OUR COUNTRY: First, Last and Forever.

THE HERALD joins with hundreds of other political and personal friends in Shenandoah in congratulating Maj. John F. Finney upon his appointment to an important Federal position. He has well earned that honor by faithful party service.

HAD the editor of the Miners' Journal witnessed the "war of words" between Quay and Brumm, he would not make the glaring mistake of saying they "combined to secure recognition" for this county in federal appointments.

IT is amusing how some people squirm when their toes are pinched. The Miners' Journal is not only "a barnacle" but advocates the retention in office of men who have grown fat at the people's expense, which fact is looked upon by the people generally as a detriment to party success. If the Journal will shake off its lethargy for awhile and commune with the people, it will realize that there is a demand for the retirement of the Journal's coterie of "barnacles."

### Democrats as Reformers.

The position of our Democratic contemporaries at this time calls to mind the remarks emanating from the same source at the time of the organization of Council last March. The Democrats secured control of that body by a majority of two—the Citizens having but six members. The prediction was then made that it would prove to be a reform Council, and that legislation would be solely in the interest of economy and good government.

Six months of Democratic administration of the borough's affairs has shown an entirely different state of affairs from that predicted by the organs and leaders of the Democratic party. The majority members had hardly warmed their seats before they increased the police force to seven members, entailing an extra expense upon the people to the tune of $1200. This was soon followed by increasing the Solicitor's salary to about double paid in former years. We might go on in this strain and produce evidence to show that our Democratic friends are reformers only when out of office, and that their ante-election professions are simply so much buncombe, but these facts are well known to the taxpayers.

The last meeting of Council, however, developed a strong "reform" mania on the part of our Democratic friends that is anything but pleasing to the taxpayers of the borough. Besides voting for an expenditure of $30,000, in the face of the present financial condition of the borough, the majority members displayed rare ability as financiers in another direction. The borough purchased new hose at a cost of over $1,000. They received from the Wm. Penn Coal Company, for hose destroyed in fighting the fire at that colliery, a little less than $800. Instead of appropriating that money at once for the purchase of the new hose, which was just and proper, they place a debt on the borough for $1,000, to be paid within two years, and, as one of the members stated, will expend the $800 for other and unnecessary purposes. There is no justification for such action, and it is safe to say that not one of those who favored the proposition would conduct their private affairs upon the same principle. Unnecessary positions have been created and salaries increased to an extent that the revenue of the borough does not warrant.

This is the record of the Democratic reform administration for six months, and what the remaining six months will bring forth the people are left to conjecture. It is certainly not very gratifying to the taxpayers of the borough. The record of the Citizens party for the year previous is in direct contrast to the present regime. The members of the Citizens party, now in the minority, opposed the creation of unnecessary offices and the increase of salaries,

**Nervous** Weak Tired. Thousands are in this condition. They are despondent and gloomy, cannot sleep, have no appetite, no energy, no ambition. Hood's Sarsaparilla soon brings help to such people. It gives them pure, rich blood, cures nervousness, creates an appetite, tones and strengthens the stomach and imparts new life and increased vigor to all the organs of the body.

**Hood's Sarsaparilla** is the One True Blood Purifier. All druggists. $1.

**Hood's Pills** cure all Liver Ills. 25 cents.

# OLD AGE

When people get old their blood becomes old, too. It gets full of acids and impurities, and those things cause Rheumatism, Kidney, Urinary and Bladder Diseases come also, and aged men and women suffer untold aches and pains. Premature death is nearly always due to neglect. Life can be prolonged without question if a little attention is paid to the symptoms which plainly tell of danger.

**Dr. David Kennedy's Favorite Remedy** drives every taint of impurity from the blood, and thus Rheumatism is overcome. Its mild but positive effects upon ailments of the Kidneys and Urinary Organs are widely known. It is sold at druggists for $1 a large bottle.

SAMPLE BOTTLE FREE.—If there is a sediment in your urine after standing a while; if you have frequent desire to make water, especially at night, and there is pain in passing it; if your urine stains linen—these are sure signs of Kidney and Bladder Disease; or if you have Rheumatism or are Constipated, send your name and address to the Dr. David Kennedy Corporation, Rondout, N. Y., and *mention the name of this paper*. A sample bottle of **Favorite Remedy**, with circular of valuable information, will then be mailed free. This offer is genuine.

and other useless expenditures, but their efforts in this direction were futile. The majority was against them.

