

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the California Fig Syrup Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the California Fig Syrup Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALI-FORNIA FIG SYRUP Co. with the medieal profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakesting them, and it does not gripe nor nauscate. In order to get its beneficial effects, please remember the name of the Company -

Commercial Exchanges Present Encouraging Reports.

CONFIDENCE AMONG INVESTORS

Europe Has Not Wearled of Buying American Securities, and Our Own Investors Are Not Withholding Their Money-Decrease in Price of Wheat.

New York, Aug. 27.-R. G. Dun & Co. In their weekly review of trade, say: The volume of business reflected in exchanges at the principal clearing houses is 20.4 per cent, larger than last year and 26.8 per cent, larger than in 1892, heretofore, the year of the largest business and highest prosperity ever known. Part of the increase was due to speculation at New York, but there remains a healthy increase over the best of previous years, and though in some branches business is not satis-factory in character, in nearly all it is larger in volume than ever before. No unfavorable change appears in the prospect of crops upon which the welfare of the country so largely depends, nor is there present or threatening financial disturbance. Europe has not wearled of buying American securities, al-though some speculators have been selling, nor is there shown any want of confidence among American investors.

Comparisons as to foreign trade are apt to mislead, because imports last year were extraordinarly small, after big rush to anticipate new duties, while exports were beginning to show the phenomenal demand which made the year quite the most remarkable in our history. Hence the decrease of 13 per cent, from New York in August thus far is not alarming, but sales of products yet to be forwarded are large, and have stopped any advance in the current rates of foreign exchange. Nor is it at all disheartening that imports at New York for the month thus far

spring wheat has apparently begun to move in the northwest, and that the promise of large yields alike in wheat and cotton has tended to depress quo-

THEIR PASSAGE AN OVATION.

At Charlotte, N. C., the Widow of the Famous Confederate Soldier, Stonewall Jackson. Passed Through the Hospital Train-Patients Improving.

Greensboro, N. C., Aug. 27.-If there was anything further needed to demonstrate the fact that the sectional line has been obliterated for all time between the north and south, it was the magnificent oyation given the Philadelphin hospital train which passed through yesterday with the sick soldiers of the Third Pennsylvania regiment on board. The members of the councilmanic committee and others aboard the train can never forget the reception they received as the train sped on with its human freight.

The ovation began early in the morning at Denmark, S. C. As the train approached the station it ap-peared as though the whole populace had turned out to welcome the train and wish it God speed. Huge bunches of flowers were thrown through the pen windows as the train slowed down and men and women stood with bared heads until the rear car was lost slight of. The same thing was repeated at Norway and also at Columbia, but at the latter place on a different scale. The train stopped at Columbia for half an hour for the purpose of giving the nurses an opportunity to bathe the more serious of the patients. As the train came to a stop a small girl with a large bankst of beautiful cut flowers was lifted aboard and went through the hospital cars distributing the ers to the sick. A committee of citizens appreciating the necessity of the soldier boys having pure milk, had brought to the depot several cans of the best that could be secured, and re-As Reflected by Deallings in Philadelfused to even entertain a proposition for reimbursement.

At Cornwalls when the train pulled into the station an aged lady with a large American flag and a child about 6 years old with a small flag stood side by side and waved the emblem of liberty. It was a touching scene, and one which made a great impression upon the boys who were able to sit up on their cots and look out the car figs just blucked from the trees, torother with other fruit, were placed on board the train for the sick soldiers by

The most touching incident, and one that will always be remembered by those persons who were fortunate enough to be on board the hospital train, occurred at Charlotte, N. C. When the train had come to a stop a lady dressed in deep mourning, and slightly bent by weight of years, made way through the large crowd to ward the train. It was the widow of the famous Confederate soldier, Stonewal Jackson. One of the citizens introduced the aged lady to a member of the councilmanic committee, and she was invited to look through the train. the distinguished visitor walked through the hospital cars her thin lips quivered and her eyes moistoned. She spoke not a word to any of the soldlers, but had a kindly smile for all of them. She had lived through two bitter wars, but this was a revelation to her. She had never dreamed of seeing men being taken to their homes in what is practically a traveling hospital, Her visit being over she slowly retraced her steps to her cozy home within a stone's throw of the depot. Not one of the soldiers knew who their distinguished visitor was.

At Greensboro every soldier on the train was given a bouquet, and their reception could not have been more cordial had they been of pure southern

All of the patients are doing nicely under the tender care of the trained nurses, and the constant attention of ants is working wonders for the lads who went forth to uphold the dignity of the Stars and Stripes. It will only be necessary to send 38 of the sick to hospitals.

Millions Given Away. Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthmi, Bronchitis, Hoarseness and all diseases of the Threat, Chest and Lungs are surely cured by it. Call on A. Wasley, Druggist, and get a trial bottle free. Regular size 50c. and \$1. Every bottle guaranteed, or price refunded.

Joe Wheeler to the President. Washington, Aug. 27.—The president has received a letter from General Joe Wheeler in which he says: "I was very glad to hear that you would visit Mon-tauk Point very soon. The visit of the secretary of war has accomplished more than I can express. His personal visit to 1,500 sick soldiers in the hos-pitals has chesred them up, and it is difficult to adequately convey to you the change for the better since the sec-retary's arrival. The announcement that you will visit the soldiers has al-ready added to this improvement, and your presence here for even a single day will accomplish good, the great extent of which you can only realize after you have made your visit."

More than twenty million free samples of fleWitt's Witch Hazel Salve have been dis-tributed by the manufacturers. What bette proof of their confidence in its merils do you want? It cures plies, burns, scalds, sores, is the shortest space of time. C. H. Hagenbach

Resuming Tinsiness at Mantin. London, Aug. 27.—The Manita e espondent of The Times telegraph Friday, says: "The military government is working efficiently in all departments. Local business is being ac tively resumed, the water works are i operation and the Pasig river is oper Stringent measures have been taken to insure the sanitation of the citade which is crowded with prisoners. The abominably fithy condition of the Spanish barracks is a menace to the general health, which at present, how-ever, is excellent. Among the Ameri-can trees there have been only 17 deaths from threes since landing."
