#### ENGINE WRECKED.

Passengers Have a Shake Up on the Frackville Grade.

Special to Evening Herald.

Frackville, Oct. 10 .- The Philadelphia and Reading Knilway passenger train that left Pottsville at 1:20 o'clock this afternoon met with an accident while ascending the grade top of the grade. It was one of the most peculiar accidents, railroad men say, that have occurred on the line. The front truck of the engine, in some manner unknown, was forced off the truck while running around a sharp curve. The engine pushed itself up on the truck and by this was raised from the track and it plunged into the embankment at the side. The tender and passenger coaches ran only about the length of half a car and remained on the track. The brakes were promptly applied to prevent them from running down the grade. Nobody was injured. The twenty passengers walked to Frackville and Mahaner Plane. Mahanoy Plane. Among them were John Pollard, of Ashland; George W. Ryon, Esq., of Pottsville; Supervisor Patrick Welsh, of Mahanoy township; C. T. Straughn, of the HERALD, and Deputy District Attorney

Dan Sully in "Uncle Bob" To-night, The scating capacity of Fergusou's theatre will be put to a test at the benefit per-tralia and formance of Ancient Order of Hibernians toought when Mr. Sully will present for the first time in this town his latest successful comedy, "Uncle Boh." Mr. Sully's imper-sonations are very popular with theatre-goers of this town and his initial appearance here in a new character is eagerly looked forward to. The new piece will be produced with elaborate scenic effects and a splendid supporting company. "Uncle Bob" is pro-nounced by competent critics as the best of Mr. Soily's impersonations. The story of the play deals with the friendship of Robert Byrnes, superintendent of the Manhattan Street Bailway, for Wilbur Goodrich, the rich's son from the consequences of his de-falcations. Of course there is considerable love interest in which Byrne's son and adopted daughter enter, as well as Byrne's daughter and Goodrich's younger son. There is also villainous church organist, who is not so very villainous after all, and the minor characters which go to make up a successful

TWO AT THE MINERS' HOSPITAL.

One Had Mis Skull Fractured and Another His Eye Shot Out-A Third Victim Was Shot in the Back-Little Girl Injured.

Centralia was the scene of a bloody riot Saturday night in which twenty or more people were injured and at least three of them very seriously. The riot lasted about two hours and it is a surprise that some of the participants were not killed outright. The house in which the affair started is ruined. Every window and door in it was

shattered and little more than the frame of the building is left intact. It is located in

the center of the town.

According to a HERALD correspondent's report, a fight started between drunken Poles and Hungarians in the saloon of Jacob Michelofski. While if was in progress three Irish-American men entered the saloon and insane department of the almshouse at this place at one o'clock this morning. He was quartered on the second floor of the asylum and gained his liberty by removing the wire screen fastened over the window. His disappearance was not discovered until several hours of the second commenced to bombard the bomb thing within reach. In the meantime sev-eral of their friends gave them assistance

> was a little girl named Mary Pinkey, a daughter of the bartender in the saloon where the fracas started. The child was struck on the head by a rock and sustained a

scalp wound that required seven stitches. Her condition is reported as being serious. Another victim was Thomas Collins, 18 rears old. He drives the stage between Contralia and Ashland. He reached the scene at the time when Michelofski, the saloonkeeper, opened fire from a second story of the build-ing with a double barreled shot gun. Fortunately the gun was loaded with bird shot. Collins, however, suffered seriously from it. Some of the shot pierced his right eye. He was removed to the Miners' hespital and the attendants there say that the sight of the eye

George Shouffler, a young man, also got into the crowd that was bombarding the building and he received a charge of the bird shot in the back, but was not seriously

Meanwhile the bombardment was going on Street Ballway, for wilder Goodrich, the president of the road, which leads him to sacrifice his home and fortune to save Goodstate of great excitement. The Poles and Hungarians found that the building was getting too hot for their comfort and com-menced to steal out. The crowd outside stoned them as they appeared. Chase was given to one of the Poles. He was overtaken and terribly beaten. His nose was almost kicked off. Ten or fifteen of the Poles and Hungarians who escaped from the building were terribly beaten. The extent of their injuries could not be learned, as they scat-tered in all directions in a wild hunt for

When the crowd outside forced open the doors of the saloon Cornelius Carr was found mitted to the same institution. They are both cripples, and to-morrow will undergo fixtures, windows and doors. The man was unconscious and remained in that condition cu in two places, above and below the during his removal to the Miners' hospital knce, and the attending surgeons say this and for sometime after. Dr. Biddle and his will result in strengthening their limbs, and assistants found there was a bad fracture of the skull. An operation was performed and five or six pieces of the skull were removed to relieve the pressure on the brain. Although Carr's condition is serious, the doctors be lieve he will recover. To-day several arrests were made in con-

ection with the affair upon warrants issued Judge Bechtel, at Pottsville, to-day made by Justice Laughlin, of Centralia. Among absolute the rules to show cause why the licenses of Richard Amour, of town, and Levi Bobb, of Mahanoy Piane, should not be Savage and William Yousavage.

