GENERAL DE BOISDEFFRE. cide, Lieutenant Colonel Henry was pressed with questions, and finally confessed that he was the author of a letter which was one of three connected with the conviction of Dreyfus. The scene of his avowal was most painful. When he saw it was useless to deny further, his tongue grew too thick for his mouth, and he was unable to speak. It was feared that he would have an

apopleptic stroke.

During the recent Zola trial Henry accused Colonel Picquart of falsifying telegrams. A duel followed, in which

Henry was wounded. The next scene occurred in the chamber of deputies, where Colonel Picquart proclaimed the letter a forgery and, as a result, was arrested while Henry's

pointed Colonel Picquart's successor in the intelligence department. It is now evident that Henry forged the letter with the express object of paralyzing Colonel Picquart's efforts to expose Major Count Esterhazy and to get a revision of the Dreyfus case. The letter was written in bad French,

a fact which first led it to be regarded as spurious. fre, in his letter of resignation, ex-plains that he resigns owing to his misplaced confidence in Lisutenant Colo-nel Henry, which led him to present as genuine what was forged evidence. M. Cavaignac, the minister of war, in re-ply asked General De Bolsdeffre to remain to "see justice rendered in the matter." General De Bolsdeffre thanked M. Cavaignac for proofs of his es-teem, but persisted in his resignation. He will be replaced by General Ren-ouard, director of the military college. Henry's confession threatens to re-kindle the Dreyfus agitation more heatedly than ever, and seems likely to shake public confidence in the army. Even The Liberte, a strong anti-Drey-fus organ, says: "It must cause the deepest pain to all honorable men that

officers of such standing show such a ack of moral sense It is reported that at yesterday's cabinet meeting the ministers admitted that a revision of the Dreyfus trial was absolutely unavoidable, and a public announcement that the ministry had

decided to initiate such a revision is expected soon. The Temps asserts that the disclosures made to the ministers have decided the minister of war to place Ma-

jor Count Esterhazy on the retired list. Lieutenant Colonel Henry was a easant's son. He was born on Pousey n Marne, in 1848, and enlisted in a foot regiment, as his brother's substitute 1863. He had a good military record for bravery and inexorable discipline He was a prisoner of war in 1870, and was wounded in the Algerian campaign. He retained much of the rough and ready manners of a non-commis stoned officer. He was lacking in edu-cation, spoke no foreign language, and owed his promotion primarily to his reputation for blunt straightforward-

It is alleged that several ministers, including M. Brisson, the premier, M. Maruejouis, minister of commerce, and M. Trouillot, minister of the colonies demanded a revision and the immedi-ate supercession of several staff officers, M. Cavaignac, however, re-mained firm, opposing this course on the ground that Lieutenant Colonel Henry's forgery had not altered the ase as affecting Dreyfus' guilt.

It would be impossible to describe the sensation that has thrilled Paris, and it is not unlikely that at the next m ing of the chamber of deputies the government will be defeated.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Dis-case fistened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hamnick & Co., of Shelby, N. C. Trial bottles free at A. Wasley's Drug Store. Regular size 50c and \$1.00. Every bottle guaranteed.

Declares Surgeons Are Brutal. New York, Sept. 1.—Two cartoads of sick soldiers of the Ninth New York volunteers arrived yesterday from Camp Thomas, Chickamauga. The men were convalescent from rheumatism, malaria and typhoid fever and were in fairly good condition. Orderly Robert Stanley, in whose charge the men were, was especially bitter against some of the surgeons at Chickamauga. He said that they did not show any respect for the dead. The orderly declared that when Private Charles Nunn died between 7 and 8 o'clock last Saturday evening, his body was not permitted to rest in quiet. He declared that before 10 p. m. the surgeons were at work cut ting up his body to perform an autopsy. The orderly also cited the case of Private Graham, and declared that an autopsy was being made on his body an hour after his demise.

Ensign Powelson, who is suffering with a broken leg, the result of a fail down a flatchway of the auxiliary cruiner St. Paul, was not able to stand up while Dr. Lovejoy performed the ceremony, and his bride therefore stood beside his cot.
