CHARGED WITH BURGLARY

Three Young Men Arrested For the Hartleton Case.

Constable Langran, of Hazleton, and Policemen Butler and Mats, of this town, yesterday afternoon arrested at Mahanoy City Martin Manion, a young man of St. Nicholas. Langran left for Hazleton with his prisoner shortly after the arrest.

At three o'clock this afternoon Policemen Butler and Mats placed George Barry and William Griffith under arrest at the corner of First alley and Railroad streets.

The three arrests were made in connection with a burglary at a brewery at Hazleton about a week ago, when the watchman was bound and gagged, the safe in the office blown open, and \$32 in cash stolen. The arrests were the culmination of telegraphic communication between the Hazleton police and the police of this town, the latter earning great credit in the case.

Policemen Butler and Mats arrived in town with their prisoners at five o'clock this afternoon. After placing Barry and Griffith in the lockup the officers telegraphed to Hazleton for instructions. The two prisoners live at Mahanoy City.

KILLED BY A CLOD.

Laborer Instantly Killed and the Miner Painfully Injured.

Francis Call, aged 23 years and employed as a laborer with Peter Cole, a miner, at the Buck Mountain colliery, was instantly killed late yesterday afternoon by a fall of clod. The men had fired a shot and were engaged in loading a car when a huge piece of clod which had been loosened by a shot fell upon them. Call's head was so badly crushed that the features were unrecognizable. Cole was pinned by a part of the clod resting on his chest and was rescued just in time to escape suffocation. He was painfully injured about the abdomen and limbs.

"It was almost a miracle, Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Pillsbury, West Cornwall, Conn.

COUNCILMEN IN SESSION!

Considerable Important Business Disposed of Last Night.

WATER CONNECTION AGREED TO.

Important Developments Concerning Tax Duplicates—Mrs. Mellet Brings Suit to Have Her Name Stricken From a Bond—Delay in the First Ward Creek Matter.

A regular meeting of the Borough Council was held last night with the following members in attendance: Messrs. McGuire, Oakley, Murphy, Stranglin, Boehm, Shoemaker, Neiswenter, Magargle, Harkins, Bell, Lally, Hand, James, Engler and Brennan.

Mr. T. J. Higgins, as one of the bondsmen on tax collector Scanlan's duplicate of 1894, asked that the bond be marked satisfied on record, as the duplicate has been settled. Mr. Higgins also asked that Council do something to prevent surface water from flowing upon property on North White street in which he is interested. The latter subject was referred to the survey committee to ascertain the proper grade of the street.

The Chief Burgess asked that Council place grade stones on West Lloyd street and that the street committee view Catherine street. He has notified property owners on the latter street to put in gutters, but it has been discovered that the street has not been filled according to the grade stone at the corner of Oak and Catherine streets. He also asked that West Mayberry alley be given a grade, or some suitable drainage be provided. The matters were referred to the street and survey committees.

The Chief Burgess and Health Officer were instructed to put in necessary pipes on West Centre street and proceed to have the mechanical of nuisance in the Fifth ward abated. The attention of the street committee was called to a culvert under the Pennsylvania Railroad bridge, which makes driving there dangerous.

The committee reported that it put in several traps, in accordance with instructions at Council, on West Line street. The committee asked for an extra appropriation, as its funds are exhausted. Their appropriations was increased \$1,000, taken from incidentals.

President McGuire stated that he had been notified to put a pavement in front of his property on West Line street. He said he was willing to have the work done, but there are no crossings or gutters there and as soon as the borough does its work he will do his. It was decided that the street committee have the crossings and gutters put in.

The cleaning of the First ward creek was again taken up and bids for the work were read. Jesse B. Davis bid \$1,450 and P. J. Cleary \$1,350.

It will be remembered that the P. & R. C. & I. Co. figured that the work could be done for \$1,200, but that company and the Thomas Coal Company agreed to pay one third of that expense.

Mr. Neiswenter moved that the street committee be instructed to give the contract to the lowest bidder. This motion was defeated by a vote of 10 to 6. The bid over the estimate made by the companies.

It was then moved that the matter be referred back to the P. & R. C. & I. Co. with a request that the company do the work and the assurance that the borough will pay its pro rata share of the estimate of \$600.

This motion was withdrawn and Mr. Magargle moved that the two companies be asked if they will each pay one-third of the lowest bid. If so, Council will award the contract and pay the other third. If not, the companies proceed to do the work for their \$600 and the borough will pay its pro rata share. In case the borough is authorized to award the contract, the contractor will be required to furnish a bond for double the amount of the bid. This motion was carried.

The finance committee presented Tax Collector Burke's expenditures for 1897 and they were referred to the Councilmen of the respective wards, as well as Mr. Scanlan's additional exonerations lists. Mr. Burke promised to pay \$600 into the borough treasury to-day.

The treasurer's September report was as follows: Balance on hand at last report, \$1,302.84. Receipts, Collector Burke, \$1,193.56; M. J. Scanlan, \$597; same, \$61.46; Water Superintendent, \$715; Chief Burgess, \$50; J. W. Bell, \$15; total, \$3,299.80. Disbursements, orders paid, \$3,235.32; coupons paid, \$40; interest on loan, (paid by Scanlan), \$61.46. Balance on hand, \$1,333.18.

