BATTLE WITH STRIKERS

Imported Negro Miners on the Aggressive.

CHALLENGE QUICKLY ACCEPTED.

Negroes on One Side of the Street and White Strikers on the Other Fire Several Hundred Shots—One Negro Reported Killed, Several Wounded.

Pana, Ill., Sept. 29.—Striking union coal miners and imported negroes engaged in a pitched battle in the main street of this city last night. Several hundred shots were exchanged. No one was wounded in the ranks of the union men. The negroes were driven from the city to their stockades, carrying with them, it is believed, a number of wounded comrades. One of the negroes is reported to have died soon after reaching the stockade. Desultory firing continued all night in the vicinity of the stockades.

The negroes from the stockades at the Springside and Penwell mines were making demonstrations on Second and Locust streets. The principal streets in the city, by parading heavily armed. The union miners were in session at their hall, where a Chicago labor leader was speaking. One of the negroes appeared at the foot of the miners' hall and engaged in a quarrel with a union white miner. Officer Samuel Smith immediately arrested the black, and was escorting him to jail, when he was closed in on by a posse of negroes who, pointing their revolvers at Smith, threatened to kill him if he did not release the prisoner. Smith continued on his way to jail with the prisoner. Union miners and others, meanwhile, went to Smith's assistance and the negroes were driven back. Smith took his prisoner to Operator George V. Penwell's store, and upon Penwell's standing for the negro's fine he was released.

Before Smith had released his prisoner, however, the negro posse had been reinforced and assumed a threatening attitude toward the white men. David McGarvie, leader of the union miners, ordered the miners across the head with a revolver. It is said, for half a block McGarvie forced the negroes to retreat, and then a few shots were fired. The negroes retreated in double quick time to their stockades. They secured rifles, returned to Locust street and challenged the miners for a fight. The opposing forces lined up on the street, the negroes with Winchester and the miners with shotguns, rifles and revolvers. Neighboring business houses were immediately closed, lights extinguished and citizens generally sought their homes. At the word of command firing commenced. The first volley, it is asserted, was fired by the negroes. The union men responded with a volley, and heavy firing continued for five minutes. Much of the shooting was wild and scattered, but the whites, who finally drove their enemies in full retreat to the stockades.

A second encounter between whites and blacks occurred 20 minutes after the first battle near the Penwell stockade, but the firing was scattered, and few were hit. About the business or residence sections. The union miners say the battle of last night is only a forerunner of what may be expected to follow. They blame Operator Penwell for the trouble, and say they will swear out warrants charging him with inciting last night's riot.

Dr. Miles' Nervine

Will Not Perform Miracles But It Will Cure Nervous Prostration.

MRS. ADDIE REED, Delta, Iowa.

DR. MILES' RESTORATIVE NERVINE RESTORES HEALTH, not by any miraculous instantaneous process, but in accordance with science, which is the practical, common-sense way of first removing the germs of disease, and then supplying nutritious, healthy nerve food, that gradually starts into new, vigorous growth, strong healthy nerve tissue, increases the appetite, helps digestion in toning the stomach and entire system; and strengthens the brain and will power to control the nerves, that induce sleep and rest without stupefying or paralyzing the senses.

The case of Mrs. M. B. Reed, the estimable wife of the leading merchant in Delta, Iowa, interestingly shows that desperate cases require prolonged treatment. Mrs. Reed writes: "I had been troubled with nervousness and occasional spells of prostration. In July 1891, I was stunned by a stroke of lightning striking the house, and became much worse. My limbs would all draw up, and my left arm and hand was in a cramped condition, and the chords in my neck would lie out prominently. One physician pronounced it a light stroke of paralysis. I would have throbbings in my chest that seemed unendurable. For three months I could not sleep, and for three weeks I did not close my eyes in sleep. I thought I could not stand it. I just prayed for sleep, and felt that if relief did not come I would soon be dead or insane. My physicians (two from What Cheer, one from Springfield, and one from Sigourney), all agreed there was no help for me; that I was incurable. January 1892: Catching at a last straw as I thought, I tried Dr. Miles' Nervine, and it helped me from the very first bottle. The second night I slept two hours, and from that time on my sleep kept increasing and my health improved; slowly at first, but steadily and surely. I have taken in all forty bottles, but that first bottle was worth \$500.00 to me. No words can express my sufferings, and I can't explain in words how grateful I feel towards Dr. Miles for wonderful Restorative Nervine. I am now perfectly well and have not taken the medicine for over four months."

