SEVEN THOUSAND SPANISH PRISONERS.

Special to EVENING HERALD.
Washington, Aug. 17.—Rear Admiral Dewey to-day cabled instructions of the surrender of Manila.
The despatch states that there were no casualties and the ships of his squadron were uninjured in the engagement.
Seven thousand Spanish prisoners were taken.
Hong Kong, Aug. 17.—It is rumored that the American troops have trouble with the insurgents at Manila. According to one account Gen. Aguinaldo, the insurgent leader, attacked the Americans in the trenches because he was not permitted to have any share in the surrender of the city.

TRAIN KILLS A HORSE.

The Driver Jumped in Time To Save His Life.
A horse belonging to Michael Conville, the green truck dealer, was struck and killed by a west-bound Lehigh Valley passenger train at noon to-day, near the Packer No. 3 colliery breaker.
Conville had a load of green truck on the wagon and was driving to Brownsville. A sharp curve in the highway prevented him from seeing the approaching train, nor did he hear it until close to the crossing, when he jumped from the wagon just in time to save his life. In addition to the injuries inflicted by the engine the shafts of the wagon were driven into the horse's side. The animal lived a short time after the accident. The wagon was shattered and the stock scattered along the track. Conville was badly scared by his close call.

Through the promptness of Officer Hurley and several neighbors a fire was averted in Francy's row on West Cook street, last evening. The house is tenanted by several Arabians, who conduct a notion store. After closing up last evening the proprietor locked the door and left a large lighted oil lamp on the counter. The lamp became overheated and the flames were issuing from the chimney. Officer Hurley, who was passing, saw the danger and procured a key that unlocked the door. It was impossible for him to turn the light low, so he grabbed the lamp and threw it into the street, as it fell the lamp exploded, scattering the burning oil.

Speak-Easies Are Flourishing.
ED. HERALD.—Quite an excitement was caused in Lost Creek No. 2 on Sunday, by a drunken man, who filled up at the numerous speak-easies in this vicinity, falling in a mine breach. It is quite evident that the speak-easies are doing a rushing business in this place judging from the number of drunken men and boys that are seen on our streets. It is also noticeable that the keepers of these places do not in the least fear the law, the way they send out the cans, buckets and pitchers with men and women in broad day light.

Horan's Heat a Man.
Stephen Horan, of Girardville, one of Buttrick's weekly School Directors, was found yesterday lying along the road near a reservoir at Mt. Carmel, the victim of an unmerciful beating by Italians employed at the reservoir. Horan is said to have been under the influence of liquor, and while on an electric car, upon which were several Italians, he commenced cheap contract labor in strong terms. At the reservoir the latter set upon Horan and beat him with blunt instruments into insensibility, and left to remain where he was found later badly done up. He was helpless, his clothing torn in shreds and he was bleeding from many wounds. His condition is not serious, and he was removed to his home. No arrests have been made.

One-Day Excursion to Atlantic City

Renewing Lines.
Last summer when Council instructed the Chief Burgess to have the telephone poles in the P. R. & P. Telephone Co. requested that the order be deferred in the case of their poles as it was the intention to put in new ones this spring. The job proved to be a larger one than was contemplated and the repairmen who have been at work fasten down the valley did not reach town until this week. The company at present has two lines of poles in town, one on Main street, from Cherry to Centre, and another coming into town on Centre street. The former will be dispensed with under the present arrangement, all the wires being carried on the line of poles from the P. R. & P. passenger station along Centre street. This will dispense with the poles on Main street, south of Centre, a decided improvement.

THE FALL OF MANILA

Nothing Could Be More Humane, Says a Briton.
SPANIARDS' HOPELESS STRUGGLE.

Outranked at Every Point by the Attacking Party.
OLYMPIA FIRED THE FIRST SHOT.

And the First Colorado Regiment Was the First to Charge the Spaniards in the Trenches—Admiral Dewey Has Probably Ere This Forced the Surrender of Two Other Philippine Ports and Captured Several Steamers—Captain General Augusti Leaves Hong Kong for Madrid.

