MAKE IT PUBLIG.

Publicity Counts-That's What the People Want Shenandoah Expression on the Subject.

Make it public.

Tell the people about it.
Gratitude promotes publicity.
Grateful citizens talk.
They tell their neighbors—tell their friends.

The news is too good to keep. Everybody should know about the little "Bad backs" are numerous.

So lew understand the cause.

Many Shenandoah people are learning.

And better still they're being cored.

Lame backs are lame no more.

Weak ones regain their strength. This is the everyday labor in Shenandosh.

Pabinet Officers Perfecting Arrangements For Their Government.

CARRYING THE MAIL TO CUBA.

A Steamer Leaves New York With the First Lot of Mail Since the War Began-An Effort to Re-establish Cable Communication With Manila.

Washington, Aug. 17.-Gradually the framework of a government for the civil administration of affairs in Cuba, Porto Rico and such portions of the Philippines as this government con-trols is being formed. The developments of this plan of internal administration occupied much of the attention of the cabinet yesterday, and later Sec-retary Gage, Attorney General Griggs, Postmaster General Smith and Acting Secretary of State Moore held a tw hours' conference at the state department, going over the infinite detail of setablishing a civil administration. General Corbin was present part of the time. At the outset the military aupecially when on my feet. I was told by an thorities will be in charge of all ad-acquaintance, a farmer living up the valley, that in initiatrative affairs in Cuba. Porto Rico and other acquired possessions. But the military forces can do little more than direct orderly execution of af-fairs. The carrying on of postal communication, the collection of customs etc., are civil functions which will be taken in hand by the appropriate bu-reaus here, the entire work being under helped me like they did. > Already steps have been taken to re store mail communication between this country and Cuba, but the plans now under consideration are likely to take in the question of handling mail inside of Cuba, Porto Rico and other points. A mail steamer left New York teday, carrying the first lot of mail to Cuba, which has left New York since the war began. The Spanish government has been quite solicit-ous ms to the method of administering affairs in the Antilles, owing to the large Spanish interests remaining there. The French ambassador has re-ceived a number of inquiries in this line, and these have been laid before the state department.

Yesterday the government began an effort, through diplomatic channels, to re-establish cable communication with Manila. It is believed by officials that the efforts will prove successful, although some days may clapse before the diplomatic representations have borne fruit. The cable out of Manila is under the control of a British company. The line is understood to be cut near Manila, but Admiral Dewey has buoyed the severed ends, so that a connection can be restored if the company will permit the line to be operated. Pending the renewal of this cable route the authorities here remain without direct advices from the ported bombardment and surrender of Manila last Saturday. The fact that the city has passed into American hands is accepted as practically certain by the authorities here, although there is nothing yet from Admiral Dewey or General Merritt. It is expected that a dispatch boat may bring advices to Hong Kong at any time, as a move of this important character would not be allowed to pass without getting speedy

communication to Washington.
The anouncement of Admirals Sampson and Schley as members of the military commissions for Havana and San Juan, respectively, will have the effect of taking these officers from their duty on shipboard for a time. The navy department will relieve them of their commands temporarily while the com-missions are in session. In the absence of Admiral Sampson, Captain Philips, who is hie senior officer, will probably be in temporary command of the fleet.

Allbon and Gorman Decime

Washington, Aug. 17.—The authorita-live announcement is made that Senaor Allison, of Iowa, will not be a member of the peace commission. In a long Interview yesterday a membership on the commission was urged upon him by the president, but Mr. Allison was not able to accept on account of other im-portant duties. It is understood that the president has tendered to Senator Gorman a place on the commission, and that he has declined the offer. The president now, it is stated, is looking about for another Democratic senator for the place.
