OUR COUNTRY: First, Last and Forever.

ADMIRAL DEWEY could not ask for anything better in the shape of reinforcements than the battleships Oregon and Iowa.

To-morrow the Republicans will name their county chairman, after which the practical work of the campaign will begin in earnest.

The Shenoykill county Democrats have their troubles, and there are few more familiar with this fact than our friends of the Chronicle.

THE returning soldiers are receiving a glorious welcome home in every part of Pennsylvania. The citizens of the old Keystone state are ever gallant and patriotic.

SOME of the Democratic papers say it was sheer luck that won in the recent war. Even that is better than to be mixed up with a party that is neither capable nor lucky.

By the time the nine men charged with the investigation of the War Department get fully under way, Congress will be in session and prepared to take a hand itself.

EUROPEAN nations may require our superior guns and armor plate, but they cannot acquire by purchase our man behind the gun. He belongs to us, and there is none like him.

COLONEL BRYAN announces that he will not be the President with a request for another appointment. No, the chances are that he will be kept busy at his military duties for some time to come.

THE Democratic candidate for Senator in this district has the biggest job he ever undertook. In an effort to stop the onward march of the Republican candidate, all signs point to the election of Mr. Graham by a handsome majority.

WERE the Auditors blessed with eight eyes each, as are spiders, they might possibly see what most mortals can detect: and they would not then be so eager to discriminate against one branch of the borough government in their warfare of persecution.

It is whispered among the boys at Camp Meade, that the Shenoykill county volunteers, members of the Eighth regiment, will go garrison duty in Cuba or Porto Rico. If that be true, they will not discard Uncle Sam's uniform for a year or two yet.

PRESIDENT MANSO, of the so-called Cuban Republic, calls the American people "our ally of yesterday, our host of today and our friend always." This characterization is all right. The American people have shown a friendship for the Cubans without any precedent in the history of the world.

OUR old friend Frank Willing Leach is again back in the Quay fold, and has addressed an open letter to the senior Senator pledging the latter his support for re-nomination. From Mr. Leach's very interesting and entertaining letter it appears that Senator Andrews' prominence in the Quay ranks caused his long-delayed return to the fold, but those on the inside say there are other reasons.

THE prize peach story this season comes from Powertown, Md., where the largest specimen of the fruit ever grown is said to have been found in the orchard of Emory Thomas. The peach grew on a twig less than an inch long, springing from one of the main limbs. It is twenty-seven inches in circumference and nine inches in diameter.

WE have received, with the compliments of John P. Elkin, chairman of the Republican State Committee, the campaign text-book for the present year. The book is full of interesting reading, giving short biographies of the Republican candidates. Quite a portion of the book is devoted to the services rendered by Senators Quay and Penrose to the party. Not a word, however, is said about the gentleman who represents this district in Congress.

His Child Witnessed His Double Crime

NEW YORK, Sept. 21.—General Nelson A. Miles, commanding the army, will, in a few days, receive from the chief bankers in New York, and prominent commercial men, an invitation to a banquet in the honor of his wife, who should be accepted, will be held in this city next month, the date to be set by General Miles. Circulars to this end were sent around the Wall street district yesterday.

ONE Minute Cough Cure surprises people by its quick cures and children may take it in large quantities without the least danger. It has been found to be the best preparation used to-day for colds, coughs, tickling in the throat or obstinate croup.

His Child Witnessed His Double Crime

NEW YORK, Sept. 21.—Michael Schwartz, a musician, last night went to the home of his wife, Anna, from whom he has been divorced two months, and in the presence of their 12-year-old daughter shot his wife, killing her instantly. He then turned the weapon on himself and tried his life by shooting himself in the head. Schwartz and his wife had not lived together for a long time. The tragedy was the result of an argument over past differences.

Diplomats Sympathize With La.

PEKIN, Sept. 21.—The diplomatic representatives of Russia, France, Belgium, Spain and Holland have called upon Li Hung Chang to condole with him upon his dismissal from the Chinese foreign office. Much comment has been excited by the action of these ministers.

Resigned to Escape Court Martia.

Cleveland, Sept. 21.—Brigadier General George A. Garretson arrived here yesterday. In speaking of the trouble with the Sixth Massachusetts Regiment he said: "The personnel of that regiment was all right. It is true its officers resigned, and it is equally true had they not resigned they would have been brought before a court of inquiry to inquire as to their efficiency. They seemed to be in control of their own minds, and I was a disinterested party which devoted upon me, and I do not want to say much about it until my official reports are made public. The officers of that regiment all resigned before the court convened, and so they were spared any humiliation by reason of the inquiry which was to be made."