London, Aug. 17.—The Manila correspondent of The Daily Telegraph says:
Nothing could be more humane than the American capture of this town. General Merritt's and General Dewey's plan was to spare every object but the defenses and the trenches. Apparently the American losses were extremely small. The Spanish entrenchments varied in point of distance from two to four miles from the center of old Manila.

Defending this long line of at least ten miles were not over 5,000 Spanish regular troops, volunteers and natives. About half that number were in the hospital. The attacking force numbered from 10,000 to 20,000 men and 20,000 Americans, on shore and aboard the fleet. In every respect the advantage was on the side of the attack. The American field guns threw heavier metal and had longer ranges than the Spanish, the marksmanship of the United States gunners was much superior to that of the Spaniards, and the men were stronger and in better condition. The Spaniards are a small race compared with their stalwart opponents, and worn out by a hundred days' siege and disappointed by the failure to arrive of the promised Spanish relief squadron, they had lost heart. It was a hopeless struggle.

Looking over the bay it was curious to notice how the foreign fleets arranged themselves according to their sympathies. The English and Japanese were near the Americans and the Germans and French on the opposite sides of the bay, north of the Pasig river. The British cruiser Immortal and her consort kept fairly near the American line. The attacking squadron formed in lines between Malate and old Manila, with the Concord watched the fort at the mouth of the Pasig. The American fleet lay outside the breakwater.

The Olympia fired the first shot at 9:40, and a fairly continuous but by no means furious cannonade was kept up until 11:20. By that time the Malate fort was silenced, and the American troops then stormed the entrenchments. The Spaniards who were in the earthworks say that the quick firing guns of the little gunboat Rapido, which lay close to the shore, were far more terrible in their effects than was the raking fire of the ships.

Resistance to the American attack was impossible. The First Colorado regiment was the earliest to charge the Spaniards, who retired to the second line, but, soon outnumbered, they were forced into the old city. A part of Malate suffered severely from the bombardment. The vaulted intramuros defenses were not tried.

The Spanish commander, convinced that further resistance was hopeless, hoisted a white flag at 1:30 and the order to cease firing was immediately issued in the center of the town, but in the outskirts street fighting continued for some time afterwards between the rebels and Spaniards. The only fear felt in the city is in regard to the conduct of the insurgents.

As the white flag was hoisted General Augusti and his family were taken on board the German cruiser, and the Kaiserin Augusta steamed off immediately for Hong Kong.

DEWEY'S AMBITION.

He Has Probably Ere This Captured Two More Ports and Several Spanish Steamers.

Hong Kong, Aug. 17.—Consul General Wildman yesterday received a report from Admiral Dewey saying that it was intended after the capture of Manila to dispatch cruisers on Aug. 14 to Iloilo and Cebu to accept the surrender of those ports, and also to send cruisers to Port Royalist, in Talawan, to capture the Spanish gunboats hiding there. Another ship was detailed to capture the Spanish steamers plying between Labuan and Iloilo. Four Spanish gunboats at Bataan, in Panay, were also to be captured.

Consul Wildman credits the report and says that should the vessels have left before the arrival at Manila of the British steamer Australia, which was chartered to carry the news of the signing of the protocol and the cessation of hostilities to that place, it will be an impossibility to recall the vessels in three weeks.
General Augusti yesterday said he did not know that the Kaiserin Augusta was to sail for Hong Kong. He was informed that a launch was awaiting him, which he boarded and was taken to the Kaiserin Augusta, which immediately started for this place.

This statement is considered an equivocation, as General Augusti evidently knew his destination and his escape was prearranged. Augusti will start for Madrid today by the German mail steamer.

