Evening Herald
THURSDAY, SEPTEMBER 1, 1898.

OUR COUNTRY: First, Last and Forever.
THE Russian navy will adopt dynamite
guns in consequence of their
success in Cuba. This country is
learning the older nations a thing or
two in naval warfare.

Nothing succeeds like success, and
to the average merchant advertising
is the incentive that brings success.
The leading merchants of Shenandoah
use the Herald columns.

When Johnny comes marching
home this country owes it to him that
he is met at the station with a couple
and pretty near anything on the side
that he wants.

Is the division of the Gould
fortune everybody is hoping that the
largest share will fall to the wizard's
patriotic daughter who has already
given ample evidence that she knows
what to do with it.

It was once supposed that we could
not get along without Havana
tobacco. The users of the weed in
Shenandoah now realize that they have
paid for that island.

Austria's official newspaper says
the peace terms between the United
States and Spain will be settled by
these two countries without any outside
interference. This is what every
newspaper in the United States has
been saying all along. No meddling
with the peace of any European power
would be permitted.

The next session of Congress
promises to be an unusually busy one.
From the best information now ob-
tainable the President has not yet
fully made up his mind regarding an
extra session. The chances are, how-
ever, that one is likely to be called.
Some say that it will be assembled
probably about the 15th of October.

Uncle Sam should take note of the
Pennsylvania hospital train, and
learn from its prompt work that a live
man in command of the train who
can get the soldiers away from the
fever-stricken camps is worth all the
red tape in the departments.

Sunk Democratic conventions
continue to cry free silver and Bryan.
Meanwhile the country, prosperous
and confidently expecting greater
prosperity in the development of
manufactures and commerce as a
result of the war, is looking forward
to new questions and new hopes, and
not backward to the mouldy issues of
1896. Good times would have been
fatal to Bryanism even if the war had
not come. The Democrats are clinging
hopelessly to defeat. The Democratic
clock stopped at 1896. The country
is going on, although the Democrats
don't seem to know it.

THE industrial outlook is growing
brighter, and we cordially commended
the views of the Buffalo News upon
this subject: "With peace there will
come greatly enhanced prosperity. The
predictions now made of an imme-
diate renewal of a great revival of
trade comes from the activity in
public places, in mills, factories and
railroad and general trade. It is
based upon the settlement of the
tariff; the success of the American
armies in this war; the good crops;
the prosperity of the government in
its revenue; the balance of trade in
our favor, and the remarkable force
with which our products, fostered by
a protective tariff, are pushing out
into all the markets of the world.
The new era of prosperity is certainly
close at hand. Let every one get
ready for its coming." There is no
chance whatever for the calamity
croakers and they are wisely taking
to the rear.

HELPS HER WONDERFULLY
Afflicted With Humor for Years—
Now Cured.
'I have been a sufferer with rheumatism
and has taken Hood's Sarsaparilla
which has given me complete relief,
and made me feel better in every way.
My daughter is now taking it for a scrofulous
condition of the blood, and it is
helping her wonderfully. I will not be
persuaded to take any other medicine than
Hood's Sarsaparilla when I need a blood
purifier.' Mrs. ELIZABETH KULP,
Plymouth Meeting, Pennsylvania.
Hood's Pills cure all liver ills. 25 cents.

A Handsome Complexion
The greatest charm a woman can
possess. FOSTON'S COMPLEXION POWDER
GIVES IT.

ADDED TO CAMP WAGON.

Volunteers Will Be Removed as
Rapidly as Possible.

HURRYING AWAY THE SICK MEN.

They Are Being Transferred to Hospi-
tals in New York and Elsewhere.
Michigan Troops Leave For Home.
Preparatory to Being Mustered Out.

New York, Sept. 1.—There is no
change in the program of the government
as to getting all of the volunteers
out of Camp Seward just as fast
as they can be mustered out. Some time
today the thirty-third Michigan will
depart for home. The regiment will
muster about 75 men when they leave
camp, and the sick will be sent away
as fast as possible afterward. It is possi-
ble that a hospital train of sick Michi-
gan troops may leave the camp about
Saturday. The thirty-fourth Michi-
gan will leave on Friday. This will
bring the list of volunteers here down
considerably. Those of the Michigan
regiments too sick to go with their
regiments on either the troop trains or
on the hospital trains, will be furnished
homes here rapidly as their condi-
tion will permit. Most of the volunteers
will be mustered out 60 days hence.

The general hospital is getting smaller
and smaller, and despite the fact that
there are new arrivals every hour
the number is decreasing. Three hun-
dred sick were taken out of the hospi-
tal yesterday and transferred to the
Shinnecock, which is now a division
hospital, under command of Surgeon
Major Borden. The Shinnecock sailed
for New York, where the sick were to-
day transferred to hospitals. The Red
Cross yacht Red Cross took 15 more
away to New London, Conn.

One hundred and twenty-five of the
members of the First Illinois regiment,
who are sick and recently landed from
the Catania, are in the detention camp.
Most of these men are convalescent.
Twenty-five Illinois men who landed
from the transport Catania and were
also placed in the detention camp and
are doing well.