#### FATALLY INJURED.

Robert Howard, aged 26 years and employed as an oiler on the Mahanoy plane, met with a terrible accident at 8:30 o'clock Saturday night. He went up the plane to oil the pulleys. When half way up he was struck by a trip of cars coming down the plane and knocked into the bushes at the side. Nobody knew of the secilent it was amounted by the knew of the accident. It was supposed by the men at the foot of the plane that Howard had finished his work and then went to the top of the plane to talk with the men there At about 11:30 o'clock another employe while walking up the plane, found Howard's battered oil can. He carefully inspected the neighborhood and found Howard lying un-conscious in the bushes at the side of the plane. The victim was removed to his hom-and it was found that be suffered from fracture of the skull and several ribs. There are small hopes for the man's recovery.

## HOSTILE INDIANS!

General Bacon Prepared For a Treacherous Demonstration.

SIGNING A PEACE DECLARATION,

Those Who Claim to Oppose War Will Send an Address to the President. General Bacon Will Have Seven Hundred Soldiers in the Field Tonight.

Walker, Minn., Oct. 10 .- When the

troops reached the agency they found that the friendly Indians had maintained a picket line covering the whole line of woods which surrounded the settlement. As many as 50 of the Indians have done picket duty. Now that the troops are on the grounds these formal preparations for defense will probably be abandoned, but there will be Indian scouts out all the time ready to bring prompt warning of anything that even looks dangerous. It is said by those who know them that these agency Indians would not hesitate to kill a hostile as quickly as would a soldier. Saturday night Mah-Ge-Gay-Bow, one of the head men of the Bear Island Indians, arrived on the agency point with 27 canoe loads of the Bear comprising those of them

who are for peace.
There were 75 or 100 in the party, men, women and children. They went into and Mah-Ge-Gah-Bow called on Gen had told the hostiles on the island that he could not go with them, that he and his friends were for peace with the

none of the hostiles were killed in the fight, but they all say that. As to how many Indians were actually on the warpath, the agency Indians were disposed to hold the number down to something under 106, and many of them say that there are not more than 25 Dr. Hart has prepared a paper which

the Indians are being asked to sign as fast as they come into the agency. It is already signed by more than 100 In-dians, including a dozen or fifteen of the chiefs and head men from Fiat Mouth down. It reads as follows: "To the Great Father, Washington: "We, the undersigned Chippewa

Pillager Indians of the Leech Lake reservation in Minnesota, deplore the Deaths and Funerals.

General Bacon's orders for the move ment of more troops to the vicinity of Leach Lake took ninety men from Fort Snelling on a special train Saturday night. Today more troops are en route, and by tonight over 700 soldiers will be scattered all around Leech Lake pro tecting settlers and property from the possible attack of the uncertain number of Indians now in arms against the government because they objected to being taken to court as witnesses in prosecutions for lilegal selling of liquor

The situation today is more ominous than ever. At the agency yesterday a council was held between the Indians, General Bacon, Colonel Herbach, In-dian Agent Sutherland and Marshal O'Connor. The result of the conference was not in any way unlike that of those previously held, except in the fact that not one of the leading men of the dif-

ferent bands was present.

There were, however, representatives present from Bear Island, Cass Lake, Ottertail Point and Pine Point, but none of these has any influence with the tribesmen. The only conclusion to be drawn is that the leaders of the different bands sent men there merely as stool pigeons, and that others of their

A most significant fact is this: Sat-urday 30 cance loads of Bear Island Indians and their families, professing to be peaceful, arrived at the agency. Yesterday every one of the bucks in the party left, but where they have gone is only to be surmised. There is little doubt, however, that they have left for Bear Island to join those who are already prepared to fight. Ther must be by this time several hundred armed men on the island, and from what can be learned today many more are on the road.

BURYING THE INDIANS! VICTIMS Minneapolis Honors Major Wilkinson and His Brave Comrades.

Minneapolis, Oct. 10.—The funerals of Major Melville C. Wilkinson, Sergeant William Butler and Privates Alfred Se hell, Edward Lowe, John Olmstead and John Showolstocker, members of the Third United States infantry, who fell in the battle with the Indians at Leech Lake Oct. 5, were held at Fort Snelling yesterday afternoon. It is estimated that 6,000 to 8,000 people from Minneapolis and St. Paul were in attendance Grand Army men from the twin cities and the soldiers' home to the number of 300 or 400, attended, and there was a large delegation of Knights of Pyth-fas also in attendance. Major Wilkin-son was a member of Rawlins Post, G. A. R., Minneapolis, and of Minnesota commandery, Order of the Loyal Legion, and Sergeant Butler was a mem-ber of Ivy Lodge, K. of P.

Dr. Picasant Hunter, of Minneapolis, conducted the services in the post chapel. The remains of Major Wilkin-son were carried to the vault in the post cemetery on a military heares, and will be kept there till the arrival of his family from California. Five hearses carried the remains of the other dead to the graves in the post cemetery, where they were buried with military honors.
