HEALTHY MATERNITY.

Two Grateful Women Tell of the Help They Have Received From Mrs. Pinkham.

The climax of life force in woman is capable motherhood. The first regulatie for a good mother is good health. Health of body means health of the generative organs,

ad what Mrs. G. A. NONNAMARER, Bluffton, Ohio, says about Lydia E. Pinkham's Vegetable Compound, and how well prepared her for maternity:

DEAR MES. PINKHAM: -I must say a word praise of your Vegetable Compound. 1 ed three bottles of it when I was preg-, mant, and labor was not nearly as long as it was with my other babies; and

my baby is so healthy to what the others were. I think every woman should use your Compound when pregmant, it will save them so much suffering and misery. I cannot say enough in praise of it. If ever I need modicine again, I shall use your Compound."

The most successful tonic known to medicine for women approaching ma-ternity is Lydia E. Pinkham's Vegetable Compound. It is a safeguard for every woman who uses it, and the fullest benefit comes from its use with Mrs. Pinkham's advice freely offered to all woman. Her address is Lynn, Mass.

Here is a convincing statement, bearing directly on this subject, from Mrs. E. Bisnop, of 1848 Pacific St., Brooklyn, N. Y.: DEAR MRS. PINKHAM:-I am a

great believer in your Compound. I was almost despairing of ever again being ck, as I was a great sufferer, and had been for years. I suffered from womb trouble, and had terrible blind fits. After writing to you I tried your Compound. The result was astonishing. I have used it and advocated it ever since. In childbirth it is a perfect boon. I have often said that I should like to have its merits thrown on the sky with a search-light, so that all women would read, and be convinced that there is a remedy for their sufferings.

Little Pimples Turn to Cancer.

Cancer often results from an im-purity in the blood, inherited from generations back. Few people are en-tirely free from some taint in the blood, and it is impossible to tell when it will break out in the form of dreaded Can-er. What has around to be a some of the source of the cer. What has appeared to be a mere pimple or scratch has developed into the most malignant Cancer.

"I had a severe Cancer which was at first only a few blotches, that I thought would

, that I thought would soon pass away. I was treated by several ablo physicians, but in spite of their efforts the Can-cerspread until my son-dition became alaching. dition became alarming, After many months of treatment and growing steadily worse. I de-cided to try S. S. which was so strongly recommended. The first hottle produced an im-provement. I continued the medicine, and in

four months the last nu-four months the last nu-tile seab dropped off, Ten years have elapsed, disease has returned." B. F. Withlans, Gillsburg, Miss.

It is dangerous to experiment with Cancer. The disease is beyond the skill of physicians. S. S. S. is the only cure, because it is the only remedy which goes deep enough to reach Cancer.

Connecticut's Republican Ticket. New Haven, Conn., Sept. 16.-The Republican state convention yesterday nominated this ticket: For governor, George E. Lounsbury; Heutenant gov. ernor, Lyman A. Mills; state secretary, Huber Clark; treasurer, C. S. Merrick; comptroller, Thompson S. Grant; attorney general. Charles Phelps. Never before in the history of Republican politics in Connecticut has there been so bitter a contest as that which was waged in its anti-con-vention stages between the forces seek-

The surprise of the day was the unexpectedly overwhelming victory of the Lounsbury forces.