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists return the money if it fails to cure. The genuine has L. B. Q. on each tablet.

Exposed Continually To a Dying Ground.

Dorchester, Mass., Sept. 21.—Hon. Thomas F. Hayward continually loses ground, although his wonderful constitution makes a strong resistance. He passed a very bad night Monday night, and yesterday was considerably weaker than at any time during his illness. He is looked for in the course of a few days, although he will probably have a number of rallies.

The Population of Shenandoah.

Is about eighteen thousand, and we would say at least one-half are troubled with some ailment of the throat and lungs, as those ailments are according to statistics, more numerous than others. We would advise all not to neglect an opportunity to call on their druggist and get a bottle of Kemp's Balsam for the throat and lungs. Price 25 and 50c. Trial size free. Sold by all druggists.

A West Point Horse's Sentence.

Washington, Sept. 21.—By the terms of a court martial sentence approved by the president a dead horse has been punished for having a West Point, Philip S. Smith, third class, having been tried and found guilty of harassing and annoying fourth class men, was sentenced "to be suspended from the United States Military Academy with- out pay until Aug. 28, 1909, at which date he will join the third class."

General Lawton's Health Report.

Washington, Sept. 21.—Nearly 1,200 of the American troops at Santiago are on the sick list, and General Lawton reports 88 new cases of fever. His report sent to the war department last night is as follows: Sick, 1,187; fever, 679; new cases, 88; returned to duty, 288. Deaths, 7.

You invite disappointment when you experiment. DeWitt's Little Early Risers are pleasant, easy, thorough little pills. They cure constipation and sick headache just as sure as you take them. C. H. Hagenbuch.

President Visits Sick Soldiers

The Chief Magistrate Thoroughly Inspects the Fort Meyer Hospital.

Washington, Sept. 21.—President McKinley yesterday afternoon made a personal inspection of the hospital at Fort Meyer, Va. Accompanied by Adjutant General Corbin, the president drove to the White House, where he was announced to the fort. He proceeded directly to the hospital, and introducing himself to Major Davis, the United States army surgeon in charge of the hospital, informed him that he had come to make an inspection of the institution and to pay his respects to the patients and the attendants.

CONNECTICUT DEMOCRATS

Open Their State Convention by Re-nominating State Committee's Call.

Bridgeport, Conn., Sept. 21.—The Democratic state central committee of Connecticut met at 10 o'clock this morning to arrange for the temporary roll and organization of the state convention of the party, which assembled this morning. The contests for seats were taken up. In the Bristol contest the gold delegation won; in the Stamford case the silver men were elected. E. C. Benedict, the banker, headed the gold delegation from Greenwich, which was finally seated.

Chairman Alexander Troup raised a point which occasioned an animated debate lasting for over two hours, and which finally resulted in the resolution by the committee of the committee's own call for the convention and opened wide the doors for all Democrats of whatever affiliation, silver or gold, or otherwise. The chairman mentioned that portion of the convention call which provided for the instruction to the convention must be chosen by those electors who favor the reaffirmation of the Chicago platform, and asked for instructions as to the temporary organization of the convention.

Mr. Kelton, of New Britain, moved that the chairmen be instructed to prepare a roll under the call. An amendment to the motion was offered by Mr. Grady, of Waterbury, which provided that all resolutions, regardless of the committee's action on contents, be sent to the presidential committee, and this resolution was carried by a vote of 12 to 5.

Mr. Troup announced at the close of the meeting that the passage of this amendment amounted to a complete repudiation of the committee's own call for the convention to announce his retirement from the chairmanship and membership on the committee.

The delegates are fighting over the currency question, and the convention promises to be exciting.

Protest Against Alleged Ill-Treatment

Albany, N. Y., Sept. 21.—Former Senator Jacob H. Brown and Colonel Everett H. Kingston, a committee representing the citizens of that municipality, waited upon Governor Black yesterday afternoon and presented a petition adopted at a meeting held at that city on Monday night requesting the governor to use his influence to bring about reforms in the treatment of Company M, First New York volunteer regiment, in service at Honolulu. It is alleged that members of that company have suffered from lack of food and ill treatment on the part of the regimental officers.

Winn's Davis' Funeral.

