Makes People Well.

The one true specific for diseases arising from a debilitated nervous system is Paine's celery compound, so generally prescribed by physicians. D., of Dartmouth college first observed what is now known as Paine's celery compound, a positive cure for dyspepsia, biliousness, liver complaint, neuralgia, rheumatism, all nervous diseases and kidney troubles. **Consumption Cured.**

**BROUGHT BACK FROM THE GRAVE.**  
Last November Mr. Joseph James, painter, of 325 W. Pearl St., Indianapolis, Ind., was at death's door with quick consumption. Wasted to a skeleton; his lungs a mass of ulceration; his death was hourly awaited by his doctor and family. He was kept in a constant stupor with opium. A friend, thinking to relieve his terrible cough, gave him a bottle of Brazilian Balm. Seeing its wonderful effect, the doctor advised its continued use. Mr. James soon after dismissed his doctor, and depended on the Balm alone. His recovery was rapid and complete, and in February he returned to work. His lungs are sound, and his weight greater than at any time in his life. His recovery is regarded as almost a miracle.

**CONSUMPTION beware of cough mixtures and prescriptions that contain opium. Opium paralyzes the nerves, and gives the comma bacillus a good chance to destroy the lungs. It is always fatal. Brazilian Balm does not contain a trace of any opiate, but stimulates the nerves with new life and power, destroys the microbe, and restores all that is left of the diseased lungs to a sound and healthy state which no other remedy has ever been known to accomplish.**

Foreign patterns and creations from our own work room are side by side in this great display. Millinery hats meet the demands of fashion. Most critical exactness is always associated with the name of Mrs. J. J. Kelly.

People are surprised that such handsome hats, trimmed with such rich material, can be made for the price. Some of these are original creations, some are copied from foreign models.

It is the trimming and selling of stylish and elegant hats that has made Mrs. J. J. Kelly the recognized headquarters for high art millinery. It is the selling of elegant trimmed hats at prices within the reach of all that made Kelly so famous.

Manager Hartz, of the Euclid Avenue Opera House, Cleveland, Ohio, believes he has demonstrated the superiority of newspaper advertising over all other forms.