As an explanation of the many
deaths on the Alghesny it is said that
the Ninth Massachusetts regiment
took more of its sick than any other,
and that many who really caught
typhoid fever and died were taken on
the ship, as they and their comrades
preferred they should risk the voyage
home than to remain for what seems to
have been considered certain death in
the hospitals about San Juan. Some of
the men who were taken on board are
said to have been sick that they were
never expected that they would live
until the end of the voyage.

The Alghesny was a cattle transport,
totally unconditioned for the work out
for her. Her condition must have been
bad before the troops were put on her, and
rightfully before she arrived here.

Beware of Ointments for Catarrh that con-
tain Mercury.
As mercury will surely destroy the sense
of smell and completely derange the whole system
of a man, anyone who uses any such
article should never be used except on
prescriptions from reputable physicians, as
to have his health ruined by cheap remedies
which do not cure, but which are sold by
everybody, and which are taken in secret,
is an unpardonable folly. Catarrh is
usually cured by using the good
remedy, manufactured by E. J. Cheney & Co.,
73 Nassau street, New York, who have
devised a cure for this disease by
using the medicinal properties of the
blood and the secretions of the body. It
is taken internally, and made in bottles,
which are sold by Druggists, price 25c per bottle.

Tripled Murders, Met His Death.
Nashville, Tenn., Sept. 1.—Several at-
tempts have recently been made to poi-
son the family of Captain John E.
Logwood, of Athens, Ga., one of the
most prominent in the state. Yesterday
morning Dick Dabney, colored, owned
of the person who was suspected, was
shot and killed by Charles Log-
wood, son of Captain Logwood, who
detected Dabney and another negro in
the act of trying to kill his father
while the latter was asleep. The ne-
groes entered the house and were de-
tected by young Logwood, who
chased them into the yard and fired.
Dabney fell dead, but the other negro
made his escape.

A Great Surprise
Is in store for all who use Kemp's Balsam
for the Throat and Lungs. Would you
believe that it is sold on its merits and
any druggist is authorized by the proprietor
of this wonderful remedy to give you a sample
bottle free? It never fails to cure acute or
chronic coughs. All druggists sell Kemp's
Balsam. Price 25 and 50c.

CHINESE TROOPS DEFEATED.
Three Thousand Killed in a Battle
With Wang-Sai Rebels.

London, Sept. 1.—A special dispatch
from Shanghai says: The Chinese govern-
ment troops, it is reported, have
been defeated in two pitched battles
during the last ten days by the Kwang
Si rebels, losing 5,000 men. The rebels
are said to number 60,000 and the
provincial forces are powerless against
them.
A governor of high rank has been or-
dered to lead his troops in person and
completely suppress the rebellion
within a month, under penalty of seve-
nty flogging.
An imperial edict, just issued,
strongly censures the governor of
Kwang Si province for defeating the
empire in July last by representing
that the rebellion had been sup-
pressed.

To Bring Home Sick Ohioans.
Columbus, O., Sept. 1.—The railroads
have come to the relief of the state of
Ohio in its effort to provide a hospital
train to bring home the sick troops in
the military camps of the south, and
the train will probably be started on its
journey tomorrow. The seats will be
taken out of the coaches, and cots will
be provided. The train will go through
to Lakeland, Fla., where 65 sick troops
of the First Ohio cavalry will be
taken aboard. At Fernandina about
the same number of sick infantrymen
will be taken on, and at Huntsville,
Ala., another sick Ohio troops will be
taken up. At Chattanooga from 100
to 200 sick Ohio troops will be taken
on board.

Garcia's Reported Removal.
Washington, Sept. 1.—Senator Albert-
ini, in charge of the Cuban legation
here during the absence of Senator
Quevedo in New York, said today that
he had no information regarding the
reports that General Calixto Garcia
had been removed from the com-
mand of Cuban troops in eastern Cuba
and that General Lacret had been
appointed his successor.

Discredit Garcia's Reported Discharge
Santiago de Cuba, Sept. 1.—Prominent
Cubans here decline to believe the
report that General Calixto Garcia
had been relieved of his command by
General Maximo Gomez, and instructions
from the Cuban insurgent government.

LIBERAL OFFER

Sample Bottle of Favorite Remedy
Mailed Free to Sufferers.

Dr. David Kennedy's Favorite
Remedy has proved such a blessing to
men and women suffering from Kidney,
Bladder, Liver and Blood Diseases that
all mankind should know about its won-
derful curative virtues. A sample
bottle will be sent free, by mail, to
all sufferers who send
recalls post-office address to Dr. David Kennedy Corporation, Roudout, N. Y.

For this remedy
should be men-
tioned when writing.
Favorite Remedy
which will cure
all the most dan-
gerous and most
troublesome ailments,
especially at night, and cures
those distressing pains in the small of
the back. If you suffer in this way, or if
your urine stains linen, or if you find
a sediment in the vessel after the urine
has stood a while, you should send for
Favorite Remedy quickly, for it will
cure you as it has thousands of others.
It is never wise to postpone action until
disease gets a deep hold. Begin now
to cure yourself. Don't put the matter off.

Large, full-sized bottle of Favorite
Remedy can be had at the drug stores
for \$1. Or six bottles for \$5.
C. J. Vovinkel, a Druggist of Oswego,
N. Y., says: "I have sold Dr. David Kennedy's Favorite Remedy for
years, and there's no better kidney,
bladder and blood remedy on the
market."