Dr. Miles' Nervine is sold by all druggists on the positive guarantee that the first bottle will benefit, or money will be refunded.

NEW YORK DEMOCRATS.

Leaders Can Give No Prophecy as to the Nominees.

VILVERITES HAVE TICKET READY

They Declare They Will Put This Ticket in the Field if They Are Not Recognized—Danforth Has the Most Votes, But Not Enough to Nominate.

Syracuse, N. Y., Sept. 28.—The chaotic conditions of the delegates to the state Democratic convention was accentuated last night by a contest precipitated by the action of the committee on credentials in confirming the sitting delegations in the three districts of Erie and Seneca. The contesting delegates in the First and Third of Monroe. This action, if approved, would probably give control of the next state committee to ex-Senator Hill, and this morning it is asserted that Mr. Croker and Tammany will fight the adoption of the report on the floor of the convention today. It is also asserted that the Tammany delegates, finding the up-state sentiment strongly against Van Wyck, have thought of taking up Judge D. Cady Herick, of Albany, as their candidate, to prevent ex-Senator Hill nominating Mr. Stanchfield and to combat an idea that Hill has defeated Croker.

It is generally conceded that Mr. Danforth will go into the convention with more votes than any other candidate, but not enough to nominate. The Stanchfield boom has grown rapidly, and many Tammany men are talking of it. All night the leaders have been fighting hard, and there is promise of a heated session today unless some understanding is arrived at. The fight seems to be the delegates below the Bronx against those above it, and so far the latter are in the ascendancy. It is probable that the convention will finish by tonight.

It is not possible this morning to give any idea of the names that will probably go on the ticket. Mr. Croker said that Mayor Van Wyck was not a candidate, but there is no general indication that he has been withdrawn permanently. The only thing decided finally last night, and not subject to change, is that there will be no any platform other than the Chicago national platform or silver. Long before the platform committee met there were indications that this was so. In the brief session of the convention yesterday Delegate J. C. Pierce, of Monroe, offered a resolution endorsing the Chicago platform, but was not allowed to speak upon it, and it was not read. Still later in the day the silver adherents applied to the committee on resolutions to put in a plank of indorsement, but met with refusal.

The result of all this was a meeting of a number of the silver men and the selection of a state ticket, which they claim they will put in the field if they are not recognized. The proposed ticket is: For governor, William Clark of Oswego; lieutenant governor, Charles B. Matthews of Erie; secretary of state, A. C. Fiske, of New York; comptroller, Levi S. Lewis, of Albany; state treasurer, John G. Boyd of New York; attorney general, A. D. Wales, of Broome; state engineer, Martin Schenck of Rensselaer.

There were some other phases of the silver question which were quite amusing, and displayed scientific politics upon the part of those in charge of the party affairs, who are for a state platform without mention of national issues. It was called to attention that Hosen H. Rockwell, of Chemung, who presided to-day over the committee on platform has always been a silver Democrat, and yet will have to read from the stage of the convention a platform devoid of any commendation of the Chicago platform.

Then late in the afternoon it was announced that the selection for permanent chairman of the convention had fallen upon Frederick Schraub, of Jefferson, who was a candidate for lieutenant governor on the silver ticket two years ago. When the silver Democrats heard of these ironical movements on the part of the organization Democrats they declined to talk, but there is every indication that they are quite willing to believe that the support is somewhat weakened by these movements.

snob by a veteran soldier.

