OUR COUNTRY: First, Last and Forever.

WHAT Corbett and McCoy need is a peace commission.

To add to Bryan's other troubles his own state of Nebraska turns up with a \$37,000,000 corn crop.

The old standby, the European war cloud, is hovering over France and Germany again, and France goes so far as to say that she is not afraid.

THE Emperor of China having been restored to life again, the conclusion is irresistible that he was either not dead or that he is really the Son of Heaven as he insists.

POSSIBLY when Sagasta hears that the United States has embarked upon a war with the Indians of Leech Lake he may want to order out Camara's fleet again and take one more chance.

HEALTH conditions are reported to be first class at Manila. The heated term, which set in about the first of May, has partially abated. Dr. Dewey's prescriptions are being taken by the natives with heroic regularity.

EVERYBODY will be glad to see Dewey made an admiral, and no one more so than those commodores who will be advanced one number as Dewey is lifted out of the list of rear admirals, leaving a vacancy to be filled by promotion.

THE Dowager Empress of China is very exclusive. No man has ever seen her except the emperor and the eunuchs of her court. Even Li Hung Chang, her favorite minister, has never seen her face. When he visits her she always sits behind a screen.

ACCORDING to the statement of the public debt and of the cash in the Treasury of the United States for September, 1898, it appears that there has been an increase during September of interest and non-interest bearing debt, including certificates and Treasury notes, of \$13,689,557.00.

THE last stroke fell the tree. All the others have aided, but without the last there would have been no result. Nine advertisements may all but fall the tree of public skepticism, while the tenth will complete the work. If the advertiser becomes discouraged just before the tenth, the nine will count for nothing.

THE Montana Republicans have dropped free silver from their platform. The New York and New Jersey Democrats have done the same thing, and a Maryland Democratic congressional candidate boldly comes out against the 16 to 1 fallacy. The silver issue is being forced to the background and in a year or two more will be as dead as its twin sister greenbackism, says the York Dispatch.

MAYE you noticed that most of the fault finding about the conduct of the war has come, not from the soldier themselves, but from men who did not enlist in the army and whose knowledge of war and army life is confined to what they think they know, and not from experience? The army life is a hard one, there are privations and hardships that try men severely, but as a usual thing, complaint never comes from the good soldier.

GEN. MERRITT says the Filipinos are not difficult to govern, and adds that all the foreigners residing in the islands, "Spaniards, Americans, Portuguese, English and Germans, favor the annexation of the archipelago by the United States." This harmonizes with the information obtained from other trustworthy sources. All the business interests in the islands want annexation, and the insurgents will offer no opposition. Gen. Merritt's advice to the American members of the peace commission will be to demand the whole of the islands, and as his counsel is in line with public opinion in the United States, it has been followed by the American representatives on the peace commission.

CAKES IN AN ASYLUM HORRORS. Topeka, Kan., Oct. 10.—Dr. C. H. Wetmore has tendered his resignation as superintendent of the state insane asylum. Accompanying the resignation was a letter to Governor Leedy in which Dr. Wetmore tells an astounding story of alleged cruelty, inhumanity and debauchery at that institution under the present management. The doctor tells of the death of patients from neglect, speaks of alleged instances of drunkards and incompetents placed over the unfortunate inmates, charges that a "joint" exists at the asylum, accuses Chairman H. G. Jumper, of the state board of charities, with being on a continual debauch for the past 15 months, and openly charges subordinate officials with attending to the pure women. Dr. Wetmore declares he stands ready to prove every charge, and says he can prove even more.

THEY WANT TO TELL

These Grateful Women Who Have Been Helped by Mrs. Pinkham.

Women who have suffered severely and been relieved of their ills by Mrs. Pinkham's advice and medicine are constantly urging publication of their statements for the benefit of other women. Here are two such letters:

Mrs. LAZZIE REVELLY, 258 Merriman St., Lowell, Mass., writes:

"It affords me great pleasure to tell all suffering women of the benefit I have received from taking Lydia E. Pinkham's Vegetable Compound. I can hardly find words to express my gratitude for what she has done for me. My trouble was ulceration of the womb. I was under the doctor's care. Upon examination he found fifteen very large ulcers, but he failed to do me good. I took several bottles of Lydia E. Pinkham's Vegetable Compound, also used the Sensitive Wash, and am cured. Mrs. Pinkham's medicine saved my life, and I would recommend it to all suffering women."

Mrs. AMOS THOMBLEAT, Ellenburgh Ctr., N. Y., writes:

"I took cold at the time my baby was born, causing me to have milk legs, and was sick in bed for eight weeks. Doctors did me no good. I surely thought I would die. I was also troubled with falling of the womb. I could not rest, had faint spells as often as ten times a day. One day a lady named me and told me of the benefit she had derived from taking Lydia E. Pinkham's medicine, and advised me to try it. I did so, and had taken only half a bottle before I was able to sit in a chair. After taking three bottles I could do my own work. I am now in perfect health."

