

**OUR COUNTRY: First, Last and Forever.**

Four days at the colleges this week is not so bad in these "days of prosperity."

NEWSPAPERS in the South say that the cotton crop in Texas alone will be equal to a pound of cotton for every man, woman and child on earth.

It is certainly a serious reflection upon Democratic administration, when it becomes necessary for the people to select twenty-five taxpayers to act as an advisory committee to the Democratic majority.

THE word nation has not yet been removed from Republican banners in this country, and the indications are that the county convention will show little disposition to make a change, Party success, however, demands it.

If the Congressional campaign in this country could be prolonged for twelve months, we might secure the consent of the navy department to the use of anthracite. Otherwise the outlook for hard coal is not very bright.

CHAIRMAN BULKS is a Democrat. Probably he thought it was necessary to appoint a Democratic committee to protect and advise a Democratic Council. He did his work well. There are but three Republicans on the committee of twenty-five.

NOTWITHSTANDING the Democratic county convention ignored the financial question in their platform, the indications are the free-silverites will make themselves heard before the campaign is over. Their candidate for Congress is a strong advocate of the 16 to 1 theory.

ACCORDING to Gen. Shafter the battle of Santiago was fought by the regulars—except three regiments of volunteers. While the volunteers displayed more enthusiasm, the regulars displayed more unity, cohesion and individual support. To both he gave the highest praise.

It has been suggested that Shennandoah follow the example of Atlanta in awarding a gold medal to the man on the police force giving the best answers in fifty words, to the query, "What constitutes a good policeman?" The average Shennandoah "cop" would require more words to express his views.

OHIO Democrats are more outspoken than those of Pennsylvania. While in this state they sought by silence to divert attention from the great principles of the party, free silver and non-retention of the Philippine Islands, in Ohio they came out openly for Bryan, free silver and the whole national platform of the party.

MINUTE it is not well for the honor and reputation of the borough, if Chief Murphy issued instructions for the arrest of those mysterious individuals who are "approaching" prominent citizens so frequently just now? The modesty of the gentlemen "approached" prohibits them from making the suggestion, and we do so in the interest of good government and morality.

THIS is the second time this year a Democratic advisory committee was appointed to steer the Democratic members of Council from the shoals. The first one was in reference to the plums to be distributed, and their efforts were fruitless of results. We anxiously await the result of the second attempt on the part of the dominant party. Our Democratic friends in Council surely have troubles of their own.

A STATISTICIAN has estimated that an average man of 50 years old has worked 5500 days, has slept 6000, has amused himself 4000, has walked 12,000 miles, has been ill 500 days, has partaken of 36,000 meals, eaten 15,000 pounds of meat and 4000 pounds of fish, eggs and vegetables, and drank 7000 gallons of fluid. It is only proper and just to say that the person furnishing the information does not reside in Schuylkill county.

**AIDED BY MRS. PINKHAM.**  
Mrs. W. E. PAXTON, Youngtown, North Dakota, writes about her struggle to regain health after the birth of her little girl.  
"DEAR MISS PINKHAM: It is with pleasure that I add my testimony to your list, hoping that it may induce others to avail themselves of your valuable medicine.  
"After the birth of my little girl, three years ago, my health was very poor. I had leucorrhoea badly, and a terrible bearing-down pain which gradually grew worse, until I could do no work. Also had headache nearly all the time, and dizzy feelings. Menstruations were very profuse, appearing every two weeks.  
"I took medicine from a good doctor, but it seemed to do no good. I was becoming alarmed over my condition, when I read your advertisement in a paper. I sent at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and after taking two-thirds of the bottle I felt so much better that I sent for two more. After using three bottles I felt as strong and well as any one."  
"I think it is the best medicine for female weakness ever advertised, and recommend it to every lady I meet suffering from this trouble."  
"Maternity is a wonderful experience and many women approach it wholly unprepared. Childbirth under right conditions need not terrify women.  
"The advice of Mrs. Pinkham is freely offered to all expectant mothers, and her advice is beyond question the most valuable to be obtained. If Mrs. Paxton had written to Mrs. Pinkham before confinement she would have been saved much suffering. Mrs. Pinkham's address is Lynn, Mass."

**FEVER STRICKEN SOLDIERS.**  
Brought from Ferdinandina and Taken to Montauk Point.  
New York, Aug. 25.—Seventy officers and 132 privates arrived in Jersey City from Ferdinandina, Fla., yesterday and were at once transferred to Montauk Point. They were detachments of all the regular army infantry regiments not in the Philippines or Porto Rico. Colonel E. W. Conley, of the Seventh Infantry, was in command. Some of the men had been service with their regiments before Santiago, and early in July were sent to Florida to recover from the ill and wounds of the campaign. Others had been left behind to guard stock and wagon trains when the regiments left Florida for Cuba. Sixty of the worst cases were removed from the San Marcos yesterday afternoon and taken to various hospitals. The scene as the men were led or carried down the sea ladder and lifted over the brass railing in front of the pilot house on the General Meigs was pathetic in the extreme. The men could not be transferred on stretchers, and clad in pajamas, their emaciated forms were carried down the plank.  
Lieutenant J. H. Schofield, of the Third Infantry, was down with malaria. He was accompanied by his wife, who went to Ferdinandina to nurse him. The detachments contained men from these regiments: The First, Second, Eighth, Ninth, Tenth, Twelfth, Thirteenth, Fourteenth, Sixteenth, Seventeenth, Twentieth, Twenty-third, Twenty-fourth and Twenty-fifth. The Twenty-fourth and Twenty-fifth are colored troops.  
Private Stephen Easton, Troop K, First volunteer cavalry, was the only man landed at Governor's Island, as a hospital on the island had been closed. He is suffering from melancholia, having lost his voice and hearing as the result of fever contracted while serving before Santiago. During the trip to this city his attempts to end his life became so frequent and determined that his comrades on the island shot at him, but he escaped unharmed.

