### THEY CONFESSED.

The Three Men Arrested in Town Held For Robbery.

John Gallagher, Anthony C. Conry and William Kelly, the three young men arrested by Detectives Hurley and Butler in town on Thursday morning on suspicion of being crooks, have proved to be such and no little credit is due the officers who made the arrests for their effective work in the matter. They felt positive that the prisoners were thieves and made diligent inquiry to try and fasten a case on them. They thought they had accomplished this Thursday night in connection with the Wm. Penn robbery, but the prisoners could not be identified. Last night, however, a man from Mt. Carmel identified them, and then the prisoners made a full confession, saying that the cigarettes, tobacco and underwear found on their persons were part of the booty taken from a Mt. Carmel store.

This morning Constables Harry Walters and Rudolph Herb arrived in town from Mt. Carmel with a warrant issued by Justice J. H. Reed, of that place. They were accompanied by Joe Cousavoy, whose store at Mt. Carmel was robbed. The warrant called for the arrest of "three boys, names unknown." A visit was paid to the loupup and the prisoners unhesitatingly admitted that they were the parties wanted. They were taken to Mt. Carmel by the constables. The charge against the prisoners is that they carried away shirts, drawers, cigars, cans of sardines, soap and lamp cotton of the aggregate value of thirty dollars.

### FIRE AT MT. CARMEL.

Four Large Dwellings Were Destroyed Last Night.

Special to EVENING HERALD.

Mt. Carmel, Oct. 1.—At about eight o'clock last night a fire started at the lower end of Fifth street, and before the fire department could get the flames under control four three-story dwellings owned by Stiney and Victor Suckowski were destroyed, causing a loss of about three thousand dollars. The buildings were partly covered by insurance. All the occupants of the houses escaped injury, but lost much of their household effects. The flames got beyond control of the fire department on account of the nearest fire plugs being quite a distance from the scene.

No Bones About Grotty.

"Jack" Grotty, of Girardville, was a visitor to town to-day. He wants the announcement that he resigned from the employ of the Schuylkill Traction Company corrected. He says he was "fired," and has failed to learn the reason. He was in the employ of the company for six years and six months, and during that period never had a complaint against him. Grotty is now working for an insurance company.

**Horses Thrown.**  
A collision occurred between two teams at the corner of Jardin and Lloyd streets this morning and two of the horses involved were thrown to the ground, but escaped injury. The pole of a brewery wagon was run into the rear wheel of a buggy owned by William Kimmel, and as the buggy swerved the brewery horses were thrown down. It is claimed the collision was caused by the brewery driver's carelessness.

**Remarkable Escape.**  
A small child of John Kuldiewicz, of Girardville, had an almost miraculous escape from death last evening. The child followed its mother across the street unheeded until it was on the electric railway track. A car was close by and the mother made a frantic effort to pull the child from the street, but in her excitement pushed the little one back so the flange of one of the wheels caught one of the child's heels, but fortunately the injury was not a serious one.

### HELD UP BY STRICKERS!

Pana Miners Capture Sixty Imported Negro Miners AND SHIP THEM BACK TO INDIANA

The Train Carrying the Negroes Was Stopped in Approved Western Out-look Style, But No Violence Was Offered to the Captives.

Pana, Ill., Oct. 1.—Two hundred Pana miners held up a special freight train and Ohio train at the line of Shelby and Christian counties yesterday afternoon. The train was carrying 60 imported negroes for work in the Pana mines. At the point of guns the miners compelled the negroes to unload, starting to march them to Tower Hill to ship them back to Washington, Ind. The miners had handkerchiefs over their faces when they held up the train, which was delayed but a few moments. Walter Putterbaugh, who brought the negroes from the south, left the train at Flora, being fearful of a holdup and knowing that he would suffer rough treatment at the hands of the miners.

The holdup of the train was perfectly executed, and was a bold stroke on the part of the union miners. Engineer George Workman, of Pana, in charge of the train, and on being flagged brought the train to a stop. The miners were all armed and masked. The engine was uncoupled from the coaches and run a short distance, the engines being kept under guard of guns. Masked men then entered the front doors of the train, while their associates surrounded the coaches. The negroes were then marched out the back doors and walked down the track to Tower Hill.

