

TO CURE NERVOUS DYSPEPSIA.

To Gain Flesh, to Sleep Well, to Know What Appetite and Good Digestion Mean. Make a Test of Sturt's Dyspepsia Tablets.

Interesting Experience of an Indianapolis Gentleman. No trouble is more common or more misunderstood than nervous dyspepsia. People having it think that their nerves are to blame, are surprised that they are not cured by nerve medicines and spring remedies; the real seat of mischief is lost sight of; the stomach is the origin to be looked after. Nervous dyspepsia often does not have any pain whatever in the stomach, nor perhaps any of the usual symptoms of stomach weakness. Nervous dyspepsia shows itself not in the stomach so much as in nearly every other organ; in some cases the heart palpitates irregularly; in others, the kidneys are affected; in others the bowels are troubled, with headache; still others are troubled with loss of flesh and appetite, with the accumulation of gas, sour risings and heartburn.

Mr. A. W. Sharper, of No. 61 Prospect St., Indianapolis, Ind., writes as follows: "A motive of pure gratitude prompts me to write these few lines regarding the new and valuable medicine, Sturt's Dyspepsia Tablets. I have been a sufferer from nervous dyspepsia for the last four years; I have used various patent medicines and other remedies without any favorable result. They sometimes gave temporary relief until the effects of the medicine wore off. I attributed this to my sedentary habits, being a bookkeeper with little physical exercise, but I am glad to state that the tablets have overcome all these obstacles, for I have gained in flesh, sleep better, and am better in every way. The above is written not for notoriety, but is based on actual facts."

Respectfully yours, A. W. Sharper, 61 Prospect St., Indianapolis, Ind.

It is safe to say that Sturt's Dyspepsia Tablets will cure any stomach weakness or disease except cancer of the stomach. They cure sour stomach, gas, loss of flesh and appetite, sleeplessness, palpitation, heartburn, constipation and headache. Send for valuable little book on stomach diseases by addressing Sturt Co., Marshall, Mich. All druggists sell full sized packages at 50 cents.

SHAFER'S COMMAND.

Veteran of Santiago Now Stationed at Governor's Island.

HOPES TO RETURN TO THE WEST.

When General Merritt Returns From Manila He Will Command the Department of the East, and Then Shafer Expects to Go to California. New York, Oct. 3.—General William Shafer arrived in this city yesterday from Montauk Point, and went to Governor's Island this morning to take command of the department of the east, to which he has been assigned. He was accompanied by Major J. D. Miles, his aide. When asked last night if he expected to remain long in command of the department of the east, General Shafer said: "I expect to remain in charge of the department of the east until General Wesley Merritt arrives from Manila. On his arrival I expect he will assume command of the department and I will return to the Pacific coast and resume charge of the department of the Pacific. I like California, and I want to make it my permanent home. During my command there I made many friends, and I like the climate and associations there."

When General Shafer was asked if he knew that General Gillespie was reported to have said that he knew nothing of General Shafer's appointment in charge of the department of the east, General Shafer replied: "I know nothing whatever of the matter; I have not met General Gillespie yet and do not know whether he is at Governor's Island, in this city or Washington."

When General Shafer was asked if he had been summoned to testify before the commission appointed to investigate army matters, he said: "I have not yet been notified to appear before the commission. When I am notified to appear, I will do so. I do not know what I could say of importance, but if I am wanted I shall certainly respond to any notification."

General Shafer was asked if he thought the present army was held in readiness without exercising out any more soldiers for the purpose of awaiting the decision of the Paris council. He said: "There are not enough soldiers now in garrison all the posts. There is need of 100,000 soldiers for that purpose. I do not know what the intention of the war department is. It may be that the soldiers are being held in the event of trouble occurring in the Philippines, Cuba or Porto Rico. Everything is in abeyance now. I have no definite knowledge of what the war department intends, but it is certainly safe to hold a large number of the soldiers in readiness."

Concerning the controversy between General Miles and the war department he said: "I have no statement whatever to make. I have nothing whatever to complain about. I did my duty as I thought best and tried to do it faithfully for the best interests of all. It will be time enough to make statements when my superiors complain and call me to account. There is no use stirring up matters."

Lacerated by a Lion. Butte, Mont., Oct. 3.—Walter Blackhard, better known as Zeke Walters, the animal man, with Lehman Brothers' circus, was attacked in the lion cage by one of the lions, who felled him with a blow on the head with its paw and continued the attack as he lay prostrate. Walters grabbed one of the bars of the cage and drew himself to his feet, at the same time attempting to fight off the brute. Almost blinded by blood from the wounds in his head, Walters dragged himself to the door at the rear of the cage. Unfastening it, he leaped to the ground and fell unconscious to the ground. The door was slammed shut after his exit, thus preventing the escape of the animals. Walters' back is terribly lacerated. The doctors say he cannot recover.