On Monday a deputation of Hong Kong Filipinos, headed by Agoncillo, high commissioner and ambassador of the Philippine provisional government, waited upon General Wildman and congratulated him, on behalf of Agoncillo, upon the splendid success of the American arms in the Philippines and the happy termination of the war in favor of America, and requested Mr. Wildman to wire President McKinley their congratulations and assurances of their allegiance and an expression of their hope that the Filipinos will be represented on the Philippine commission. Agoncillo, on behalf of the Filipinos, expressed the desire that Consul General Wildman be appointed on the commission.

A CAMP LETTER.

The Boys at Dunn Loring Complain of Bad Weather.
Dunn Loring, Aug. 15.—We have just passed through the most miserable weeks since our encampment here. There was nothing but rain and mud and considerable damage was done to farms and railroads in this part of the country. Some of the boys went to Washington on Friday and did not get back to camp that night, a bridge having washed away. A large number of the boys visited Washington yesterday. Some went to church and others took in the sights. It required seven passenger coaches to bring the soldiers back to camp.

The latest rumor in camp is that we are to leave here this week for Middleton, Pa. The boys are hoping it is official, as they are anxious to leave this part of the country. They want to get to a place where there is a little more life than here. They would be better pleased if they went to Sea Girt, N. J. Death has visited our regiment again. Private George Moser, of Co. A, died yesterday from typhoid fever, at Fort Meyer hospital. It is a severe blow to his father, who is a member of the same company. This makes the second death in the 8th Regiment since we left home. Moser had been sick two weeks. Our flag is floating at half mast out of respect to him.

Private Lewis Hopkins and Private James Gentry visited the family of the late Leokie family, formerly of Shenandoah. They also attended church services.
Capt. Danks, Sergeant Brown, Sergeant Abrams, Corporal Danks and Private James Gibson took a trip down the river yesterday. Private Carnalick has captured another snake. It measures about three feet in length.
Private Butler, of tent No. 5, would make a good showman, especially as lecturer on the curiosities. He has a good pair of lungs, judging by the noise he makes.

Our company was photographed in a body to-day by a New York firm. There will be a big sale for the photos.
William Y. Bees, of Co. H, 13th Regt., is assisting at one of the stands at which ice cream, temperance drinks and other refreshments are sold.
Harry Gwynn, of the same company, visited Alexandria yesterday. He has visited every place within a radius of 50 miles from camp and is determined to see all that is worth seeing in this vicinity.
Sergeant Craven will be on guard to-morrow.

Private Harry Livers and Charles Kissinger are visiting Washington to-day.
Chief Baker James W. left camp on Friday to spend a furlough at Shenandoah and other places.
Private Stephen Lindonmuth looks as good as when he left home. The sun has no effect upon him.
Private Grant Troutman attended services in the Y. M. C. A. tent last evening.

In His Own Interest.
Mr. B. J. Yost, one of the Republican candidates for the Legislature nominating in this district, emphatically denies the report that he is a candidate for the purpose of assisting the nomination of Dr. Keitzel, or any other candidate than himself. Mr. Yost reiterates that he is endeavoring to make a fair and best campaign for the nomination and he will go before the convention on that basis.

Steel Trusses Placed.
The Pennsylvania Railroad bridge builders last night succeeded in replacing the wooden trusses spanning the P. & R. Railway tracks at Wiggins with a steel structure. The work was done quickly and without accident, with the aid of trucks and large hydraulic jacks, and completed before the early morning traffic started.

Picnic Exploited.
The picnic of the Methodist Episcopal Sunday school, which had been announced for Friday, Aug. 19th, at Lakeside has been changed to to-morrow, the 18th inst., as Friday is a working day at the collieries and Thursday an idle one.

To Ocean Grove.
To enable those desiring to attend the camp meeting at Ocean Grove the Reading Railway will run a special excursion on Aug. 23d. Tickets good for nine days, 4.00. Train leaves at 9:34 a. m.