Santa Monica, Cal., Sept. 29.—While Governor Smith, of the Pacific branch of the National Soldiers' Home, near quarters yesterday, Albert G. Bradley, who has been an inmate of the home for five years, came up behind him and shot at him five times, three bullets taking effect. The surgeons think the wounds are not fatal. At times Bradley has acted strangely, and it was supposed he was mentally unsound. He was arrested. Smith was formerly governor of the Soldiers' home at Leavenworth, but was transferred after being charged with cruelty to soldiers. In 1897 his home in Leavenworth was wrecked by dynamite. Joseph W. Oliver, a resident of the home, was convicted of the crime.

Takes the burn out; heals the wound; cures the pain. Dr. Thomas' Electric Oil, the household remedy.

DISASTROUS PRAIRIE FIRES.

One Bunch of Five Thousand Cattle Burned to Death.

Denver, Sept. 28.—A prairie fire, probably started by a spark from a locomotive, has burned over thousands of acres of grazing lands between Kiowa and Bijou creeks, in Arapago county, and destroyed thousands of tons of hay. Ranchman W. C. Miller and his wife and child had a narrow escape from being burned to death. The woman and the child were badly burned. Had it not been for the prompt work of the railroad men and others at Corona the town would have been entirely destroyed. Going toward the approaching fire for a mile back fires were started, and in this manner the danger averted. Thousands of head of cattle are threatened with destruction by the forest fires.

In Eagle county, where the flames seem to be spreading more rapidly than in other sections of the state, ranch property has been burned and the farmers with their stock have been trying to get out of the path of the fire for a week past. One large bunch of about 5,000 head of cattle was entirely surrounded by fire, and have undoubtedly been destroyed by this time.

Despatches from various points in the forest fire belt indicate that the fire is spreading, and that unless something is done to check their further progress, the loss will be almost beyond computation. As it is now some mining camps are threatened with destruction, and many ranches are doomed.

At Red Cliff the fire are within ten miles of the town and citizens are organizing to fight their advance. A despatch states that it is feared that the little mining settlement at Holy Cross, near Red Cliff, has been destroyed.

One Minute Cough Cure surprises people by its sure effects. It is a superior remedy in large quantities without the least danger. It has won for itself the best reputation of any preparation used to-day for colds, coughs, tickling in the throat or obstinate coughs. C. H. Hagenbuch.

Killed By a Spanish Sentinel.

San Juan de Porto Rico, Sept. 29.—Word has reached here that a Porto Rican, residing at Acandilla, near Mayaguez, asked protection of both the American and Spanish troops against depredations by outlaws, which was predicted would occur. In response to his request the American authorities sent to his residence two soldiers of a Kentucky regiment, who arrived there after dark. The resident had notified the Spaniards that he had requested American protection, and some Spanish soldiers, who had been sent to guard his house, arriving after the Americans, mistook the latter for outlaws. In the confusion resulting the Spaniards fired, unfortunately killing one of the Americans.

Unless the proper precautions are taken, death will lurk in every home. It dogs the footsteps of husbands and children alike. If the husband is an invalid, the chances are that he will not live long enough to see his children grow up. At first he may feel but trifling ill effects, but his indiscretion.

Then he will suffer from headaches, loss of appetite, loss of sleep, lassitude in the morning, brow aches during the day and a general "out-of-nerves" feeling. If these conditions are neglected, almost any serious malady may be the result. Frequently it is some chronic disorder or dread consumption. Dr. Pierce's Golden Medical Discovery is the best medicine for having working wife and giving edge to the appetite, making digestion and assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker and flesh-builder. It cures 95 per cent of all cases of chronic or lingering, bronchial, throat and lung affections.

All too frequently death dogs the footsteps of the wife, in the guise of weakness and disease of the delicate and important organs that bear the burdens of wifelyhood. There is an unerring cure for disorders of this nature. It is Dr. Pierce's Favorite Prescription. It acts directly on the sensitive organs concerned, and its support is so powerful and vigorous, it fits for wifelyhood and motherhood.

ECZEMA ON EAR

I suffered from Eczema on the right ear. I could hardly keep my hands off it; the itching was so severe. Small bubbles would open, emitting a watery fluid substance, apparently poisonous. One of the leading doctors here treated me, and applied the usual physician's remedies without benefit. My brother recommended that I try CUTICURA. The first application relieved me, and before the box was half used the Eczema had disappeared.
