BURNED BY POWDER.

Superintendent Reese Injured in His Mill This Morning.

James Reese, superintendent of the Shenandoah Powder Company, and son of Ed-ward Reese, superintendent of Lantz and Company, at Park Place, was seriously, but not dangerously, injured by an explosion of powder in the former company's mill in the Catawissa valley this morning.

The explosion was by no means an extensive one, only about a pint of powder being involved and the mill was in no way damaged.

A test was being made with some powder and about a pint of the explosive laid on the table apart from the vessel used for the test. A spark shot out from the vessel and into the powder on the table, causing an explosion that burned Mr. Reese on the face and hands. William Everett, the mill man, was also burned, but his injuries were so slight that he was able to continue work. Mr. Reese was brought to town in a carriage and his burns were dressed at his rooms in the Hotel Burns by Dr. G. M. Hamilton. Mr. Reese is confined to his bed, but it is believed he will be on the road to recovery within a few days.

Excellent Production.

The second production of Elmer E. Vance's Comedy Company's engagement took place at Ferguson's theatre last night and received the approval of a large and enthusiastic audience. The play was one written by Mr. Vance entitled, "Patent Applied For" and it was a revelation of mechanical surprises and ingenuity. The rescue at sea in the second act and steamship deck scene followed by a wreck in the third act were heartily applauded. No repertoire company has given productions in this town equal to those of Mr. Vance nor giving so far as scenic and mechanical effects are concerned. Beatrice appeared to good advantage in the role of a cabin boy and her dancing also caught the fancy of the audience. The support was good. To-night a revived drama of sterling merit entitled, "The Hidden Hand" will be produced. Tomorrow afternoon a special matinee will be given by the company in conjunction with local talent for the benefit of several members of the Evans and Ward Company, who are stranded here by reason of misplaced confidence in the agent and manager of the latter company.

Kendrick House Free Lunch.

Failed to Find Them.

Early yesterday morning burglars made an attempt to enter the residence of Mrs. Samuel Roberts, on East Coal street. One of them succeeded in partly forcing open a window while two stood guard. They were frightened off by cries of the inmates of the house and neighbors. The robbers had evidently been watching Policeman Mahaly, as they commenced operations almost immediately after the officer had passed the house. Some time was spent yesterday and last night in trying to trace the men, but the efforts were unsuccessful. Some of the occupants of the house on which the attempt was made do work at home for several clothing houses of town, and the police are of the opinion that parties who knew this expected to make a haul of clothing and cloth.

Held For Trial.

John Mitchell and Peter Strivens were arraigned before Justice Thomas Malia, at Glover's Hill, last night, on a charge of selling liquor without a license in the First ward of this borough. The charge was made by George Whitecavage and special officer Joseph Anderson served the warrant. The justice examined six witnesses and found sufficient evidence upon which to commit the accused in default of bail in the sum of \$300 each, which was subsequently furnished.

READY FOR EMERGENCY.

Government Will Retain Volunteers Now in the Service.

TO SUPPRESS THE FILIPINOS.

Should Aguinaldo's Followers Prove Unruly the Volunteers Not Already Mustered Out Will Be Sent to Bring Them to Terms.

Washington, Sept. 14.—Tremendous pressure is still being brought to bear on the war department to have more troops mustered out of the service. Efforts in this direction, however, are on no avail. It is announced with increased emphasis that there will be no more troops mustered out. The situation does not admit of any further reduction in the army, and efforts are being made to put those volunteers who are retained in the service as near as possible to the footing of the regulars in the matter of drill and discipline. The purpose at the outset, when the muster out began, was to muster out 100,000 volunteers. A little over 90,000 have already been mustered out, and it is announced positively that there will be no more mustered out, no matter what influence is brought to bear.

The principal concern of the administration is with respect to the Philippines. It is denied that any army of 100,000 reports have been received concerning the attitude of the insurgents. However, of course, there is no pretense that the administration is entirely free from concern on that score. The general feeling in the war department is that General Otis will be able to deal with Aguinaldo and his followers. At the same time it is cautiously acknowledged in certain high official quarters that the possibility of trouble with Germany on account of the Philippines is still before us, and has not been diminished by recent information concerning the German attitude in the Philippines.

Retention of Volunteers Now in the Service.

The retention of volunteers now in the service, and the efforts to improve the morale of the army has in view the Philippine situation more than that of Cuba and Porto Rico, though there is a great deal of sympathy as to the danger apprehended there.

Another Rich Gold Find.