The Heavy Rainfall.
Unusually heavy and continued rains marked the month of August, and as a result the many dams and reservoirs in the region were filled, and most of them overflowing. Engineer Stauch, of the P. & R. C. & I. Co., has kept an accurate account of the rainfall, which shows that from the first of August to date the rainfall was 8 inches, or 24 inches more than the average rainfall for the entire month of the previous year.

ARTILLERY RECRUITS.

Orders Issued Stopping the Enlistment of Infantry Men.

The Last Squad Left To-Day.
They Numbered Twenty-Six Men, Making a Total of Nearly Two Hundred.

Heavy Artillery Recruits Are Now Wanted For Fortresses Monroe.

The residents of town who were desirous of joining the infantry of the United States Army and did not get to the recruiting station before 12 o'clock, noon, to-day are now barred out, as orders have been received by Lieut. Siviter to suspend recruiting men for the infantry and open the lists for men who want to enlist in the heavy artillery and go to Fortress Monroe, Va. With the exception of the men who are retained as clerks and attendants at the recruiting station, no more infantry men will be sent out. The last squad, numbering 26 men, left town to-day on the 3:02 p. m. Penn. R. R. train.

It is doubtful that the artillery recruits will be as numerous as those for the infantry. The former service is preferable to many, but the examination is more strict than that for the infantry, especially with reference to the educational qualifications, although not so much so as to require the applicant to be a scholar. Lieut. Siviter commenced receiving applications for the artillery this afternoon and will continue to do so until further orders from headquarters. His story here will also depend on the number of recruits required each day. Should there be a falling off and orders to stop recruiting are not received from headquarters, Lieut. Siviter will probably go to Hazleton.

Schroeder P. Owens, of Lost Creek, who was clerking at the recruiting station the past few days, was among the men who left town to-day for Camp Litch Springs. The total number of men sent away, including to-day's squad, is 169. There was the usual escort of the G. A. R. men and drum corps to the railway station this afternoon and a great crowd of people assembled at the train to witness the departure.

The following is the official list of the recruits who were sworn in to-day and left for Camp Litch Springs, Georgia, together with their birthplaces as given when they applied:
Howard Neff, Williamsport.
Sobreski Owens, Lost Creek.
Enoch Zagorski, Russia.
Frank Jackowski, Williamsport.

A Voluntary Account.
On the first Monday of September, next, arbitrators will be appointed in the case of J. Claude Brown, M. R. Stein and Frank Coury, liquidating trustees of the Shenandoah Feed and Lumber Company against John M. Robbins, to recover \$2,800.00, with interest from March 14, 1893. The claim is founded on a book account of the company for lumber, building material and grain alleged to have been sold and delivered to the defendant during a period of nearly nine years, from April 23, 1884, to March, 1893. A copy of the account taken from the company's books of original entry and covering about ninety pages forms a part of the record. M. M. Burke, Esq., is counsel for the trustees.

\$2.85 to Atlantic City and Return

Wedded at Plymouth.
In the Lithuanian church, at Plymouth, Luzerne county, at eleven o'clock this morning, the holy bonds of matrimony were performed upon Joseph Kepchinski, of town, and Miss Anna Divilute, of that place. Rev. Zelinski, rector of the church, officiated. The groom was attended by John Medalla, of town. Mr. Kepchinski until recently was a partner in the Arcade cafe with his brother, Matt Kepchinski. He and his bride will arrive in town to-night.

At Payne's nursery, Girardville, you will find the largest stock ever seen in the county.

Real Estate Transfers.
Deeds for the following real estate transfers were filed for record: From John P. Geiger and wife to Susanna Wadsworth, premises in North Main township; from Ed. F. Hauser and wife to Harrison H. Eddy, premises in Rush township.

Pardon Board Did Not Meet.
There was no meeting of the Board of Pardons at Harrisburg to-day, as was generally supposed. A telegram from Harrisburg says the Board will not meet until the third Wednesday in September, when they will take up the case of Thomas J. Joyce, editor of the Mahanoy City Black Diamond. His friends are active in behalf of a pardon.
