company-

### DEFENDING SAMPSON

Against Attacks by Letter Writers to Navy Department.

HIGH PRAISE FOR HIS WORK.

feeretary Long Protests Against the Cruel Instantations Cast Upon the Admiral, and Speaks a Good Word For All the Gallant Men.

Washington, Aug. 9 .- The secretary of the navy has received several let-ters violently attacking Admiral Sampson. In his reply to one of these he

"I sen in receipt of your letter, and hasten to assure you that what you say about Admiral Sampson is so unjust that it can only be pardoned on the ground of your ignorance of the whole matter. You have no appreciation of the responsibilities that have been upon Admiral Sampson; of his very superior attainments as an officer, and the splendid work he has done in pre-paring for the naval victory which was the crowning accomplishment of his efforts for weeks and weeks before Santiago, Justice is always done in the long run. But when you indulge in such unfounded criticism I cannot forbear to protest, as I should feel bound to do if you had referred in similar terms to any other of our deserving

"I can well understand why the enthusiastic and earnest as I am in giving them the credit they so richly, every one of them, deserve for their glorions work. I cannot conceive of anybody so mean as to detract by a single hair from their merit. But I cannot understand why such a bitter feeling is manifested in many quarfeeling is manifested in many quar-ters towards Admiral Sampson, when all these officers, subordinate to him, in their reports, clearly and cordially recognize the fact that, although at the beginning he was, by orders from Washington, soing to confer with Gen-eral Shafter, yet the buttle was fought under his order, and that the victory was the consummation of his thorough preparation

For myself, I know of no predilection for any one of these gallant men. I would crown every one of them with laurel. I want them all to have their fust deserts. Every one of them de-serves unstinted praise; not one of them deserves anything less than full measure for that day's work. And, therefore, I can think of nothing more cruel than a depreciation of the merit of the faithful, devoted, patriotic com-mander-in-chief, physically frail, worn with sleepless vigilance, weighed with measureless responsibilities and details, letting no duty go undone, for weeks with ceaseless precautions blockading the Spanish squadron, and at last, by the uncerting fulfillment of his plans. 11:39 a.m., 3:30 and 4:08 p. m. that day to crushing it under the fleet which exe-cuted his command, yet now compelled in dignified silence to be assailed as vindicately as if he were an enemy to

Spain's Answer Declares Questions Must Be Settled

BY A JOINT PEACE COMMISSION.

A Report That England Offered to Mediate, and the Offer Was Favorably Received, but Not Accepted, Quibble Over Philippines.

Madrid, Aug. 9.-It is said that as soon as the American reply is received Senor Sagasta will nominate peace commissioners.

It is said here that these questions, the answer declares, must be decided by peace commissioners: The Cuba debt; the date and manner of evacuating Cuba and Porto Rico, and the manthe future of the Philippines.

The treaty will be signed subject to approval by the cortes, which will be convoked immediately. The cabinet council will appoint Spanish commis-

pines and other details. Senor Sagasta, when asked by a press correspondent whether there was any truth in the statement cabled to the United States that he had cabled di-rect to Washington on the subject of Spain's acceptance of the American peace negotiations, categorically and emphatically denied that he had sent

emphatically denied that he had sent such a communication.

El Liberal says: "The government received an offer from England to mediate. The offer was favorably regarded, but was not accepted. The presence of a large British equadron near Gibraltar is clear evidence of an understanding, if not an alliance, between England and the Linited States." tween England and the United States.

Desire For Generosity. Paris, Aug. 9.—The Temps says it is to be hoped the noble resignation of Spain will touch the heart of President McKinley and that he will consider it honorable to show that if the United States is strong. It is great and magnanimous enough to spare the vanquished enemy, not to abuse its victory and to desire by the generosity of its acts to make the treaty with the people they have learned to respect on the battlefield a veritable pact friendship. It is certain, The Temps adds that Spain will be rewarded for her wisdom. Freed from the Cuban incubus, she will regain energy and vitality and march with joyful steps towards a calm and prosperous future.

Appeal For Spanish Wounded. London, Aug. 9.—Countess de Casa Valencia, wife of the former Spanish ambassador to Great Britain, appeals through the London papers for contributions to her fund for the Spanish sick and wounded. She says: "An of-ficial dispatch from Madrid received this evening gives details of the alarming increase of suffering caused by the war. There are many thousands lying in hospitals at San Sabastian, Las Palmas, Santiago de Cuba, Guantan-amo, without bandages or lint or even beds to sleep upon, owing to inadequate funds. And there are many widows and orphans who are in most urgent need of relief."

Negotiations May Occur in Paris. London, Aug. 9.—The Madrid corre-spondent of The Times says: "The promptitude with which the Spanish cabinet accepted the terms, on receipt of the American explanations, shows that it does not desire to waste time In dilatory procedure. The question when direct negotiations will begin is rather doubtful, probably because the cabinet is resolved to act scrupulously in accordance with the letter and spirit of the constitution and the best authorities disagree in the interpretation of the constitutional law. It is believed that the direct negotiations will occur

Spanish Internal Troubles.

London, Aug. 8.—A special dispatch from Madrid says: "The government has sent a squadron of cavalry and a company of infantry in pursuit of a band of seven men, who with cries of "long live the Republic" invaded a farm at Alcala de Chivert, in Valencia. and selzed a number of rifles belonging to customs officers and members of the municipal guard."

### A "BUMPER" WHEAT CROP.

Reports Indicate the Largest Yield in the Country's History.

Chicago, Aug. b.—The Post says: "Ac cording to reports received by rallway companies and business men the largest wheat crop in the history of the United States will be harvested within a fortnight. The winter wheat yield which aggregates from 375,000,000 to 400,000,000 bushels will be increased to the extent of nearly 350,000,000 bushels on the spring wheat region. The bumper crop' of 1891 will be cellpsed this year by 190,000,000 bushels from

present indications." "Reports, received from members of the National Association of Merchants and Travelers, who are assembling here to attend the full meeting afford positive proof. It is declared, that a new ers of prosperity is at hand throughout the great west, Rallroad of ficials who have just come in from exand corn growing states make equall optimistic reports. Thousands of women fail of this for one great prevalent reason. While they resurt to every device to preserve their beauty of complexion by external applications and possibly take the best care of their general health, they are too frequently utterly neglectful of their health in a special womanly way. No woman can remain beautiful attractive or amable, who suffers from weakness and disease of the delicate and important fermine oversals.

ness and disease of the delicate and important feminine organism. A woman who suffers in this way will lose her clearness of complexion, her eyes will become dull, worry and pain will mark her face with wrinkles and she will become nervous, sickly fretful and despondent.