**THE EVACUATION OF CAMP THOMAS.**  
Chickamauga Park, Ga., Aug. 25.—The last of the volunteers who were almost every regiment of volunteers who were at Camp Thomas today. The Third army camp will begin to move to Anniston, Ala. At Knoxville now are the following regiments: Thirty-first Michigan, First West Virginia, Second Ohio, Fourteenth Minnesota, First Pennsylvania, One Hundred and Fifty-third Indiana, Sixth Ohio and First Georgia. At Lexington are the Twelfth Minnesota, Fifth Pennsylvania, Second Massachusetts, Twelfth New York, Twenty-first Kansas, Ninth Pennsylvania, Second Missouri, Fifth Missouri and First New Hampshire. If the railroads can handle the troops, by Saturday night not a single regiment will be left in the park with the exception of the Sixth United States volunteers, which will be kept here to guard the hospitals and government property.

**PLUNDER BY WHOLESALER.**  
A Captive at Atlantic City May Encounter a Thieving Gang.  
Atlantic City, N. J., Aug. 25.—What the police believe to be a highly important capture was made yesterday when Thomas Prier, aged 46 years, accused of stealing silverware and furs from the Madison House here, was placed under arrest. When Constable Miller, of this place, and Perry Emery, who conduct the Madison House, went to Prier's house Saturday night with a search warrant they found some of these goods, and the suspected man's wife declared that the goods had been shipped to the cabin of one George Stevan, in the woods at Tholma, near McKee City, not far from here. The constable and Emery drove over there and broke in, as no one was about the place, finding a considerable quantity of the Madison House goods, and according to the story which he told yesterday afternoon, when Prier was arrested, an immense amount of booty of every description belonging to unknown parties. Constable Miller went back to the cabin to take legal possession of the goods. He says the goods include a large quantity of furs and umbrellas, trunks, valises and fine gowns, wearing apparel, and lines, silverware marked "Artie," and packages of other goods. The police believe that Prier's arrest may lead to the discovery of an organized band of thieves.

**COMING FROM SANTIAGO**  
Transport Roumanian Coming With a Load of Invalids—Distressing Condition of Spanish Prisoners.  
Santiago de Cuba, Aug. 23.—The transport Roumanian left for Montauk Point this morning with 66 men of the Seventy-first, Second and Third Massachusetts, the Second regular, the Tenth cavalry and the Sixteenth and Twenty-first regiments. The condition of the men is extremely bad, the disappointment over the delay in getting them away having greatly affected their spirits. Amputations were found to be necessary to convey most of them to the steamer.  
The transports San Francisco, St. Augustin and Lencora left today for Guantanamo, Bacoora and Sagua for the Spanish prisoners there. The condition of these men is distressing, and it is probable that death will claim nearly half of them before they reach Spain. Their condition is the result of hard labor and the prevailing fever. The rations and medical aid sent from Santiago were practically too late.  
General Toral and staff and a few other officers will leave next week on the Leon XIII. General Toral and his staff are now assisting in the embarkation of the Spanish prisoners. The general has received many calls from American officers during the last few days.  
General Lawton will use General Toral's headquarters, or the building of the Spanish club, as his headquarters. The police are too small for the numerous officers necessary for the administration.  
Over 200 Santiago refugees returned from Jamaica yesterday and others are coming soon, now that confidence is restored. Those who have returned found their houses empty. The general, upon the arrival of a Spanish major recently it was discovered by accident that he had several trunks filled with silver jewelry, valuable articles, evidently the result of looting the houses of residents during the confusion at Montauk Point.  
Large amounts of money were carried away by Spanish officers. At one house where eight Spanish officers were living there was received a large trunk which contained two bushels of silver and gold, which represented about \$20,000.  
The soldiers have received only a small sum from our government for tobacco and other small necessities. Otherwise the condition of the Spaniards is wretched. They are sick and emaciated. In some instances they will meet on their return to Spain.

Scranton, Pa., Aug. 25.—Caloriform was used by burglars Saturday night in one of a series of recent clever professional jobs which have thoroughly aroused this city and vicinity. They entered the house of H. N. Cowles, formerly D. A. Hinds, of Montrose, Pa., the only occupant, and secured money and checks to the value of \$100. Hinds was roused by his brother, who visited the house yesterday morning. The police are showing considerable activity in the case, following as it does the \$1500 Dickson burglary, a district attorney, and the Moore and Priesburg burglaries, all since last Monday night.
