CENTRALIA AROUSED.
The People Ask That a New School Board be Appointed.
The people of Centralia, who have become very much incensed about the failure of the School Board of that borough to elect teachers and open the schools, have forwarded a numerous signed petition to the Judge of the Columbia county court, praying that the Board be compelled to show cause why it should not be ousted, and that a new Board be appointed. The teachers have not been elected for the term and the schools, which should have been opened on August 29th, still remain closed and the Board has shown no signs of a desire to perform its duties.

The HERALD readers are familiar with the circumstances which have brought about this condition of affairs. J. H. Eisenhower, formerly principal of the Mahanoy City High school, was elected principal of the Centralia schools two years ago by a Board of School Directors appointed by the court to take the place of a former Board which had become discredited over management of the affairs of the district. When the newly elected Board of Directors ascertained that appointed by the court it refused to appoint Eisenhower as principal, electing in his stead C. Smith Murphy, who had just left a place in the schools of Mt. Carmel. Eisenhower took the case into court and was a decision granting him full salary for the last term. A writ of mandamus followed to compel payment of this year's salary in case the Board had continued to fail to recognize Eisenhower as principal, and there is no question but that the district would have been compelled to pay Eisenhower's salary for the full three years. The Board faced the decision, but ultimately refused to accept the situation; and not having the nerve to proceed in direct violation of the law, remained inactive, while the suffering community looked on with anger and impatience. The feeling against the Board is now very warm and the court will undoubtedly appoint a new Board.

RUNAWAY BOY.
Arrested Last Night and Sent Back to Philadelphia To-day.
Policeman Martin Mullahy learned last night that there was a boy in town who had stolen money and ran away from home in Philadelphia. He started out to hunt the boy and found him with a group at the corner of Lloyd and White streets. Upon being questioned the runaway said he was George Wilson, 13 years old, and ran away from his home at 1901 20th street, Philadelphia, with \$5.50 belonging to his parents. A boy who formerly lived here and is now at Philadelphia had told Wilson that Shenandoah was a nice place in which to live and the latter came on here. He arrived at noon Monday. Wilson had \$3.12 in his pocket when the police took charge of him. The boy had secured a job as slate picker in one of the breakers and intended to start work tomorrow. He said he preferred Shenandoah to Philadelphia. Chief of Police Murphy took Wilson at his home last night and sent a telegram to the boy's father, Joseph Wilson, who is a carpenter by occupation and works for the Western Union Telegraph Company. The father telegraphed a reply to-day asking that his son be held until money could be mailed to pay his fare home. The money found in the boy's pocket was sufficient for this purpose, however, and they sent the boy on the 2:02 P. M. train, telegraphing the father to meet him in Philadelphia.

LOST HAND AND FOOT.
Result of Falling Rock at the Ellingowan Colliery.
William Zalinski, a laborer employed at the Ellingowan colliery and residing at 314 West Lloyd street, was mangled by a fall of rock this morning. The rock cut off all the fingers of the left hand and half of the left foot. His head was also badly cut. It is probable that amputations will follow above the wrist and ankle. The victim was attended at his boarding house by Dr. Stein and subsequently removed to the Miners' hospital.

Exciting Runaway.
A man named Cuskawicz, residing in the First ward, and his young son had a thrilling experience this morning and barely escaped very serious injury in a runaway. They had attended an interment at the Lithuanian cemetery and were returning in a carriage down the mountain road when the horse commenced to kick and its two hind hoofs got caught in the dashboard of the carriage. The animal kicked itself free, sent the carriage over the embankment and ran away with the shafts trailing. Cuskawicz and his son fell from the carriage as it toppled over. The child's face was bruised, but the father escaped injury. The carriage was left a wreck on the side of the mountain. The horse ran down the road to Line street, where it slipped in turning sharp and fell at the Rescoe Hook and Ladder Company's building and was taken in charge by members of the company.

OUR FLAG IN HAVANA.

CARING FOR RECONCENTRADOS.
Marquis Cervera, Military Governor of Matlano, Arranges For the Transfer to Their Deserted Homes of the Victims of Weyler's Brutal Order.