The request of Mr. Higgins to have the tax bond of 1894 cancelled of record was taken up and a motion made that the request be granted.

The motion was opposed on the ground that there was a legal technicality involved, inasmuch as the bondsmen on Mr. Scanlan's other bonds had raised the point that Mr. Scanlan had used collection made on the 1895 and 1896 tax duplicates in settling the 1894 duplicate, and that, therefore, they would ask to be exempted from liability to the amount that had been so applied. The members opposing the motion claimed that the 1894 bond should not be cancelled until the borough's position in the matter is definitely settled.

Finally it was decided that the question be laid on the table until Council can take more intelligent action on it.

The finance committee submitted the following opinion by Borough Solicitor Burke, and it was filed:

"Replying to the inquiry made by your finance committee through you as to whether the Collector of Taxes is entitled to commission on amounts allowed by law to the taxpayer for prompt payment, I desire to say that he is not entitled to such commission; he is no more entitled to such a commission than he would be to a commission on exonerations. Commissions are payable only on moneys that actually come into the Tax Collector's hands. Judge Wickham so ruled in the case of Commonwealth vs. Scott, a case arising in Beaver county. See 7 Penna. County Court Reports, p. 490. There are other decisions on this subject, and they are all to the same effect."

John O'Neill, of Turkey Run, Miss. Ellen Stack and George Godfrey were recommended for exonerations from taxes. The cases were referred to the Finance Committee.

The Fire Apparatus committee, through Mr. Engler, said that the hose had arrived and the committee proposed to take some of it to the water pumping station at Brandonville, to have proper force for a test. Council decided that the test be made by the usual method in town.

The street committee was instructed to attend to defective crossings at the corner of Centre and White streets and corner of Main and Centre streets.

Borough Solicitor Burke stated that Mrs. Mary Mellet has applied and secured from

REPUBLICANS MEET.

A Local Organization Effected in Hobbins' Hall Last Night.

Purposing to call a meeting of Republicans of town was held in Hobbins' hall last night and a local organization was effected. The meeting was called to order by Hon. Joseph Wyatt and the following permanent officers were elected: John T. Lee, chairman; George W. Keiper, secretary; W. Thomas Lee, treasurer.

The meeting was well attended and after the organization was effected addresses were made by Hon. Joseph Wyatt, Mine Inspector William Stein and Thomas Dove, Jr. Resolutions were adopted endorsing the state and county tickets of the Republican party.

The organization will be known as the Shenandoah Republican Club and another meeting will be held at the same place at 7:30 o'clock next Monday evening.

POLITICAL NOTES.

To-morrow is the last day to pay taxes, if you want to vote.

Brumh has not yet answered Wilhelm's challenge to meet him on the stump. Wilhelm has Brumh "on the hip" and the Congressman evidently realizes it. Friends of Wilhelm do not hesitate to say that Brumh is afraid to accept the challenge.—Chronicle.

Dr. W. N. Stein candidate for Coroner, is a tower of strength to the Republican ticket. He is identified with neither faction, is popular and has a wide acquaintance, and is in every way competent. The Doctor will receive a handsome vote wherever he is known.

Peter D. Helms, of Pottsville; Iurd W. Payne, Ashland; Benj. Kaufman, Tremont; and Christ Eberle, Girardville, are applicants to succeed Commissioner Charles Meyers, removed by order of court. Eberle seems to be in the lead.

David M. Graham is keeping the young man with curling locks (who purchased his nomination on the Democratic ticket for Senator) guessing as to what the wild winds are saying. Mr. Graham will and deserves to be our next Senator.

As we predicted, Congressman Brumh practically refuses to debate the financial question with Wilhelm. The former is not putting his head in the lion's mouth, if he knows it.

The Republicans will hold a meeting at Prackville to-morrow, Monday evening, W. A. Stone, candidate for Governor, will address the people of Pottsville.

Charles W. Scott, the well known school agent, has been appointed postmaster at Williamsport. Mr. Scott is an anti-quay man.

The Tannock Courier is again in line, the Republican managers having promised the Courier a place on the ticket next fall.

The heat is out of the bag. Widow Smith, who was turned down by Mr. Brumh in her application as postmistress of that town, has been offered a clerkship in the office under her successful competitor, Laubenstein, for her daughter. This, of course, is "perfectly satisfactory" to Laubenstein—but what about the widow with seven small children, who lost her husband and son in the war?

The Central Republican club of Pottsville, refused to adopt a resolution endorsing the county and legislative tickets, and the resolution was withdrawn.

The independent political club of the Fifth ward has over one hundred members on its rolls.

Republicans are confidently looking for a majority in the Senate after this Congress.

Kentrick House Free Lunch.

Oyster soup will be served, free, to all patrons to-night.

No Case of Action.

