#### YELLOW FEVER VICTIMS.

Three Cases Among Soldiers at Key West | Dr. Miles' Nervine Restores Health. and Four at Montauk Point Sev-

eral Suspected Cases. Washington, Aug. 17.-Surgeon General Sternberg has received the folwing dispatch from Surgeon Borden, at Key West, regarding the yellow fev-er there: Three cases of yellow fever and three suspected cases officially reported at marine barracks here. for men at this hospital, mostly from the Fifth corps, ready for duty, and 31-convalescents able to travel." Similar information to that referred

by General Sternberg came to Surgeon General Wyman, of the marine hospital service. The inter at once instituted steps for the purpose of obtaining data showing the origin of the disease and to prevent its spread to other places. A representative of the marine hospital gervies has been sent to Key West to confer with the naval officer and with the state officials, and all necessary measures to restrict the fever to its present limits will be taken. Dr. Wyman is hopeful, in view of the isolated position of Key West, that this can be successfully accomplished.

According to reports received at the marine hospital service two of the six vessels which have arrived at Montank Point, L. L. with troops from Shafter's army, were infected. One of val has just been reported to the bu-reau, had four cases of yellow fever abourd and a number of "suspects."