Havana, Sept. 21.—At 10 o'clock yesterday morning the first American flag in Havana was hoisted on the flagstaff of the Trocha hotel, the headquarters of the American evacuation commission. A guard of marines was posted at the entrance to the grounds. Colonel Claus and Captain Payne stood on the roof of the hotel on either side of the flagstaff. At 10 o'clock sharp a quartetmaster of the steamer Rosalita hoisted her flag, which unfurled and fluttered proudly in the breeze. All the members of the commission raised their hats and cheered the Stars and Stripes. The approaches to the grounds at either end of the street were crowded by squads of the Guardia Civile in order that the commissioners might not be molested. A widow and two children, evidently persons of refinement, but in abject want, approached General Wade, the president of the commission, and pleaded for relief. The widow and children were seated in the dining room of the hotel and given a hearty meal. Others in need were equally well treated, all who applied receiving relief of some sort.

Marquis Cervera, military governor of Matlano, has issued an order providing for the return of the refugees from the country—reconcentrados—to their farms and fields, offering absolute protection to all those going back to their homes and lands. To this end he has arranged for three companies to run twice a week from Matlano to different interior points in the vicinity, taking, free of cost, the families and baggage of those who wish to return to their homes. The civil governor, besides retaining control of the railway, has arranged to cooperate with the mayor of Matlano, who has to the same end set aside the sum of \$500 to be distributed among those families who return to labor on the farms.

Bishop Santander, of this diocese, yesterday had a long interview with Captain General Blanco, supposedly for the purpose of considering the position of the clergy after the evacuation of the island. Advances from Matanzas continue to report a great distress and spread of sickness, to remedy which, it is asserted, the city officials do absolutely nothing. Dr. Jose Conzosto, secretary general of Cuba, who is accredited to the Spanish minister at Paris, will sail on Saturday via New York. The Spanish mail steamer Alfonso XIII sailed for Spain yesterday, carrying, beside the 1,200 passengers, mostly women and children, 1,900 sick soldiers.

DESPERATE DOUBLE MURDER.
Captured After a Battle in Which He Killed Two Men.
Garrett, Pa., Sept. 21.—P. P. Myers yesterday took possession of a man left to him by his mother, Mrs. Christler Myers, who died five months ago. The deed was not signed by his father, who had a life tenure in the property. Alexander McDonald, who leased the house at Mrs. Myers' death, moved out on Monday. When Christler Myers arrived yesterday he found the house barricaded, his son refusing him entrance. He at once went to Somerset, swore out a warrant for forcible entry and detainer, and on his return here secured service for the writ.

Young Myers fired at the approach of the constable and his posse, fatally wounding Michael Kearney. Then he fled to his boarding house, immediately adjoining, where Constable Nelson Lenhart and his brother, John Lenhart, followed him. He fired again, killing John Lenhart instantly. Sheriff Martin Hartzell, of Somerset, in a short time arrived with the posse. A crowd of infuriated citizens was guarding the boarding house, in the cellar of which young Myers was hiding. After an hour's waiting a raid was made. A dozen shots were exchanged. Myers was finally overpowered, and while being taken down the steps of the house was struck by a gun in the hands of somebody in the crowd. He was knocked unconscious, but later recovered and was removed to Somerset. Michael Kearney died about 10 o'clock. John Lenhart, the other victim, was scarcely recognizable when found, the entire front of his face being blown off.

Rough Riders' Horses Sold by Auction.
New York, Sept. 21.—Three hundred and seventy-five horses that belonged to Roosevelt's rough riders went under the hammer yesterday at prices ranging from \$5 to \$17, but averaging about \$16. Eight hundred more of them will be sold today and tomorrow. The salesroom was crowded when the sale began. There were horses by hundreds, nearly all bronchos. Many of them never had been saddled, and few of them had been shod. There were but two men in the crowd of butchers, bakers, farmers, grocers and horse dealers who had a real interest in the bids they made. There were rough riders who bid in their mounts for \$13 and \$22, respectively. Most of the horses' ribs could be counted. The horses cost the government about \$65 apiece.

BON TON OPENING.
A Splendid Display of Fashionable Millinery and Trimmings Adorn Its Interior.
Honor to whom honor is due. This term applies not only to those who had achieved deeds of valor, or starred in soldier camps, or languished in hospital camps for our country's flag, but also to those who have won success in a business venture. We refer principally to the Bon Ton Millinery house, yet in their infancy,

but who recently enlarged their stock of newest millinery by adding imported patterns as well as the designs from their own workshop. Many admirers and buyers visited the fall opening last night and the indications are that thronging will continue for several days to come. Congratulations were showered upon the proprietors for their enterprise and success shown in introducing to the feminine portion the latest novelties for the coming season in ladies' hats, misses' and children's headgear. Among the novelties, Rough Riders, and cadet hats can be seen in endless varieties, and in every color imaginable. The parlors are decorated with all sorts of birds, wings and quills. The new shades in ostrich feathers are dreams of loveliness. The many callers were delighted with this exceptionally fine display, and they all claimed that the Bon Ton millinery has won the wreath of victory in catering to the ladies of this vicinity.

