The quantity of pig iron reached 9,652,680 tons, valued at \$95,000,000. While the value is smaller than it has been in some of the years of higher prices, the quantity has never been equalled in this country before. Silver has decreased in both quantity and value, the actual cash value of the output for the year being but \$32,-316,000.

Anthracite coal does not increase nor diminish greatly in product of value, of 46,814,074 tons being not far from the average for the past eight years, the price at \$79,000,000 holding rather steady. Petroleum, which made its phenomenal record of 60,- val reserve and saw service during the 960,361 barrels in 1896, nearly equalled. Cuban blockage and in the battle of the output in 1897, but lower prices cut off the worth of it by \$8,000,000. Copper increased materially, the yield last year being 491,638,000 pounds, an increase of more than 100 per cent. in eight years.

The advances of electricity are responsible for the great increase in the production of copper, with no cessation in sight. After coal, pig iron and gold, copper was the most rival at either Omaha or Chicago on valuable mineral product for the schedule time. year, the yield being worth \$51.

Reports from Guinaes, this province, say that no farmer or land holder or tenant has turned his hand to the sow-ing of crops in that vicinity, and the district, therefore, will have no pota-toes, tobacco, cane, cabbage or other vegetables this year. This will further inneverial the district and add to the distress. From now until February it will be impossible for the farmers to row crops, and in February the ground will be prepared for the apring narvest. Therefore, next six months will see a great deal of want and misfortune in that vicin-ity. This state of affairs is directly due to the unsettled condition of the country and the attitude of a certain portion of the Cubans, who openly threaten hestility to the United States and are preparing to take the field and wage a geerilla warfare against the Americans if any form of government hort of absolute independence for the ubans is established in the island.

"Saved Her Life."

IN THE JOHN WALLET, of Jefferson, Wise, than whom none is more highly esteemed or widely known, writes "In 1850 I had a severe attack of LaGrippe and at the end of four months, in spite of all p) yelclans, friends and good nursing could do, my lungs heart and nervous system were so completely wrecked, my life was de-spaired of, my friends giving me up. I could only sleep by the use of oplates. My lungs and heart pained me terribly and my cough was most aggravating. I could not lie in left side at all. My husband brought me Dr. Miles' Nervine and Heart Cure and I began taking thom. When I had taken a half bottle of each I was much better and continulng persistently I took about a dozen bottles and was completely restored to health to
