NAVAL REVIEW AT NEW YORK.

The Department will Order the Ships of Sampson's Fleet to Steam Up to Grant's Tomb and Fire a Salute—To Reduce the Auxiliary Navy.

Washington, Aug. 16.—The reconstruction of affairs in Cuba, Porto Rico and throughout the Spanish West Indies is receiving earnest consideration in official quarters, and at the White House yesterday President McKinley saw a number of prominent callers in connection with this reconstruction. General Fitzhugh Lee spent some time with the president, going over the condition of Cuban affairs. Acting Secretary Allen, of the navy, also saw the president concerning Cuban affairs. It is probable that an American naval vessel will go to Havana harbor before long, and at least two naval vessels will be ordered to Havana when the military commission establishes there to determine upon the details of Spanish evacuation. Secretary Day also conferred with the president, later determined, the peace terms being matured, to take a week's vacation. Assistant Secretary Moore will be secretary of the state department during Judge Day's absence. The secretary's presence from the head of the department is likely to follow soon after his return from his vacation, and, indeed, it may come during his absence. It is stated in some quarters that the president has already accepted the resignation of Judge Day as secretary of state. Secretary Day will upon the appointment of his peace commission, of which Mr. Day is to be made chairman. It is also asserted that the president has received word from John Hay, at present ambassador to London, in which that gentleman expresses a preference for the president to hold office and to accept that now held by Judge Day. Ex-Minister Whitelaw Reid is mentioned as the probable successor of Mr. Hay as ambassador.

Another report is that on Saturday night the president sent a request to Senator Davis urging him to accept a place on the peace commission. It is understood that Senator Davis reported Monday, expressing his willingness to do so. Senator Allison, of Iowa, is reported to be on his way here from his home to confer with the president upon the subject of his acceptance. Another reported suggestion as commissioner is ex-Secretary B. F. Tracy, while Senator Gorman, of Maryland, is said to be the Democrat selected.

The navy department decided during the day to send as far as practicable to the public desire New York for a naval review of the ships of Admiral Sampson's fleet. Accordingly Acting Secretary Allen issued the following order:

"The department is much gratified at the desire expressed to see a review of the warships and cruisers recently ordered home, and so far as practicable is desirous of carrying out the wishes of those citizens who wish to see the ships. But neither the officers or the men of the fleet are in condition to participate in a street parade.

"The department will direct that, upon arrival in New York harbor, the fleet will steam up the river as far as General Grant's tomb, fire a salute and steam back to the anchorage. It is expected that the fleet will reach New York on Saturday next."

The plan is to have Admiral Sampson meet off Sandy Hook with orders for the procession up the North river. It is expected that the fleet will be off Sandy Hook some time Friday night, but they will be outside the harbor until Saturday morning.

The new department is taking steps to reduce the force of naval militia-men called into service from the several states. The Minneapolis is to transfer part of her crew to the Yosemite, thus releasing the Michigan naval militia-men, who are on the Yosemite. The Columbia is also to transfer her crew to the Dixie and other auxiliary craft, thus allowing the naval militia-men on these auxiliaries to go home. In this way the naval service will regularly be returned into the hands of the regular officers and crews.

THE POISONING MYSTERY

That Puzzles Police Officials in Delaware and California.

VIOTIMS ATE POISONED CANDY

Sent as a Gift From San Francisco to Dover, and Ex-Congressman Pennington Believes His Two Daughters Were Victims of a Secret Enemy.

Dover, Del., Aug. 16.—Investigation by the final report of the Westchester police on the cause of the death of Mrs. J. D. Pennington and her sister, Mrs. J. D. Doane, the indications at present are that both women lost their lives by arsenical poisoning taken in the candy sent from San Francisco by a person still present unknown. The funeral of both the victims took place yesterday from the home of their father, Ex-Congressman Pennington. Prior to the services, Consul Wells had a conference with Dr. Bishop, who attended the coroner after they had been taken ill, gave it as his opinion that the deaths were due to poisoned candy. No analysis of the candy has yet been made, but Mr. Pennington will place a sample of it in the hands of several expert chemists. On the result of their reports he proposes to have further action. Minute examinations of the box, wrapper and contents has only served to deepen the mystery as to the identity of the sender.