Richmond, Va., Sept. 21.—When the remains of Miss Winnie Davis arrive here Friday morning they will be escorted to St. Paul's church, where her father worshipped, and was confirmed. They will be placed in the lecture room and remain there under a guard of honor until 2:30 p. m., when the funeral will take place, the interment being in Hollywood, in the Davis section. The Jefferson Davis Monument association and the members of R. E. Lee camp, Confederate Veterans, of which Miss Winnie was a member, will have charge of the funeral. The grave pallbearers will be members of the camp.

Failed to Agree on Wage Scale.

Pittsburg, Sept. 21.—The wage scale committee of the window glass cutters and manufacturers met yesterday, but adjourned without having reached a decision. The cutters asked an advance of 3 1/2 per cent, or 27 1/2 cents per 100 feet for single strength, and 2 per cent, or 39 cents, for double. The manufacturers refused the advance, but agreed to pay 2 1/2 per cent for single strength and proportionately for double. No time was set for another conference.

Progressive's Renomination Assured.

Detroit, Mich., Sept. 21.—Governor Proctor's renomination for Monday by the Republican state convention is conceded to be a certainty by the crowd of delegates, party leaders and candidates gathered in the hotels. It is freely admitted by the conservatives of the party that the governor's popularity is the only reason for the support of Republicans, including those who do not approve of all the governor's acts.

Priceless Pain

Those who have Rheumatism find themselves growing steadily worse all the while. One reason of this is that the remedies prescribed by the doctors contain mercury and potash, which ultimately intensify the disease by causing the joints to swell and stiffen, producing a severe aching of the bones. S. S. S. has been curing Rheumatism for twenty years—even the worst cases which seemed almost incurable.

COLONEL BRYAN TO RESIGN.

The Nebraska Volunteer Anxious to Discuss Army Matters.

Jacksonville, Fla., Sept. 21.—Colonel William Jennings Bryan, of the Third Nebraska volunteer, will shortly resign his commission in the United States army, and resume the discussion of public questions. Colonel Bryan, when asked to express himself on questions of public interest, said:

"You can say that I refuse to discuss any questions connected with politics, the army or myself, except that I see no reason to change the views in regard to expanding the territory of the United States. You might also say that I am not so enamored of camp life that I would at the close of the war apply for a commission in the regular army."

Colonel Bryan is looking and feeling well, but is undoubtedly suffering from the restraint he has placed over himself.

"If you knew," he said, "what it cost me to keep still when there is so much to say about things of importance to the people and of lifelong interest and moment to me, you would appreciate the strength of my will."

When asked if he would talk freely on the subject when he has once broken loose he said:

"You know how it is when a dam breaks. There is no telling when the flood stops."

When his candidacy for the presidential nomination was suggested he said:

"A man may say things and express opinions upon public affairs which will not meet public approval. These results are not always favorable to himself. An idea is everything to me, far more than any office."

Colonel Bryan refused to name the date when he would resign his commission.

General Haskell Rests at Arlington.

Washington, Sept. 21.—The body of Brigadier General Joseph T. Haskell, one of the heroes of Santiago, who died at Columbus, O., last Saturday, was laid at rest in the Arlington cemetery yesterday afternoon with appropriate military and Masonic ceremonies in the presence of a distinguished gathering, including President McKinley, General Miles, Adjutant General Corbin and other persons prominent in civil and military life.

Spain Has No Right to Protest.

Washington, Sept. 21.—Some question has arisen as to the right of the United States to send troops to Manila under the terms of a protocol and the armistice which followed. Upon this matter being brought to the attention of the officials of the war department it was stated that under the protocol Manila city, harbor and bay were placed under control of the United States, and that we have the same right to reinforce Manila that we have to send troops to any other army post. Spain, it was said, would have no right to protest.

"Saved Her Life."

Mrs. John Waller, of Jefferson, Wis., when whom none is more highly esteemed or widely known, writes:

"In 1901 I had a severe attack of La Grippe and at the end of four months, in spite of all physicians, friends and good nursing could do, my lungs heart and nervous system were so completely wrecked, my life was despaired of, my friends giving me up. I could only sleep by the use of opiates. My lungs and heart pained me terribly and my cough was most distressing. I could not sit in one position but a short time and not on my left side at all. My husband brought me Dr. Miles' Nerve and Heart Cure and I began taking them. When I had taken a half bottle of each I was much better and continuing persistently I took about a dozen bottles and was completely restored to health to the surprise of all."
