MORE RECRUITS GO.

The Recruiting Station Reopened This Morning Under Orders.  
At eleven o'clock this morning Lieut. Siviter, the United States regular army recruiting officer, received a telegram notifying him to proceed recruiting men for the army until further instructed by telegraph. The Lieutenant at once reopened the office and by one o'clock thirteen men were ready to start for Camp Latin Springs. They left on the 2:30 P. M. R. R. train this afternoon. The office was continued open this afternoon and will be kept open this evening and every day hereafter until orders are received to close. A large squad is expected to-morrow. Most of the men who left yesterday went to work in the mines to-day, or there might have been a larger squad of departing recruits this afternoon. The following is the official list of the recruits who were sworn in to-day and left for Camp Latin Springs, Georgia, together with their birthplaces as given when they applied: Elmer Warnick, Shenandoah; William Hazen, Shenandoah; Michael Habara, Austria; John Davis, Ashland; Charles Coalbach, Russia; John J. Givens, Hazleton; James Dolan, Jacksonville; John J. Penpe, Russia; William E. Lewis, Wada; Andrew Semans, Russia; Robert Brennan, Schuylkill Co.; Michael F. Durkin, Shenandoah; George Douglas, Russia; Dennis Conroy, one of the recruits from town, writes from the front: "We arrived safe after a tiresome journey. We will get our uniforms to-morrow (16th). All the boys feel well and are enjoying themselves. I am writing this letter on an old board and have a pretty tough time. We had an awful thunderstorm last night. A fire broke out about fifty feet away from camp and it shocked nine boys in the 8th Infantry. They are in the hospital now. The doctors say they will get over it." Charles Hilton writes: "We arrived in camp on the 14th, at 3 o'clock. We had a good time coming on the train. I had about ten minutes' sleep. If you had seen me coming on the train you would have had a good laugh, for we were sleeping on one another. It is a little rough here now, but after we are here a little while we will get used to it. It has been raining here almost every day, but there is plenty of shelter. We were like a crowd of negroes when we got here. We all had a swim and felt good after it. We had green ditch, onions, potatoes, coffee and bread on Thursday evening for supper, and lunch, coffee for breakfast on Friday morning. You need not be sick with sickness here, for there is none. The water we get here is very good. Fruit is plentiful. The train we got on in Shenandoah came right through and it ran pretty lively from Washington. The 21 cents and six sandwiches we got before we left home gave us plenty to eat on the way down."

THE COUNTY COURT.

Judgeship Contest and Former Warden Brower's Case Up.  
The Contest Court re-opened this morning and continued for the respondent claimed that the exceptions to the contest were not filed in time; that they were received on August 8th, whereas they should have been filed on the 5th. Argument on this point will be made to-morrow morning. Counsel for the contestant filed exceptions to the ruling of the court on certain ballots, and specified the ballots. The lawyers for the respondent filed additional exceptions this morning, covering 40 pages. The court then adjourned out of respect to the late Judge Keeler and will re-convene this afternoon.

THE BROWER CASE.

The case of Calvin Brower, the deposed Prison Warden, against the County Commissioners, County Controller, S. A. Lusch, J. H. Niehter and others, charging them with conspiracy to remove Brower from office, was brought up before Judge Pershing this morning. Counsel for the plaintiff at the local court had no jurisdiction, and further claimed that the proper procedure on the part of the prosecutor would be to enter quo warrants proceedings. The question was argued at length by both sides and Judge Pershing withheld his decision. If the motion to quash is denied the case will come upon September 1st. It is generally believed, however, that the case will be quashed.

Deaths and Funerals.

Sarah (Godber) Jevons, wife of Henry Jevons, died at 5:30 o'clock this morning at her home, No. 334 South Jardin street, after an illness extending over a period of four years. She was 41 years of age. There are no children surviving. The deceased first suffered from a fall down steps at the rear of her residence, which was followed by paralysis of the right side. On the 8th inst. the deceased went into convulsions and remained in them continuously for twelve hours, when paralysis of the right side set in, depriving the sufferer of all power of sight and speech. In this condition she continued until relieved by death. The funeral will take place from the family residence, 334 South Jardin street, on Thursday, 18th inst., at 2 p. m. Services will be held in All Saints' Protestant Episcopal church and interment will be made in the Odd Fellows' cemetery. The deceased was a member of the Daughters of Poesion-tas.

Ellis, infant daughter of Joseph Ellis, of North Pinn alley, died yesterday from cholera infantum and the remains were interred to-day in the Lithuanian cemetery.

INSURGENTS ARE UNRULY

Cubans Who Are Fomenting Opposition to Our Government.

ADVISE A CONTINUANCE OF WAR.