In view of the present feeling among the taxpayers, it is safe to say that the political complexion of the Council will undergo a radical change next Spring. In the meantime, it is to be hoped that the taxpayers' meeting to-night will have a deterrent effect upon the majority of Council, and that there will be no further useless expenditure of the people's money.

### A Clever Trick

It certainly looks like it, but there is really no trick about it. Anybody can try it who has lame back and weak kidneys, malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to the liver and kidneys, is a blood purifier and nerve tonic. It cures constipation, headache, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c. a bottle at A. Wasley's drug store.

## BRITISH LIBERAL VICTORY.

### Sir Herbert Leland Wins the Seat Long Held by Curzon.

London, Aug. 25.—The election for the seat in the house of commons for the Southport division of Lancashire, made vacant by the acceptance by Mr. George N. Curzon of the viceroyalty of India, was held yesterday, and resulted in the return of Sir Herbert Naylor-Leland (Liberal), by a majority of 272 votes over his Conservative opponent, Skelmersdale. At the last election for the seat Mr. Curzon, in the Conservative interest, was returned by a majority of 764.

The result of the election is a bad defeat for the government. Mr. Curzon having held the seat since 1886. Peculiar circumstances affected the contest. A section of Liberal Unionists, headed by the chairman of the local Unionist association, declined to support Lord Skelmersdale, on the ground that now that the home rule agitation is dead, there is no longer any need for Liberals to vote for Conservatives. Thereupon Mr. Chamberlain, secretary of state for the colonies, plunged into the fray with a letter urging the Unionists to vote solidly for Lord Skelmersdale, because home rule was not dead, but only sleeping.

### Aged Widow Attacked by Robbers.

New York, Aug. 25.—Mrs. Frederick Mines, a widow, 70 years old, who lives on the road leading from Summit to Murray Hill, N. J., was attacked while in bed by two unknown men at 2 o'clock in the morning. She was dangerously wounded by being struck on the head with some blunt instrument. Her assailants rifled a trunk in the room and secured $308 and a bundle of papers containing deeds and other valuable documents. While another trunk was being rifled Jeptha Mines, a 7-year-old grandson, who had been awakened by the noise, attempted to give an alarm and was knocked senseless with the butt end of a revolver. Mrs. Mines, who had only been stunned by the blow she received, procured a revolver belonging to her son and fired at the thieves as they ran through a field.

### Chauncey I. Filley Defeated.

St. Louis, Aug. 25.—After two days' session the Republican state convention, which was the largest and most harmonious ever held in Missouri, ended its labors and adjourned sine die last evening. The following ticket was nominated: Supreme judge, long term, G. A. Finklenberg, of St. Louis; supreme judge, short term, Edward Highbee, of Lancaster; railroad and warehouse commissioner, W. S. Hathaway, of Mexico; superintendent of public instructions, Professor John R. Kirk, the present incumbent. The most important work of the convention was the turning down of Chauncey Ives Filley, who for 25 years, off and on, had been chairman of the Republican state committee. T. J. Atkin, a banker and business man of Humansville, was elected to succeed Filley as chairman.

### Brutal Drunken Murderer.

Mount Holly, N. J., Aug. 25.—Because his wife had left orders that a certain sum of money due her should not be paid to him, Thomas Test, a resident of Cookstown, came home in a rage on Monday night. He had been drinking heavily, and when the members of the family sought to avoid him he seized a kettle of boiling water from the stove and threw the contents over his 8-year-old stepdaughter, Mary Mathis, scalding her so badly that she died soon afterwards. Test has fled.

Keene, of Sanborn county; secretary of state, W. H. Riddle. Robert J. Gamble, of Yankton, and Charles H. Burke, of Pierre, were nominated for congress.

### Germany's Increased Army.

Berlin, Aug. 25.—It is estimated that the contemplated increase in the German army will amount to 22,500 men, involving an extra annual outlay of 14,000,000 marks, besides additions to the artillery and other services.