Port Townsend, Wash., Sept. 14.—The steamer Farrar arrived from Alaska yesterday with about 60 passengers yesterday. Among them were several districts from the Pine creek mining district. Reports from that section are favorable for the future. Considerable excitement was created just before the party left by the discovery of remarkably rich quartz on a ridge near the head waters of Pine creek, and since the first rush considerable free quartz has been found along the creek. The ledge is said to be very rich, and is thought to be the finest body of quartz ever found in Pine Spruce and Birch creeks. Sixteen men belonging to the Standard Oil company expedition were among those returning. The expedition located a number of claims. The company expended about \$75,000 on the expedition, which is now returning to spend the winter.

Suicide of a Noted Brewer.

Buffalo, Sept. 14.—Peter Schemm, the Philadelphia brewer, yesterday jumped from the Goat Island bridge at Niagara Falls, and fell into the water. He was stopping at the New York Central hotel, where he engaged a carriage and went out for a drive. At Goat Island bridge he told the driver he would want to get a better view of the falls and when in the center of the bridge he shouted "Good bye!" and leaped over the railing. The body was in slight some distance down the upper rapids, as it every now and then plunged over a reef. Many bodies have been recovered from the river, but never recovered. Mr. Schemm's eyesight has been failing for a year, and it is thought that his approaching blindness was the cause of despondency which led him to take his own life.

Delaware's Democratic Ticket.

Dover, Del., Sept. 14.—The Democratic state convention was held in the court house here yesterday and nominated candidates for congress, state treasurer and state auditor. The convention was a very quiet affair, and was called to order by Chairman John Biggs, who made a stirring speech favoring unity of action in the coming campaign. William T. Records, of Annapolis, was elected permanent chairman, and Robert Y. Wilkins, of Claymont, was selected as secretary. The nominations were all unanimous, and were as follows: For congress, L. Irving Handy; state treasurer, William M. Ross; state auditor, Dr. L. A. H. Bishop.

Condish Convicted of Manslaughter.

Wilkesbarre, Sept. 14.—The trial of Andrew Condish, charged with the murder of his friend, Andrew Sabol, came to an end late yesterday afternoon, when the jury returned a verdict with a verdict of manslaughter and a recommendation to mercy. The two men quarreled while intoxicated, and Condish struck Sabol on the head with a rake, fracturing his skull, from the effects of which he died the next day.

All the Bodies Recovered.

Philadelphia, Sept. 14.—All the bodies that were buried in the ruins of the mysterious explosion on South street above Broad, last Sunday evening, are believed to have been taken out. There were five fatalities.

Another Break.

The shaft rope at the Indian Ridge colliery which broke yesterday, broke at the above again this morning just after the fifth car was hoisted and the colliery was thrown idle for about two hours.

Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil. Monarch over pain.

TREACHEROUS GROUND.

Two Coal Cars Drop From a Train Into a Breach.

The crew of a Lehigh Valley coal train that started out from Packer No. 2 colliery yesterday afternoon had a thrilling experience. The tracks between Packer collieries Nos. 2 and 4 are laid upon very treacherous ground and cave-ins are reported along the line almost weekly. The tracks were disturbed twice within a short time previous to yesterday and on one of the occasions were rendered useless for nearly twenty-four hours.

A test was being made with some powder and about a pint of the explosive laid on the table apart from the vessel used for the test. A spark shot out from the vessel and into the powder on the table, causing an explosion that burned Mr. Reese on the face and hands. William Everett, the mill man, was also burned, but his injuries were so slight that he was able to continue work. Mr. Reese was brought to town in a carriage and his burns were dressed at his rooms in the Hotel Burns by Dr. G. M. Hamilton. Mr. Reese is confined to his bed, but it is believed he will be on the road to recovery within a few days.

Married.

George Tregas and Miss Annie Morgan, two well known young people of Gilberton, were married Saturday evening, Rev. W. H. Zwendig performing the ceremony, at the home of the bride's parents, Mr. and Mrs. Morgan Morgan. Immediately after the ceremony a young son of Mr. Morgan's was christened.

A quiet wedding took place at the residence of John Blackwell, at Gilberton, on Monday evening, when Lee W. H. Zwendig united in marriage Frank Dotterweich, of Fair Alto, and Miss Amanda Matthews, of Pottsville. The bride is a sister of Mrs. Blackwell.

Splendid Window Display.

Patrons on Main street should not fail to observe the display of children's clothing which is exhibited in the north window of Goldin's Mammoth Clothing House. It is a mild assertion to state that it cannot be equalled anywhere in quality, style and fit. The display includes fancy cassimeres, chevilles, waisted and serge in sailor, double breasted, vestee, reofer, Russian blouse and military suits. The display is a credit to the town.