Millions Given Away. It is certainly gratifying to the public no one of concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trials of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the Throat, Chest and Lungs are surely cured by it. Call on A. W. Searles, Druggist, and get a trial bottle free. Regular size 50c, and \$1. Every bottle guaranteed, or price refunded.

Usher Jury Disagreed. Buffalo, Oct. 3.—After deliberating for 23 hours the jury in the case of Luke Usher, charged with misapplication of funds of the Indian National bank, of which he was president, reported a disagreement. It is not yet known when the case will be heard again.

German Police Rebutted For Leniency. Berlin, Oct. 3.—The forwaerts publishes an order issued by the Prussian minister to the governor of Erfurt complaining of the leniency shown by the police in the recent election disturbances, and enjoining the police in future to act resolutely, using the edge and not the flat of their swords if riotous refusal to disperse. This order is believed to be directed against the socialists, and is likely to produce a sensation. The order also enjoins the energetic use of firearms, and prohibits the firing of blank shots.

A Few Pointers. The recent statistics of the number of deaths show that the large majority die with consumption. This disease may commence with an apparently harmless cough which can be cured instantly by Kemp's Balsam for the Throat and Lungs, which is guaranteed to cure and relieve all cases. W. M. BAKER, Chief of the South Bend Fire Department.

SOUTH BEND is justly proud of its fire department. There is no braver set of firemen to be found, and Chief Baker is a man who possesses now, as formerly, all the qualifications that make him a model "Fire Chief." There was a time, however, when he had reached a condition physically, which would have compelled him to resign his arduous and most important office, owing to a complication of nerve disorders and heart disease, had it not been for a most fortunate circumstance, by which his attention was called to Dr. Miles' Restorative Remedies. Please read his letter, carefully.

Office of Chief of Fire Department, South Bend, Indiana. "Gentlemen—My duties, and perhaps, the natural anxieties of my position, gradually brought upon me nervous prostration and heart trouble. I felt this with increasing emphasis for four years, until it became so bad that I would be overcome with shortness of breath and dizziness, and would imagine I was staggering. The slightest noise would startle me, and the least excitement set my heart to beating so that it would seem to jump out of my body. Upon retiring I would feel such a faint, sinking sensation that I would spring from my bed for relief, and I suffered severely, both physically and mentally. I was treated by several physicians and tried many patent remedies, without relief, until I commenced using Dr. Miles' Restorative Nervine. The first bottle helped me so that I slept better and rested well. I used two bottles of the Nervine and then one bottle of the New Heart Cure. I gained twenty pounds in a short time. It has cured me, and I can cheerfully recommend Dr. Miles' Nervine and Heart Cure to all who suffer as I did, for I know they will be benefited or cured thereby. Yours very truly, W. M. BAKER."

Dr. Miles' Nervine is sold by all druggists on positive guarantee that the first bottle will benefit or money be refunded. Book on Heart and Nerves Free By The Dr. Miles' Medical Co., Elkhart, Indiana.

A SOUTHERN CYCLONE.

It Creates Great Havoc in the Islands Along the Coast.

HEAVY LOSS OF LIFE PROBABLE.

The Conditions Now Are Similar to Those of the Great Tidal Storm of 1884, When There Was Such Fearful Loss of Life.

Savannah, Ga., Oct. 3.—For 18 hours, from 3 o'clock yesterday morning until 6 o'clock last night, Savannah was in the grasp of a West Indian cyclone. During that time the wind blew steadily from 80 to 70 miles an hour. While the city escaped with comparatively little damage, the loss of property among the sea islands of Georgia and South Carolina is believed to be heavy. For miles in every direction around Savannah the lowlands along the rivers are submerged. Only one fatality has so far been reported, the drowning of a negro while attempting to reach the mainland from a small island near Thunderbolt, but heavy loss of life is feared on the South Carolina sea islands, where such fearful loss of life occurred during the great tidal storm of 1884. The conditions now are similar to those during that storm.

Owing to the submerged country and the isolated location of the islands no news can be had from them until the water subsides. For eight miles north of Savannah the entire country is a lake, with only the hummocks visible. At noon yesterday the water was eight feet above the highest tide. Driven on shore by the northeast storm, it filled up on the islands, swept over banks and dams, carrying away the remnant of the rice crop that was left by the August storm and had not been gathered, and whirling out farm crops. The loss to rice growers alone will be from \$50,000 to \$75,000. Of the entire rice crop along the Savannah river, valued at \$250,000, all but about 15 per cent was lost in this way. The damage to shipping is considerable. The schooner Governor Ames, which was on her way to sea with a cargo of 1,500,000 feet of lumber, went adrift in the harbor, but was secured safely. The wharves at the quarantine station, at the entrance to the river here, were hoisted and away. The quarantine officer and his family and servants were rescued by a tug. Four vessels which were at anchor at the station were torn from their moorings and driven into the marshes. Three of these were the British schooner Symara, bound for St. John's, N. B., the American schooner Millville, for Millville, N. J., and the Italian bark Franklin. How badly these vessels are damaged is unknown.