## SPANISH SOLDIERS HOME AGAIN.

### The Troops Defeated at Santiago Were Warmly Welcomed at Corunna.

Corunna, Aug. 25.—The Spanish steamer Alicante, with the first of Spain's repatriated soldiers who arrived from Santiago de Cuba, reached here yesterday. Enormous crowds gathered on the quays, but were not allowed to get near the vessels for fear of the yellow fever contagion. All the military and civil authorities were present.

Some of the sick were taken to the Oza Lazaretto, where they will be quarantined. Others will be kept five days in hospital ships before they will be dispatched to their homes. Those who are in good health were promptly disembarked. There was no yellow fever on board, though 6 died of other diseases during the voyage.

The queen regent sent a message to the troops on board the Alicante congratulating them upon their conduct in the field, and saying that she proposed to be the first to welcome them home. The reading of the dispatch was received with great enthusiasm.

### The Pennsylvania Troops.

Middletown, Pa., Aug. 25.—It is believed in military circles that after the Sixth Pennsylvania regiment has been mustered out the Second, Ninth, Twelfth, Thirteenth, Fourteenth, Fifteenth and Eighteenth will be ordered home. Major Generl Graham has decided to brigade the Eighteenth Pennsylvania, Tenth Ohio and Second West Virginia with the Third battalion of the Sixteenth Pennsylvania. This battalion will not, however, be attached to the Eighteenth to bring it up to a three battalion formation, as was proposed, but will probably be kept at Middletown until late in the fall, and then ordered to Porto Rico to join the First and Second battalions, in command of Colonel Hullings, of Oil City.

### Praise For War Board.

Washington, Aug. 25.—The navy department yesterday gave out a letter addressed by Secretary Long to Rear Admiral Sicard, president of the war board, in recognition of its services. The letter declares: "I cannot, though absent from the department, forbear to express to you, and through you to your associates on the board—Commodore Crowninshield and Captain Mahan (retired)—the very high appreciation which the department has of the services it has rendered since the war began. Intelligence, wise judgment, comprehensive forethought and unfailing competency to meet every exigency have distinguished their deliberations and action."

A stubborn cough or tickling in the throat yields to One Minute Cough Cure. Harmless in effect, touches the right spot, reliable and just what is wanted. It acts at once. C. H. Hagenbuch.

### Transports For Cuba and Porto Rico.

Washington, Aug. 25.—Assistant Secretary Meiklejohn, of the war department, is contemplating the establishment of a line of transports from New York to Havana, Santiago, Ponce and return. It is expected that the line will be ready for operation next week. Havana will not be on the route at present, but as soon as that port is open the war department's line of transports will touch there. Operations would begin at once, but the transports are now being used for carrying troops. The transports will run on schedule time, and have scheduled dates for departure and arrival like any other ocean steamship line.

### Carlist Activity Continues.

London, Aug. 25.—The Madrid correspondent of The Daily Mail says: "It is sufficient that the principal Carlists here are registering their property in the names of other persons to prevent its confiscation in the event of trouble. The military judge at Barcelona has ordered a court martial on a sergeant, two corporals and several soldiers who were trying to recruit among the garrison for the Carlists. Carlist disturbances are reported in several small towns in Aragon, caused by the closing of the Carlist clubs.

### Wyoming Valley Storm Swept.

Wilkesbarre, Pa., Aug. 25.—The Wyoming valley was storm swept again late yesterday afternoon. The rain came down in torrents, and the thunder and lightning was terrific. Many houses and barns were struck by lightning. The only fatality, however, was that of Gilbert Curry, the school teacher at Plains. The house of George Oplinger, at Miner's Mills, was struck. The current passed down the chimney and out of the fireplace. Mr. Oplinger, who was sitting in the kitchen, was badly shocked. The large flagpole on the big Jonas Long building, in this city, was struck and shattered to pieces. Several women in the building fainted. In the rural districts large trees seemed to be special marks for the lightning.

### Murder in the First Degree.

Lancaster, Pa., Aug. 25.—The jury in the case of Ralph W. Wireback, who since Monday of last week has been on trial here for the murder of David B. Landis, late yesterday afternoon brought in a verdict of guilty of murder in the first degree, after less than three hours' deliberation. His counsel made a motion for a new trial. Wireback killed Landis on the 7th of April last, when the latter, accompanied by deputy sheriffs, visited his home for the purpose of ejecting him, the premises having been sold, and Wireback refusing to vacate. The defense was insanity, and a large amount of expert testimony on both sides was heard. Wireback did not display the slightest emotion when the verdict was rendered.