Messrs. James Grant, of town, and Harry Haise and C. D. Boyer, of Pottsville, arbitrators in the case of Matt. Lecunsky and Joseph Strowsky against the Lehigh Valley Coal Company, have filed their report in favor of the defendant, assigning "no cause of action." The plaintiffs claimed that they were entitled to \$600 for twelve hundred cars of coal left in a breast of one of the Lehigh collieries. The defendant claimed that the plaintiffs had been paid all they were entitled to and the coal for which they claimed payment was cut without authority, and contrary to orders, as it was taken beyond the bounds fixed for the breast.

Their Last Chance Lost.

The six gentlemen who were elected to legislate for the school district of Centralia, but who have failed indignantly in their cause, met again Wednesday evening to endeavor to settle the differences which have kept the school doors closed, but again they failed to reach a verdict. It is now an assured fact that the Board will be ousted by court on the 11th inst.

BACON'S WARRIORS

Meager Reports From the Battle of Leech Lake.

FORCE NOT ANNIHILATED.

Indications That the Little Band Is Still Fighting.

RUSHING THE REINFORCEMENTS.

Both Troops and Indians Hurrying to the Front—Three Hundred Reds From the Millie Lacs Reservation Said to Be Marching to the Aid of the Leech Lake Marders—Men Who Have Won Glory For the Flag in the Battle Against a Superior Force.

Washington, Oct. 7.—Up to midnight there had been no information received by the department officials from General Bacon. During the evening, however, the department received from Adjutant General Sturgis, now at St. Paul, the following telegram giving a summary of conditions as far as that officer was able to obtain them:

"In answer to a telegram to the United States marshal at Walker, Minn., I have received a reply giving the location of General Bacon on the mainland, at the southeast corner of Leech lake, and saying: 'Commenced fighting at 11:30 yesterday. The Indians seem to have the best position. Not moving. Major Wilkinson, five soldiers and two Indian police killed; awaiting reinforcements.'"

"Press dispatches and private Western Union dispatches seem to support these statements about the killed. Reinforcements doubtless reached the command this evening. Reliable information indicates that the Indians are quiet in vicinity of Engineer Dams, to the northeast. There has been no report yet from General Bacon. There is only one officer, Captain Gerlach, for duty at Fort Snelling, and 150 men. We approach no need of further reinforcements, unless to send to the vicinity of Leech lake dam to cut off the escape of the Indians. I would suggest that authority be given to utilize one battalion of the Minnesota volunteers in case of need. Reports have been received of the arrival of Colonel Horbach's command at Walker, about 4 o'clock."

The request to use a battalion of the Minnesota volunteers was promptly granted, and the department commander can have his pick from either the Twelfth or Fourteenth state regiments. One is at New Ulm and the other at St. Paul, awaiting their muster out. General Corbin feels that there will not be any necessity of using any of these regiments, however, as the regulars will be sufficient for all purposes.

During the evening Secretary Bliss received the following telegram from Inspector Tinker, at Walker, which indicates that reinforcements have reached Walker, which is 30 miles or less from the scene of the fighting:

"Two hundred and fifteen officers and men have just arrived with one Gatling gun. Have heard nothing from the battalions since morning. Two boats left to go to General Bacon's assistance and have not returned. Will wire full particulars later."

The secretary feels gratified at the conciliatory attitude of the Indians surrounding the Pillagers. In this connection he last night made public the following telegram from Chief Land Ekaminer W. E. Sellye, now at Duluth:

"Have just come from the field near Cass lake and Winnepesaukee lake. The Indians are about there. Shall return to the field today. Do not anticipate any trouble outside of the Pillagers. There has been some shooting between them and the soldiers. All other Indians will keep hands off, I believe."

The following telegram was received by President McKinley Wednesday evening, signed by the editors of the Minneapolis newspapers:

"Advices from conservative sources lead us to believe that a force of not less than 500 soldiers, preferably 800, should be at once available at Leech Lake and vicinity. We believe such a force needed, not only to rescue General Bacon and the survivors of his command, but properly to overawe the agency Indians, in whose professions of friendship and neutrality no one acquainted with them puts credence. A general outbreak at or around Walker would probably result in the massacre of many citizens. In a country as heavily wooded the present force is, in our judgment, wholly inadequate. The gravity of the situation is not over-estimated in the above suggestions."

The above telegram was the subject of a conference at the White House last evening between the president, Secretary Alger and Adjutant General Corbin. It resulted in the president giving instructions that ample reinforcements be sent General Bacon at once. It is understood that orders in accordance with those instructions were sent to St. Paul last night.

THE TREACHEROUS REDSKINS.

Evidence That They Contemplated a General Massacre.

Walker, Minn., Oct. 7.—Indian Agent Sutherland, who was with General Bacon at Sugar Point, gives the following account of the conflict with the Indians up to the time of his leaving for supplies. When the arrest of the two fugitives had been accomplished the Indians, with a profession of friendship, showed the soldiers their topees and called attention to their neatness, all the time stating, "Me good Indian."

General Bacon, who has great experience with the Sioux and other savages, did not take much stock in these professions of friendship, and ordered a party of his own company to search the adjoining timber for any lurking savages, but none were to be seen. They must have been hidden in the
