JUSTICES BUSY.

The Pay Day Caused a Boom in Their Business.

The police and constables were kept busy Saturday night gathering in peace disturbers and executing warrants issued on complaint of several men who suffered in rows. The lockup was well filled before Sunday morning. Justice Toomey did big business Saturday night and Sauday. He disposed of eight cases and has a batch of warrants that will be served as soon as Constable Giblon gets a well earned rest.

One of the places that attracted attention Saturday night was a saloon at the corner of Coal street and Pear alley. There was a free fight during which the place was thrown into darkness by somebody cutting the electric light wires. The police were not called upon to go into the place, but shortly after a man named John Harmon who had figured in the disturbance continued his demo Coal street and Policeman Mullahy, with the assistance of Christ. Baltzer conducted the disturber of the peace to the lockup. Harmon was discharged yesterday upon paying the porongh fine and costs.

Another free fight took place on South Main street and Policemen Butler and Matz arrested John Kolah, Joseph Bondis and Anthony Galgus, who spent the night in the lock up and yesterday paid fines and costs.
William Smith was charged by Joe Shone

with heating the latter's wife and child. Smith had but one plea, that he was drunk, and Justice Toomey committed him for trial at court in default of \$300 ball. At about eleven o'cisek Saturday night George Shukaitis and his family were aroused

from their slumber by the noise of stones that came in from the street through an open window falling upon the bedroom floor. Shukaitis jumped out of bed and hurriedly pulled down the window sash, but that had no effect on John Shilkawicz, who stood outside hurling the stones nutil he smashed the window panes. The latter was subsequently arrested and gave \$300 bad. He said he just wanted to have some fun and sought it in the manner stated.

John Marzenkewicz stood at a corner or East Lloyd street last evening when Mat. Usavage approached and struck him on the head, breaking his hat. The assault was made without any provocation and the assailant, who was put under \$300 bail, could give no explanation for it other than that he didn't like the victim's hat,

A case of similar character is that in which Anthony Malishus and John Walakonis are charged with committing an unprovoked assault upon Anthony Washer. The complainant was assaulted on East Centre street and no explanation for the assault has been given. Walakonis has evaded arrest. The

other man is under \$300 bail.

Henry Becker, a resident of the First ward, was held for trial for beating and bighting the state of the kicking his wife, Louisa, and threatening to chop her to pieces with a hatchet on Satur-

Charles Linkofski was put under \$300 bail for assaulting the son of William Ferguson. In this case, however, the defendant was not charged with being drunk. It appears that some boys tied the front door of the house so that it could not be opened. When he gave chase the Ferguson boy fell into his clutches. Joseph Scally was before Justice Shoemaker yesterday on a charge of assault and battery made by Israel Eisenhower and put under

\$300 ball for trial. The most serious case reported was that in which Uladek Saroko and Weyl Baltiomowicz were charged with heating William

AMERICAN COMMISSION

Have Received a Formal Statement From the Spaniards.

THE EVACUATION OF THE ISLAND,

It Is Estimated, Will Not Be Com-Are Without Foundation.

Havana, Sept. 19.-Rumors that have been put into circulation to the effect that General Wade, president of the American evacuation commission, is ill with yellow fever may be denied absolutely. General Wade is looking the picture of health. He breakfasted yesterday with his stuff at the Louvre restaurant.

Today the commission and their entire staffs removed to the Trocha hotel at Vedado, which has been put in excellent sanitary condition. The general health aboard the steamer Resolute is good.

An official meeting of the Spanish ommission of evacuation was held Saturday night to consider the form of evacuation by the Spanish troops, and with the object of acquainting the American commission with the exact number and positions of the Spanish soldlers and the best method of embacking them.

Yesterday afternoon there was sent on board the Resolute scaled documents supposed to contain a statement of the results of Saturday night's conference. It is understood that it is proposed to start the evacuation from the east to west, embarking the troops at the ports of Gibara, Nucvitas, Cienfuegos and Havana.

The official statement of the number of Spanish soldiers in the island is said to place the aggregate at 100,000, and it is understood that it is proposed that the men shall carry with them their arms, ammunitions of war, mate-

rial and equipments. It is estimated that the end of Febru ary will have come before the evacuation of the island is completed, as the soldiers must embark in Spanish vessels. It is suggested that this will be an advantage to both countries, the United States having an opportunity to acclimatize its men during the winter months, as it is proposed that the American government shall land troops to occupy each post simultaneously with its evacuation, not leaving any port unguarded at any time.

At the Tacon theater Saturday night there was produced a play based upon the Dreyfus trial, in which Dreyfus was portrayed throughout as an innocent victim of conspiracy in the French army. From the start the sympathy of the audience for Dreyfus was plainly manifested. Four Frenchmen, one of whom is supposed to have been an officer of the French gunboat Fulton, Kowalowski so badly with clubs that the victim is confined to bed. He was unable to go to the Justice's office and the complaint was made by one of his friends, Michael Bugel. Each of the accused furnished \$500 whistles and to loudly hiss the players. A scene of indescribable tumult followed, the entire audience rising in

e of Dreyfus. The Frenchmen were forcibly eject-ed and the performance was continued without further interruption. One of the Frenchmen, he who was thought to be an officer of the Fulton, refused to give his name at the station house, to which the party was taken after being ejected from the theater, and was locked up over night. General Blanco has prohibited the future performance

of the play in Havana.

A difference of opinion between Cubans and Spanish officers in a prominent cafe here yesterday resulted in an exchange of abusive language and a free fight. The disturbance was promptly quelled by the police, and the ringleaders were arrested. The dis-order is said to have been provoked by

AN ARCHBISHOP'S FEARS.

Hopes Philippines Will Not Remain Spanish or Become Independent. Manila, Sept. 19.—In an interview here Archbishop Dozal, of the Philippine islands, sald:

"I certainly hope the islands will not remain Spanish, because the rebels are row so strong that such a course would inevitably cause appalling bloodshed. The reconquest of the natives is impossible until after years of most cruel warfare."

He also expressed the hope that the islands would not become absolutely independent, because it was certain that dissensions would occur which would result in incessant strife and a lapse into barbarism and the natural indolence of the tropical race. The only hope, the archbishop declared, was that a strong western power would intervene now. Delay was dangerous, because the people are intoxicated, vaingiorious and restiess.

He said it was undentable that the religious orders must go, because the whole people had determined to abolish them, now that they were able to renand Mary Griffiths, on West Oak street this evening. An admission fee of five cents will be charged. The proceeds are to be added to the treasury of the Library fund of the Protestant Episcopal church. Refreshments will be served and an invitation is extended to the public to attend. less. EVACUATION OF PORTO RICO. Our Commissioners Expect Its Com-

pletion Within Three Weeks San Juan, Porto Rico, Sept. 19.—The preparations for the embarkation of the Spanish troops are reported to be completed, although the American commissioners have not been officially advised to that effect. POLITICAL POINTS.

It is amusing, as well as ridiculous, to observe the efforts of the Democratic papers to niture stores and ordered goods to the make it appear that William Marr stands for amount of \$25.