At a Secret Meeting of Leaders, However, at Which General Garcia Was Present, It Was Decided That the Cuban Army Should be Disbanded.

Santiago de Cuba, Aug. 16.—Trouble with the Cubans is breeding. Their attitude is one of sudden hostility towards Americans. The better class in Cuba favor the annexation of the island and to the United States and a majority of the masses are ready and anxious to work and accept the shelter and protection afforded by an American protectorate; but they are influenced by a certain class of rabid orators and breeders of sedition and rebellion against anything smacking of law and order.

This inflammatory class demands and urges the recognition of Cuba for Cubans, and spurns all offers or suggestions tending to prosperity under an American protectorate, and excites popular discontent. This is exactly the class that pushes itself most into evidence, and whose views and opinions are most overvalued and published.

Their advice to the Cubans is to repudiate all offers of peace or a cessation of hostilities, and to look upon an armistice as an agreement between the United States and Spain on their own account, and not binding upon the free and independent state of Cuba, whose liberating army not only repudiates pacification, but will ignore the armistice to the point of continuing to wage war and shooting every Spaniard in the field.

A wild rumor is afloat to the effect that the Cuban army will attack Santiago and capture it, to the glory of the Cuban arms, as soon as the American garrison is weakened. This is directly traceable to the same source.

The influence exerted by such a body of men against law and order is formidable, and demands suppression with an iron hand. While still in embryo, this influence is already felt among certain classes, who refuse to work or serve the government until a clear statement of the freedom and independence of their country is made clear.

A knowledge of this condition is imperative to the moulding of the future policy and to explain whatever harsh steps may be rendered necessary in dealing with the insurgents.

A secret meeting was held last night at the palace between the commanding officers of the American army and the Cuban leaders. The strictest secrecy was maintained, but it can be said with good authority that General Garcia was present. The information obtained is to the effect that the Cuban situation was thoroughly reviewed, and that it was resolved to disband the Cuban army and to serve the government until they pay the men off. This involves the expenditure of \$15,000,000, but it is most important to the prosperity of the island, whose wealth is entirely agricultural, nobody planter or farmer, who can cultivate his lands while insurgents banding are in the field raiding and burning.

EVACUATING SANTIAGO.

The Horrible Condition of the Spanish Troops Makes Open Air Cremation Necessary.

Santiago de Cuba, Aug. 16.—The Spanish steamer Isla de Luzon sailed yesterday for Spain, having on board 2,138 Spanish soldiers. The Isla de Panny will probably sail today, and she will be followed by the P. De Sotruque. The Montevideo arrived yesterday morning, and will begin loading at once. The embarkation of the prisoners is being pushed with great activity. This is rendered imperative by their horrible condition. The mortality is so great in the Spanish camp, where disease is rampant, that no longer are the dead buried. A funeral pyre of ten or twelve bodies is made, saturated with kerosene and set on fire, cremating the bodies in the open air.

MILITARY COMMISSIONS.

Army and Navy Leaders Who Will Bring Order of Chaos in Cuba and Porto Rico.

Washington, Aug. 16.—Today's Post says: The announcement of the personnel of the military commissions for Cuba and Porto Rico may now be expected at any time. The president has practically determined upon the military and naval officers who will compose the commission. It is probable that the names will be as follows: Cuban Commission.—Major General J. T. Wade, Major General M. C. Butler and Admiral W. T. Sampson. Porto Rico Commission.—Major General John R. Brooke, Major General Theodore Schawn and Admiral Winfield S. Schley.

It will be noticed that the name of General Fitzhugh Lee does not appear in the list of the Cuban commissioners. The omission is not unintentional. General Lee was originally slated for a place on the commission, but will not serve, owing to his desire to remain at the head of his army corps. It is expected that this corps, the Seventh, will eventually be sent to Cuba, and in that event General Lee will go to the island at its head, preferring this position to a commissionership.

SURRENDER OF MANILA.

Consul Wildman, at Hong Kong, Telegraphs That the City Yielded to Dewey's Bombardment.

Washington, Aug. 16.—The following dispatch was received at the department of state at 11:15 last night from Consul Wildman, at Hong Kong: "General Augusti, who has just arrived here from Manila, says Dewey bombarded Manila on Saturday, and that the city surrendered unconditionally. Augusti was taken by General Merritt in a launch to the Kasberly Augusti, and brought to Hong Kong. I credit the report."

The information contained in Consul Wildman's brief message aroused intense interest, but created no surprise among those who received it. For two or three days news of the fall of Manila has been expected. The last dispatches received from Admiral Dewey and General Merritt indicated that it was their purpose to force a surrender of the city as soon as possible.

It is believed that they joined in a note to General Augusti demanding the surrender of Manila, threatening to make a combined sea and land attack upon the city unless the demand was acceded to.