When they reached Tower Hill the negroes were locked in the depot until 10 o'clock. At that hour they were placed on board an eastbound train and taken back to Indiana at the expense of the miners' union.

Sherriff Coburn, accompanied by 100 deputies and a number of negroes heavily armed, left Pana at 5 o'clock last night for Tower Hill to release the negroes. Five hundred miners also left on the Big Four for Tower Hill to join the miners in charge of the negroes. A clash between the deputies and miners is expected. It was reported that after the sheriff had left here that word came that the negroes had been sent out of the state.

Light Battery B, of Galesburg, and two camps of the Sons of Veterans from Aurora and Elgin arrived last evening. Governor Tanner's instructions to the troops before their departure from Springfield were to arrest all persons carrying arms and hold such arms until further orders, protect citizens and their property and maintain order, but lend no assistance to operations in operating their mines with imported labor. The militia are in full charge of the city, and are parading the business streets. The utmost quiet prevails.

### Amusement Notes.

"The Jolly Irishman" presented by Harry C. Gibson and company drew a fair-sized audience last evening to the Star. It has been fully 15 years since Mr. Gibson appeared in this city, but his presentation of the little role last evening showed that he had lost none of his old-time vigor. The lines were quite clever, well interpreted and provocative of much mirth and enjoyment. Mr. Gibson was supported excellently, and the Vaudeville specialties introduced supplementary to the play were meritorious. The vocal selection and dances by Miss Rose Cavin and the Bowery Four met with favor, as did the topical songs by Mr. Gibson and the impersonations of Miss Dot Karroll, Elizabeth (N. J.) Journal, Sept. 15th. The above company will appear at Ferguson's theatre on Tuesday evening next.

**The Coal Market.**  
During the early part of September the anthracite market was in an exceedingly unsatisfactory condition, owing more largely to reported concessions in prices than to any actual concessions which were made. Because of this uncertainty and the lack of demand for consumption the movement of coal was smaller than had been anticipated, though a small increase in buying was noted at the points and in the eastern market.

Toward the close of the month a slight improvement was felt and prices were fairly well maintained, with a large tonnage moving. The cool weather has undoubtedly helped the situation, and as the stocks in the hands of the dealers are rather low for this time of the year and the tidewater stocks are also getting low, it would not be surprising if they should be somewhat rushed and have difficulty in getting their orders filled promptly.

For October no tonnage has been agreed upon, and with all the interests mining as they please, it is extremely important that the situation should be watched very carefully, as it is not at all certain that the market can take the full capacity of the mines during the next three months without affecting prices seriously, although there are some complaints of shortage of cars, and this may restrict the output to a slight extent.

**Mr. Bayard's Body in Wilmington.**  
Wilmington, Del., Oct. 1.—The train carrying the remains of Thomas F. Bayard reached this city at 8:35 o'clock last night. A crowd of 1,500 persons were at the Pennsylvania railroad station when the train pulled in. Mr. Bayard's remains were at once taken to St. Swede's church, where another large crowd had collected. The casket was placed in front of the chancel of the church, where it will remain until the services this afternoon. The following have been selected as pallbearers: Grover Cleveland, John N. Craven, Thomas Craythorn, Charles N. J. Governor Ebe Tunnell, Chancellor John H. Nicholson, Judge I. C. Grubb, Dr. J. A. Draper and Henry G. Banning of Wilmington, Henry W. Vryan of Washington and George L. Rives of New York.

**Miss Gifford a Prisoner.**  
Bridgetown, Conn., Oct. 1.—Eudora Gifford, the daughter of Dr. Nancy Gifford, wanted for alleged complicity in the Gill murder case, arrived in this city yesterday from Stamford. The prisoner was at once taken to police headquarters, where she was closed for an hour with Superintendent Birmingham and Detective Arnold. Later she was assigned to a cell. During the morning Rose Drayton, the colored servant of Mrs. Gifford, was taken from the jail to police headquarters and again examined. It is thought that the story told by Miss Gifford conflicts with that previously told by Mrs. Drayton.

