AN OHIO SENSATION. Report That John R. McLean Will Enter McKinley's Cabineti

Dayton, O., Aug. 23.-A special from the Cincinnati Times-Star was reproduced in the papers here that John R. McLean would not be represented by Chairman Dan McConville, Lewis G. Bernard or any other of his former lieutenants who are in the Democratic state convention, and the reason for him not taking part was said to be due to the report that John R. McLean is to succeed General R. A. Alger as secretary of war in McKinley's cabinet. This caused more stir among the delegates than anything that has been sprung for years at Ohio conventions. Although McLean was prominently before the last Democratic conventio for the presidential nomination, and would have been elected senator in place of Hanna if the Democrats had carried the legislature last November and although his paper, the Cincinnati Enquirer, was considered a leading advocate of Bryan and free silver, the story about McLean probably becoming the successor of Alger was believed by many of the delegates. They cited the case of Hayes appointing Keys, a southern Democrat, as his postmaster general, and later of Cleveland making Gresham his secretary of state, and said that McKinley had appointed Lee. Wheeler and other Democrats to lead-ing places and that greater surprises in politics than this had happened. It was conceded if McLean should beome McKinley's secretary of war, and the Cincinnati Enquirer an administration paper, that it would cause a political revolution, as McLean and his paper have been the most potential factors in this state, as well as in Kentucky, Indiana and other states for