No news has been received from Tybee since early in the morning, and nothing is known of the damage there. At Thunderbolt and Isle of Hope, suburbs of Savannah, all the bathhouses on the banks and hundreds of small boats were carried away. The Hutchinsons, located opposite Savannah, and separating the city from the South Carolina shore, there were many negro families rescued by boats from the revenue steamers Tybee and Boutwell. One man, with a child in his arms, holding the little one above his shoulder, started to cross the dam with the water up to his body. His wife, with another child, stood in the window of their house, the floor of which was already flooded by the rising water, and watched her husband feel his way step by step along the top of the treacherous dam, one false step from which, or a caving bank, would throw him into a swift moving current. Finally he was sighted from across the river on the city side. A towboat was put off, and after a half hour's effort the family was rescued. Upwards of a hundred people were brought from the island to the city in boats.

Victims of the Forest Fires. Cumberland, Wis., Oct. 3.—News of another death from forest fires comes from the town of Clinton, in this county. A boy was found dead on the bank of Yellow river. His feet were badly burnt. Besides the fatal case indicated that he had sought the river for safety. General Boardman and party from Madison, representing the State Relief association, arrived here yesterday, and after taking a census of the fire district drove to Rice Lake. He has listed 73 destitute families in Turtle Lake, 52 families in Cumberland, 40 families in Standford and Rice Lake and 30 families in Clinton and Barron, also 19 families in Cumberland, all of which need immediate assistance. The property loss in this county will aggregate \$400,000 besides the farm buildings and crops. A crew of men were engaged today in burning the dead bodies of animals in the fire district of here.

DEATH OF MME. CARNOT.

The Brilliant Widow of the Assassinated French President. Paris, Oct. 3.—Madame Carnot, widow of President Carnot, who was assassinated by an Italian anarchist at Lyons on June 24, 1894, died Friday at the Chateau de Presles.

Madame Carnot was clever and popular. She did much to make republicanism fashionable in France. When her husband was elected president they lived in apartments which they rented for only \$2,000 a year, and they left that home with reluctance. Yve Madame Carnot was more than equal to her position when she became the first lady of the republic. She was deaf, but she showed the greatest tact and cleverness in hiding this defect. She was an admirable linguist and a good housewife. She was a grandmother, yet she wonderfully preserved her youthful appearance.

THE LATE MME. CARNOT.

Dreyfus Demonstration Prevented. Paris, Oct. 3.—The holding of the Dreyfus demonstration organized by M. Pressensac, one of the leaders in the agitation, for yesterday afternoon, was prevented by the closing of the hall. M. Pressensac and his friends tried to force an entrance and an uproar resulted. The police then intervened and arrested M. Pressensac, M. Vauchan, editor of The Aurora, and Deputy Mayor, amid shouts and counter shouts of "Vive revision," "vive armee," "vive Zola" and "a bas les Juifs" and the crowd was dispersed. The persons taken into custody were subsequently released.

General Merritt Arrives in France. Marseilles, Oct. 3.—Major General Merritt, who, with his staff, left Manila on Aug. 30 en route for Paris, where he will take part in the peace conference, arrived here yesterday and proceeded for the French capital.

Woman who suffers from weakness and disease of the distinctly feminine organs, whether she realizes it or not, is being slowly but surely tortured to death. She suffers almost continually with sick headache. She has pains in the back, what she calls "stitches" in the side and shooting pains everywhere. She experiences burning and dragging down sensations. She becomes weak and mother and despondent. She neglects her home, and is petulant with her husband. If she consults the average physician, there is not one chance in ten that he will hit upon the real cause of her trouble. He will attribute her bad feelings to stomach, liver, heart or nervous trouble. A woman in this condition should consult some eminent and skillful specialist who has had a wide experience. Dr. K. V. Pierce, for thirty years chief consulting physician to the "Invalids" Hotel and Surgical Institute, at Buffalo, N. Y., has, with the assistance of a staff of able physicians, prescribed for many thousands of women. He has invented a wonderful medicine for ailing women, known as Dr. Pierce's Favorite Prescription. It has stood the test for thirty years. It acts directly on the delicate and important organs concerned in wifehood and motherhood, making them strong and well. It allays inflammation, heals ulceration, soothes pain and tones and builds up the nerves. It transforms weak, nervous women into healthy, happy wives and mothers.

"I was an invalid for over a year with change of life," writes Mrs. C. Smith, of Orr, Cascade Co., Ore. "I had pains across the pit of my stomach and such extreme weakness, I could hardly walk. I took one bottle of Dr. Pierce's Favorite Prescription and in a few days I was able to get about. I am now well and am a true convert to 'Dr. Pierce's Favorite Prescription' and an entire well."