The groomsmen left this town a few years ago to settle in Philadelphia and is prospecting there.

Two weddings took place in St. Canisius church, Mahanoy City, to-day. Miss Kate Clark, of that town, and Joseph G. Equi, of Roanoke, Va., were the first couple married. COUNCILMEN IN SESSION
Important Matters Discussed and Acted Upon Last Night.

MR. SCANLAN GIVEN MORE TIME!
The Finance Committee and Bondsman Will Meet to Adjust Matters and Report to Council—Connection With the Old Water Plant Decided Upon.

A special and very important meeting of the Borough Council was held last night to meet Tax Collector Scanlan and his bondsman and set on other matters deferred from the last meeting of Council, including the suggestion to construct the borough water mains with the supply pipe of the old water company. The meeting was attended by Councilmen Metzler, Brennan, Bell, Cookley, Murphy, Hand, Straughn, James, Harpkins, Shoemaker and Solowender. Mr. Scanlan made a statement to the effect that he would be obliged to have three or four months additional time in which to settle his 1893 duplicate, as he experienced much difficulty in making collections. He said he had settled with the county on that duplicate and was pretty near through with the School Board. Finance are looking better and all the money he receives hereafter will be paid to the borough. Mr. F. J. Brennan made a similar statement and added that additional help had been given Mr. Scanlan to make collections.

Mr. Hand, chairman of the finance committee, read a statement showing that the net balance due on the 1893 duplicate was \$14,070.78 and that Council will need \$18,002.50 to meet expenses aside from the running expenses before January 1st, next. Mr. Scanlan said that he would collect all the money possible and if a \$4,000 loan were offered to cover the balance he would pay the interest for a renewal of the note. Upon this offer, and in view of the statement that the bondsman claimed there were some errors in the account, it was decided that the finance committee meet Mr. Scanlan and his bondsman at the earliest possible date and report at a special meeting to be called for that purpose.

Secretary Cookley read the following communication and, on motion, it was placed on file for future reference:
SHENANDOAH, PA., Sept. 19, 1893.
To the Council of the Borough of Shenandoah:
I am not liable on any bond of M. J. Scanlan, Collector of Taxes of Shenandoah, as my name on said bond of his which has not been settled up was not placed there by me nor with my consent, and if Council seek to hold me on any such bond I will contest their right to do so as I neither signed such bond nor authorized it to be done, and my name appearing thereon is fraudulent as to me.
MR. MARY MELLETT, mark

Witnesses—PATRICK CONRY.
The following communication from the Shenandoah Water and Gas Company was read:
We will allow connections to be made at or near the oil house and furnish you water at the rate of five (5) cents per one thousand gallons.
We will furnish you water, by direct connections, at the rate of one dollar per hour, provided at any turning on of the water we are paid for not less than twenty-four hours. We will not be held liable for the amount of \$100.00, or lease you the plant upon the payment of \$10,000 cash, and an annual rental thereafter of \$10,000, with interest payable semi-annually on all sums remaining due until the principal sum of \$100,000 be completed and paid, when we will transfer the plant to the borough. All connections to be made by the borough.

Mr. C. E. Titman, one of the officials of the company, was present and stated that should Council decide to buy the plant and not have the cash to make the first payment he would take a short note for the amount, and should the same condition of affairs exist when the annual payments became due the notes would be renewed from time to time. Mr. Titman made every concession suggested to encourage a purchase.

Mr. James made a motion that the proposition for a supply of water at the rate of \$1 an hour be accepted and Mr. Bell offered an amendment that the connection be made only for the period during which the Fowler's Run reservoir would be under repairs, but the amendment was defeated and Mr. James' motion carried.

This was followed by instructions that the contract be prepared for presentation to Council at a special meeting to be held on Thursday evening, next, and that the water committee have measurements made of the Fowler's Run reservoir and ascertain the cost of Portland and Lehigh cements.

Mr. Bell, of the street committee, reported the result of the conference had in relation to the sewerage in the First ward and Council decided to enter into an agreement with the P. & R. C. & I. Co. and the Thomas Coal Company, whereby each party shall bear one-third of the expense of improving the creek, the total cost not to exceed \$900.