While no further information than that received in Consul Wildman's dispatch has been received by the administration, it is to be more confirmed by a brief dispatch last night from Madrid.

As soon as the protocol was signed last Friday afternoon dispatches were sent to both Admiral Dewey and General Merritt via Hong Kong. On Saturday the British steamer Australian left Hong Kong for Manila bearing the dispatches from this government. It was expected that they would hardly reach Manila before decisive measures against the city had been taken by the American commanders, but every possible effort was made to insure their speedy delivery.

Spain's Welcome Peace.  
Madrid, Aug. 16.—Duke Almodovar de Rio has received an intimation that the Cuban blockade has been raised and cable communication restored. Numerous vessels are being prepared in Spanish ports to take provisions to Cuba. The next cabinet council will consider the question of summoning the Cortes. Senor Sagasta, the premier, is hopeful that the ministers will be agreed upon this point. The news of peace was heartily welcomed in the Spanish coast towns and the families who fled, fearing an attack by Commodore Watson, are now returning.

Both legs of the boy were crushed and when he was brought to the hospital it was necessary to amputate both limbs. The boy had lost so much blood that he was too weak to stand the shock and he died in a few hours.

The "Y" will hold an ice cream festival in Robbins' opera house to-morrow evening, to raise funds to carry on the work for which the organization was created. Injury Neglected.  
A few days ago Joseph Bonawice had a finger smashed by bumping cars at the lumberdock colliery. Not thinking the injury serious he paid little attention to it. Yesterday it became necessary to amputate Dr. W. N. Stein who examined the injury and found the bone diseased. The wound has assumed a serious aspect.

THE SCHOOL BOARD MEETS

Vacancy in the Corps of Teachers Filled Last Night.

SEVERAL PROMOTIONS WERE MADE.

Misses Baird, Loh and Palmer Promoted and Miss Baugh Transferred from the Night to the Day Schools. Succeeded by Miss Boyer.

An adjourned meeting of the School Board was held last evening for general business, but more especially to fill the vacancy in the corps of school teachers occasioned by the resignation of Miss Hattie I. Hess. The Directors in attendance at the meeting were Messrs. Coughlin, Hanson, Baugh, Kepler, Martin, Malick, Holvey, Whitaker, Sullivan, Connor, Britt, Devitt, Breslin and Dove.

The combination of Citizens and Democratic members which was formed for the original election of teachers held good at the meeting last night. Messrs. Whitaker, Sullivan and Breslin casting their votes with the six Citizens members.

Before the filling of the vacancy was taken up Secretary Hanna read a report showing the statement prepared on Tax Receiver Scanlan's duplicates of 1897-'8 to be certified to court. It showed a balance of \$9,841.97 for 1898 and \$1,016.91 for 1897, a total of \$10,858.88.

The Board, on motion of Mr. Dove, then proceeded to fill the vacancy in the corps of teachers by advancing Miss Nellie Baird from the third grade primary to the first grade grammar school vacated by Miss Hess.

Miss Alice Loh was advanced from the second grade primary to the school vacated by Miss Baird. Miss Maggie Palmer was promoted from the first grade primary to the school vacated by Miss Loh. All these promotions were made by motion.

The Board then proceeded to ballot to fill the vacancy in the first grade primary department created by the advancement of Miss Palmer. There was a list of forty applicants and Miss Mattie Baugh was elected, receiving the votes of Messrs. Sullivan, Kepler, Baugh, Malick, Holvey, Dove, Martin, Breslin and Whitaker; nine in all. Messrs. Coughlin, Connor and Britt cast their votes for Miss Maud Kepler and Messrs. Hanna and Devitt voted for Luther B. Edwards.

The next step was to elect a teacher to fill the vacancy in the night school corps caused by the election of Miss Baugh to the day school and Miss Millie Boyer was elected, receiving the nine votes of Messrs. Sullivan, Kepler, Baugh, Malick, Holvey, Dove, Martin, Breslin and Whitaker. Miss Annie Kane received the votes of Messrs. Coughlin and Hanna. Miss Lizzie L. Hand was voted for by Messrs. Devitt and Britt, and Miss Hannah C. Davis was voted for by Mr. Connor.

Justice's Cases.  
The following cases were disposed of by Justice Shoemaker last night: Anthony Marukis, assault and battery, oath of John Kuratlik; \$900 bail.

Wm. Ribick, larceny as bailor, oath of John Bernatowicz; dismissed.

In the latter case the complainant claimed he gave the defendant a \$10 bill which he took \$3 and he kept it all. The defendant showed that the \$10 was given him as security for payment of a suit of clothes. The complainant prepared to enlist in the army and the defendant turned the ten dollars over to the tailor.
