**FUNDS WANTED.**

The Commission Find Themselves Confronted by Arithmetical Problems.  
A special meeting of the Borough Council was held last night for the purpose of taking action on the financial affairs of the borough and it was attended by Messrs. Metairie, Schemmeyer, Lally, Hand, Brennan, Engert, Hartko, Murphy, James Bell, Newlander and Mangis.

President Metairie stated that at the last regular meeting it was decided to withhold payment of coal, coal hauling and freight bills until the finance committee could make arrangements to meet them.

Mr. Board of the finance committee, stated that it would take about \$1,400 to pay the bills laid over. To help meet this Tax Collector Burke promised to pay \$1,000 on Wednesday. Tax Collector Scunlan said he had nothing to turn over. Some money was promised him by delinquents, but it had not come. He promised to make a payment next Friday.

President Metairie then read from a memorandum, showing that Council will need before the expiration of the present fiscal year \$1,500 to meet obligations arising from the running expenses, and Council must get money from some source. He didn't think it just that people of the town should withhold \$3,000, \$4,000, and as high as \$5,000 of the borough's money.

Mr. James moved that the Borough Solicitor be instructed to issue an execution for the balance due on Mr. Scunlan's 1888 duplicate. Some of the members thought this action would be unduly harsh, but it would not give the bondsmen a fair chance to prepare for the event such a procedure would bring about.

Mr. James said that on the point being raised he was willing to modify his motion so as to provide that if Mr. Scunlan does not settle the 1895 duplicate by Oct. 15th, next, the Solicitor proceed with the execution. Mr. James added that it was talk about the borough that some parties owe the borough as high as \$100; that they have not paid taxes in four years and yet the borough must pay six per cent to get money for running expenses.

Finally Mr. James accepted in his motion a provision that, previous to the Solicitor's action, the finance committee extend an invitation to Tax Collector Scunlan and his bondsmen to attend a meeting of Council to be held on the 15th inst., and in that shape the motion was carried.

In answer to inquiries by members Mr. Hand stated that the balance due on the 1895 duplicate is \$15,418.05 and for the two years (1895 and 1896) the aggregate balance is \$20,459.91. Mr. James said that subsequent payment and allowances would reduce the amount a few hundred dollars.

Umbrellas re-covered while you wait at Drumm's.