## THE DELAWARE POISONING.

### An Important Piece of Evidence Made Public in Stockton, Cal.

San Francisco, Aug. 25.—Mrs. D. A. Botkin, who is accused of causing the death of Mrs. J. P. Dunning and Mrs. J. D. Deane, of Dover, Del., is now in the city prison here, having been brought from Stockton yesterday. Mrs. Botkin declined absolutely to talk to newspaper representatives, but to the chief of police she earnestly protested her innocence.

What the police regard as an important piece of evidence was made public in Stockton yesterday. Frank Gatrell, a salesman in the Wave candy store, at that place, says that about three weeks ago a woman came into the store and asked for a four-bit box of candy, saying that she had some candy that she desired to put in the box with some of the store candy. Gatrell gave her a box which did not have the firm name on it. The candy which she put in looked old to him, and it scarcely half filled the box. He says he did not observe the lady closely, and can only describe her by saying that she was of medium height and build. W. E. Kuhn, proprietor of the store, says he would know both the box and the candy again should he see them.

### Deadly Hurricane in Syracuse.

Syracuse, N. Y., Aug. 25.—A hurricane in this city yesterday afternoon did thousands of dollars' worth of damage. The roofs of four factories were blown off. Three men employed at the power house of the Lakeside Railroad company were badly injured by the west wall of the building falling, and one of them, Electrical Engineer Carl Dingan, may die. Another man is believed to have been fatally injured by being blown from the roof of a factory. Part of the roof of the Church of the Assumption was blown off, and the statue of the Virgin Mary was blown off and lodged in the cellar. Toney Metrof, an Italian laborer, was instantly killed by a live wire falling on him.

No man has a right to marry a woman and make her his nurse during long years of continued ill-health. A sick man cannot be a good husband, a good provider, a successful business man or a useful citizen; a man had better be dead and done with it than to be a life-long invalid, a nuisance to everybody and especially to the woman whom he has vowed to love, honor and protect.

The trouble with the average man is that he has not the least conception of the causes of ill health or the right way to go about remedying them. A little indigestion or biliousness in themselves are not serious complaints, but if negleted they may develop into almost any disease in the medical books. Dr. Pierce's Golden Medical Discovery cures many serious diseases by promptly removing the causes. It braces up the weak and impaired stomach and restores the appetite. It invigorates the liver and all the secretory glands. It facilitates the flow of digestive juices. It makes the assimilation of the life-giving elements of the food absolutely perfect, and thus enriches the blood. Disease germs are scavengers, and will not enter healthy blood or tissue. They must have the inert tissues of disease upon which to feed. The "Golden Medical Discovery," by enrichening the blood, tears down old and inert tissues and builds up new and healthy ones. It wards off consumption and cures bronchial and throat affections which, if neglected, lead up to consumption. All medicine dealers sell the "Discovery."

"Eight years ago my husband coughed all the time," writes Mrs. M. J. Tedder, of Ellington, Reynolds Co., Mo. "Just as soon as he had finished a meal he would throw up. He was getting very weak. He took half a dozen bottles of Dr. Pierce's Golden Medical Discovery and the 'Pleasant Pellets,' and says he feels better and stronger than ever before and weighs more. Everyone said he had consumption."

## INSURGENTS WITH US.

### The Philippines Rebels Would Submit to Either an American or British Protectorate or Annexation.

Manila, Aug. 25.—At a conference yesterday between the insurgents and the Americans the former declared emphatically that they were willing to co-operate with the Americans and to surrender their arms promptly if assured that the islands would remain either an American or a British colony or under the protectorate of the United States or Great Britain. Otherwise, the insurgent leaders asserted, they would not dare disarm, but must positively refuse to do so. They threaten a fresh rebellion within a month if the Americans withdraw.

The natives assert that the religious orders are instigating opposition to American supremacy.

The United States transports Rio Janeiro and Pennsylvania arrived yesterday, the former bearing two battalions of South Dakota volunteer recruits for the Utah light artillery and a detachment of the signal corps and the latter the First Montana volunteers and 300 recruits for the First California volunteers.