Within the box was a common, plain white handkerchief. On the reverse mark 25 cents, still on the corner. The note signed "Mrs. C." is written on ruled white paper in lead pencil, and the words "With love for yourself and baby" are written jerkily and in an entirely different hand from the super-scription, very like a woman's hand. There are two kinds of poisoned candy in the box, one hard and similar to a confectioner's make, the other soft, with every appearance of being home made. The impression of Dr. Bishop is that the poison will be found in the latter kind. Mr. Pennington believes that the box, with pure candy was purchased, after which it was opened and the poisoned candy placed along side with the good. He states it is his firm belief that his daughters were intentionally poisoned, but thinks the candy was only intended for Mrs. Pennington and her baby. He states that he will make every effort to solve the mystery surrounding the case.

A dispatch from San Francisco says that one of the many friends and acquaintances in that city of Mr. and Mrs. Pennington has received some information why any one in San Francisco should send poison to Dover. Arguing on the theory that the candy was the result of a carefully planned act on the part of some one who desired to punish Mrs. Pennington for the deceased's San Francisco friends are unable to suggest any reasonable motive. The suggestion that the poisoning was intentional is scouted by those who know Mrs. Pennington, all of whom say she was never known even to quarrel with anyone much less to create enmity. Nor, so far as he is known, had Mr. Pennington any personal or business foes who could have attempted such a cowardly revenge upon a member of his family. The more the case is discussed the more general is the conclusion that the poisoning must have been accidental. The "Mrs. C." stamped on the wrapper of the box of candy has not materialized in San Francisco, although the police of that city say that if there is such a person she will come forward and solve the mystery. The possibility of the candy having been accidentally poisoned at the time of its manufacture is denied by San Francisco confectioners.

NAVAL REVIEW AT NEW YORK.

The Department will Order the Ships of Sampson's Fleet to Steam Up to Grant's Tomb and Fire a Salute—To Reduce the Auxiliary Navy.

Washington, Aug. 16.—The reconstruction of affairs in Cuba, Porto Rico and throughout the Spanish West Indies is receiving earnest consideration in official quarters, and at the White House yesterday President McKinley saw a number of prominent callers in connection with this reconstruction. General Fitzhugh Lee spent some time with the president, going over the condition of Cuban affairs. Acting Secretary Allen, of the navy, also saw the president concerning Cuban affairs. It is probable that an American naval vessel will go to Havana harbor before long, and at least two naval vessels will be ordered to Havana when the military commission establishes there to determine upon the details of Spanish evacuation. Secretary Day also conferred with the president, later determined, the peace terms being matured, to take a week's vacation. Assistant Secretary Moore will be secretary of the state department during Judge Day's absence. The secretary's presence from the head of the department is likely to follow soon after his return from his vacation, and, indeed, it may come during his absence. It is stated in some quarters that the president has already accepted the resignation of Judge Day as secretary of state. Secretary Day will upon the appointment of his peace commission, of which Mr. Day is to be made chairman. It is also asserted that the president has received word from John Hay, at present ambassador to London, in which that gentleman expresses a preference for the president to hold office and to accept that now held by Judge Day. Ex-Minister Whitelaw Reid is mentioned as the probable successor of Mr. Hay as ambassador.

Another report is that on Saturday night the president sent a request to Senator Davis urging him to accept a place on the peace commission. It is understood that Senator Davis reported Monday, expressing his willingness to do so. Senator Allison, of Iowa, is reported to be on his way here from his home to confer with the president upon the subject of his acceptance. Another reported suggestion as commissioner is ex-Secretary B. F. Tracy, while Senator Gorman, of Maryland, is said to be the Democrat selected.

The navy department decided during the day to send as far as practicable to the public desire New York for a naval review of the ships of Admiral Sampson's fleet. Accordingly Acting Secretary Allen issued the following order:

"The department is much gratified at the desire expressed to see a review of the warships and cruisers recently ordered home, and so far as practicable is desirous of carrying out the wishes of those citizens who wish to see the ships. But neither the officers or the men of the fleet are in condition to participate in a street parade.

"The department will direct that, upon arrival in New York harbor, the fleet will steam up the river as far as General Grant's tomb, fire a salute and steam back to the anchorage. It is expected that the fleet will reach New York on Saturday next."

The plan is to have Admiral Sampson meet off Sandy Hook with orders for the procession up the North river. It is expected that the fleet will be off Sandy Hook some time Friday night, but they will be outside the harbor until Saturday morning.

The new department is taking steps to reduce the force of naval militia-men called into service from the several states. The Minneapolis is to transfer part of her crew to the Yosemite, thus releasing the Michigan naval militia-men, who are on the Yosemite. The Columbia is also to transfer her crew to the Dixie and other auxiliary craft, thus allowing the naval militia-men on these auxiliaries to go home. In this way the naval service will regularly be returned into the hands of the regular officers and crews.