### THE BOARD OF HEALTH.

Proceedings at a Regular Monthly Meeting Last Night.

MANY NUISANCES CONSIDERED!

An Inspection Made of the Borough Building and the Health Officer Was Instructed to Notify the Borough Council to Abate Nuisances in It.

A regular monthly meeting of the Board of Health was held in the Council chamber last evening with President Spalding, and Messrs. Morrison, Malone and Holman in attendance, also Secretary Curtin and Health Officer Conry.

Prior to the opening of the meeting the members of the Board inspected the basement and other parts of the Borough building, which formed the subject of complaint on account of drainage, etc.

Mr. Malone, of the nuisance committee, made a statement regarding the abatement attending the nuisance caused by the First ward creek, as already reported in the newspaper. In making his report Mr. Malone said that the plan adopted for the abatement of the nuisance was not in full accord with his opinion as to what should be done, still the project would afford temporary relief. At the same time it was stated that the Borough officials had taken no steps to even carry out the temporary relief.

Health Officer Conry stated that the work will hardly be started before the middle of next month, because Council has asked for bids, and after they are received contracts are to be drawn up and other preliminaries arranged. He coincided with Mr. Malone that there was too much unnecessary delay on the part of Council in connection with the matter.

The report of the Necrology committee showed that for the month of September there were 38 deaths, 11 of them being due to cholera infantum. The secretary of the Board issued 22 burial permits, of which 12 were local and 10 non-residents. Of these 42 interments were in town.

The committee on epidemics reported that there were 14 cases as follows during the month: Typhoid fever, 4; diphtheria, 4; membranous croup, 4; diphtheria, 2; scarlet fever, 4. There were three fatalities—two from diphtheria and one from membranous croup.

Health Officer Conry then presented his report for the month, showing that nineteen nuisances had been abated. He also stated that the Borough Solicitor had stated that the line prints for the abatement of the First ward creek nuisance were ready. Mr. Conry stated, apparently, the delay was with the Borough Council.

The officer also stated that in regard to the case of George F. Leitze, suit was brought against him for failing to take out a permit for emptying cess pools and the Justice had postponed final disposition in the matter. Mr. Leitze had expressed a willingness to take out a license and comply with the rules of the Board of Health as to the payment for cess pools.

It was decided that the case be left in the hands of the Health Officer and Borough Solicitor.

The case of Mr. Edward O'Donnell, agent for C. D. Kaiser and Company, of Mahanoy City, was next taken up. The case was one similar to that of Mr. Leitze. It was decided to forward to the company a bill for the annual license fee.

Health Officer Conry made quite a lengthy verbal report in addition to his written one on the abatement of nuisances. He said executions had been issued against the 28 property owners in the Fifth ward who were prosecuted for maintaining a public nuisance, but they have taken no steps towards abatement. He also stated that the officials of all the local parochial schools have promised to comply with the vaccination law.

Mr. Malone said that nuisances exist in properties on the east side of White street, between Lloyd and Coal streets, and they are due to surface water being diverted from the street channels into the cellars.

Health Officer Conry said that nuisances exist in cellars at the western end of Mayberry alley and they are caused by the alley not being properly graded. The property owners say that if the Borough will give them a grade they will put in gutters.

After instructing the Health Officer to notify the Borough officials to abate the nuisance in the Borough building, due to imperfect drainage, the Board adjourned.

**Heard Arguments.**  
Judge Albright sat in court room No. 1 yesterday where he heard arguments on motions for new trials in the following cases: tried by him: Kelley vs. Kelley, Klobar vs. the Quaker City Fire Insurance Company, Keady vs. Rubinsky et al. and Jones vs. East Union township.

The case of Martin Yedensky vs. Harris Rubinsky and his son Leadore, Constable Thomas Bolan and Constable Laudonine, trespass, action in selling goods, the verdict acquitted the last three and placed \$75 damages on Harris Rubinsky, came up for argument for a new trial before Judge Albright yesterday.