GRAHAM FOR SENATOR

UNANIMOUS CHOICE OF THE REPUBLICANS OF THE THIRTIETH DISTRICT.

NOMINATED AMID MUCH APPLAUSE.

The Convention Met in Rehbins' Hall, Presided Over by H. E. Albricht of Orwigsburg, and in Less Than Half an Hour the Business Was Disposed Of.

The representatives of the Republicans of the Thirtieth Senatorial district met this morning in Rehbins' opera house, to place in nomination a candidate for Senator. There was a large representation, many prominent Democrats being noticed among the spectators in the galleries. The delegates were slow in assembling in the hall, but when they did appear the business was disposed of with neatness and despatch. In every sense of the word it was a harmonious gathering, and the nominee will receive the united support of his party. In this respect to-day's gathering differed materially from the Democratic convention held at Girardville, which resulted in an independent candidate being placed in the field.

Senator S. A. Leach, of Schuylkill Haven, was designated by County Chairman Stacy to call the convention to order, the latter being unable to be present. It was 10:30 when Senator Leach called the convention to order, with Secretary Daniel Duffy and George Walker at their posts. The roll of delegates was called, after which nominations for permanent chairman was the order of business.

Delegate Harrison Ball, of Mahanoy City, nominated Reister S. Albricht, of Orwigsburg, and he was elected by acclamation. The temporary secretaries were made permanent.

The selection of eleven vice presidents were disposed with, as was also the appointment of committees on credentials and resolutions. Delegate George Patterson, of Ashland, offered a motion that the platform adopted at the county convention be accepted as the platform of this convention, which was carried.

The chairman called for nominations for senator, and Delegate David Thomas, of Mahanoy City, secured the floor to present the name of David M. Graham, of that town, in a speech that was received with much applause. The speaker spoke of Mr. Graham as a friend of the laboring classes, who had the courage to advocate and defend their rights in the halls of the Legislature; a man who has the ability and energy to advance the interests of anthracite coal against unjust discrimination; who has time and again, when not a candidate for office, befriended the poor man. Mr. Thomas closed his remarks with the prediction that David M. Graham, if nominated by this convention, would be the next senator from this district.

George Patterson, of Ashland, seconded the nomination with a few remarks in which he said Mr. Graham was born and raised in Schuylkill county, and knew the wants of the people.

There was no other name presented to the convention, John D. Kershner, of Tanquesha, having previously withdrawn from the contest in the interest of harmony. Mr. Graham was, therefore, nominated by acclamation, amid much applause.

First ward—Charles E. Smith and William Wagner; Second ward—David Llewellyn and E. E. Maguire; Third ward—James Morgan and Joseph Mather; Fourth ward—Charles Lewis and Samuel Shore; Fifth ward—John Backeyfield and George Flock. They were all Graham delegates and were elected without opposition.

It required but twenty minutes for the convention to get through with the business before it. The nomination of David M. Graham is certainly a popular one. He is one of the leading business men of Mahanoy City, and is at present proprietor of the Daily American, of that place. The men in the Thirtieth Senatorial district have a larger personal following, and it is generally admitted that he will receive the support of hundreds of Democrats and will lead his Democratic opponent by a large majority. In Mr. Graham's case, at least, his nomination is practically equivalent to an election. The Republican party in this district enters the contest with everything in its favor.

Vance Gives a Benefit.

On Thursday afternoon next there will be given at Ferguson's theatre a benefit for those members of the ill-fated Frank Ward Company, who are still in town. Manager Vance has, with his usual generosity, tendered this benefit, and many of his company have kindly volunteered their services. Miss Howard and Mr. Almont will be seen at their best, while a number of local volunteers will make up a bill of exceptional strength. The tickets will be only 10 and 20 cents, and the sympathies of our citizens are certainly with them. It is to be hoped that they will turn out in large numbers.

The Very Last Excursion of the Season to Atlantic City via Pennsylvania Railroad, Only All Rail Route.

Appointed District President.

State President A. J. Colburn, of the P. O. S. of A., has appointed Samuel W. Brown, of Girardville, as District President of the Schuylkill No. 5 district, which includes the camps of this town. Mr. Brown is well known here and his appointment meets with general approval among members of the order.

Heim, of that town, at \$1.02 per square yard, the Mack brick to be used. The Alcatraz Paving Company's bid was \$1.55, but the other four bidders was above that of Heim's, the highest being \$1.08.