Many Spaniards assert that they are eager to invest their fortunes in new enterprises, but that they fear ruin if the Americans withdraw. A few monopolists, fearing competition, are secretly intriguing against the new regime.

Newspapers published in both the English and Spanish languages have already appeared.

You invite disappointment when you experiment. DeWitt's Little Early Risers are pleasant, easy, thorough little pills. They cure constipation and sick headache just as sure as you take them. C. H. Hagenbuch.

### California's Republican Leader.

Sacramento, Cal., Aug. 25.—The state Republican convention yesterday nominated Henry Gage, a Los Angeles attorney, for governor. Gage had only one opponent, George C. Pardee, of Oakland, who, before a ballot was taken, withdrew in favor of Gage. The nomination was then made for Gage by acclamation. The platform reaffirms allegiance to the national platform in St. Louis in 1896 and extends the thanks of the Republican party to the soldiers and sailors of the army and navy.

### Three Hundred Miners Drowned.

London, Aug. 25.—A dispatch from Vienna to The Daily News says that 300 miners were drowned by the flooding of the Kasinuir coal mine at Nience, near Schnowise, Silesia, three days ago.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick headache. They don't gripe. C. H. Hagenbuch.

### Killed at a Political Meeting.

Columbus, Ga., Aug. 25.—Hon. Thos. M. Adams, Democratic nominee for the legislature, has been assassinated at Giles, a country town in Chattahoochee county. The deed was committed in a general row at a political gathering. A dispute between John Davis, a negro school teacher, Democrat, and William Bagley, Populist nominee for the legislature, precipitated a general fight in which several shots were fired. Mr. Adams was a bystander, and received a bullet in the temple and one in the heart.

### More Troops For Camp Wikoff.

## THE OHIO DEMOCRATS

### Nominate a Full State Ticket and Declare For Bryan in 1900.

Dayton, O., Aug. 25.—The Democratic state convention yesterday nominated the following ticket: For secretary of state, Upton K. Guthery; judge of supreme court, Hugh G. Nichols; clerk of supreme court, David S. Fisher; food and dairy commissioner, John Baker; member of the board of public works, T. Dwight Paul. The convention adjourned at 5 p. m., after being in continuous session all day. There was no incident of special interest after the contest between Joseph P. Dowling and Allen O. Myers had been declared a draw in the interest of harmony.

The effort to get a new plan of party organization in Ohio failed of final adoption, but it was given another chance by such reference as will bring it up next year. The new organization seems to satisfy those working for the nomination of Paul J. Sorg for governor next year, and is not displeasing to the McLean, Bliss or other elements, and the campaign this year will be made on the Hanna issue and next year on Senator Foraker for not taking steps against Hanna. While the resolutions do not favor unlimited colonial expansion, General Findlay, chairman of the convention, said the platform meant to expand by the consent of those to be governed. The most decisive feature of the convention was its preference for Bryan in 1900 on the same platform as in 1896.

### Urging the Cubans to Disband.

Washington, Aug. 25.—The representatives of the Cubans in the United States are still making every effort to secure the disbandment of the Cuban forces and acquiesce in the policy of the United States in Cuba. Letters are being sent and arguments made to the Cuban leaders pointing out that the interests of the Cubans lie in cooperation with the United States authorities. Little or no information has been received as to what effect these representations will have upon the leaders in Cuba, but it is believed that amicable relations can be brought about when the Cubans are persuaded that it is to their interest to accept the situation as the protocol leaves it.

# From Extreme Nervousness.

THAT no one remedy can contain the elements necessary to cure all diseases, is a fact well known to everyone. Dr. Miles' *System* of Restorative Remedies consists of seven distinctively different preparations, each for its own purpose.

Mrs. L. C. Bramley, 37 Henry St., St. Catherines, Ontario, writes: "For years I suffered from extreme nervousness and annoying constipation, developing into palpitation and weakness of the heart. I was unable to sleep, suffered much from headache, pain in my left side, palpitation and a constant feeling of weakness and prostration. I began using Dr. Miles' Nervine, Heart Cure and Nerve and Liver Pills and the Anti-Pain Pills to relieve sudden paroxysms of pain and headache. I soon felt much improved and the pains and aches and weariness left me. I then took Dr. Miles' Restorative Tonic and am now restored to my former good health."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address,