GENERAL PARRON'S ANGER.

The Spaniard Wildly Denounced His Subordinates at Manzanillo.

Manzanillo, Oct. 10.—The Spanish troops left Manzanillo today. General Parron, the Spanish commander, turned the city over to the mayor, who made the official transfer to Colonel Ray, representing the United States. All the political prisoners here have been released. The military convicts will be taken to Cienfuegos and sent thence to Havana, possibly afterward to Spain.

A collision between the Spanish garrison and Colonel Ray's troops last Friday was, it appears, even nearer than it seemed to be the case. General Parron's orders from Havana were to resist the Americans to the uttermost. Additional rounds had been issued to the troops, and the soldiers would probably have brought the Spanish forces up to 1,200, as against fewer than 300 Americans.

General Parron created a great scene at the palace after the incident, striking terror to the hearts of his subordinates. He cursed in Spanish and English, completely forgot his dignity, and with the oaths of a longshoreman vowed that the honor of the Spanish army had suffered a blow. The Spaniard to blame for it, he declared, must die, and that quickly.

In his fury he sent for the military commander, but it was found that this officer had left with the Spanish troops on the Josefa the night before. Then he sent for the adjutant general and asked him why the Americans had been let through the city gate. The reply was a disclaimer of authority and a statement that the soldiers would be put to the officer who had charge of the guard. Then it was discovered that the officer had been withdrawn several days before, leaving a sergeant in command.

When the sergeant arrived he declared that general Parron's orders were to permit the Americans to pass. "That was the mule," shrieked Parron, "not the soldiers. Away with him to the guardhouse."

The luckless sergeant has been court-martialed. At first it was reported that he was to be shot. Thereupon General Parron and the Mayor, Mr. Zimmerman, as private citizens, called upon General Parron to entrust him to do what he could for the unfortunate man. Parron replied that he was grateful for the sympathetic feeling displayed by the Americans in the welfare of the Spanish soldier, and promised that there was no conviction, but would inflict the minimum penalty—probably only a few days pay. As the Spanish rank and file receive no pay anyway, this would be no very great infliction.

Fugitives Fought to the Death.

Owensboro, Ky., Oct. 10.—Howard Clark, who was wanted in Louisville for murder and burglary, and his girl, Mattie Mahoney, were both killed while resisting arrest on the Indiana side of the river near here yesterday. Clark was wanted for the murder of Officer Heffernan at Louisville last August, and was attempting to escape by rowing down the Ohio river in a skiff. He and Mahoney were in pursuit, when Clark tied up his skiff on the Indiana side and took to the woods. When the officers came upon him Clark and the girl both opened fire in the most desperate resistance. Both were well armed. They were riddled with bullets in the fight that ensued, but the escape of the officers was most unobscured.

Give the Children a Drink

called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee, but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about 1/2 as much as coffee. 15 and 25c.

WELL KNOWN JERSEYMAN.

Albany, Oct. 10.—William P. Douglass, ex-police justice and ex-corporator of Jersey City, and one of the best known men in New Jersey, is supposed to have jumped into the river during Saturday night from the steamer Dean Richmond somewhere between New York and this city. Mr. Douglass went aboard the Dean Richmond when she lay at anchor in New York city, and for his state room and received. When the boat reached this city yesterday morning Mr. Douglass did not appear, and a porter was sent to call him. He found the bed had been occupied. The window was open, and the key of the room was in the door. All the clothing was in the room, and a hat was hung on the chair.

Indian Education.

Washington, Oct. 10.—The annual report of the commissioner of Indian affairs, William A. Jones, shows a general steady improvement in the condition of the "nation's wards." Education, the greatest factor in solving the status of the Indians, is being pushed forward in the service, and now there are 147 well equipped boarding schools and an equal number of day schools engaged in the education of 23,862 pupils. The average attendance and enrollment has steadily increased for the past 21 years. Of the pupils 3 per cent are reported as excellent or first class, 73 per cent as good or medium, while only 24 per cent are considered bad or worthless.

Nancy Guilford Asserts Innocence.

London, Oct. 10.—According to The Daily Mail Dr. Nancy Guilford, who no longer denies that she is the midwife lady named in the indictment, has said absolutely innocent of any connection with the death of Emma Gill, says that she sailed for England under an assumed name, owing to "another matter which she will explain at the proper place." She is now in the infirmary of the Holloway Jail, London, suffering from nervous collapse.

submits of a Princess.

Berlin, Oct. 10.—Princess Trubetzkoi, who was under arrest here on an extradition demand from the Italian government, charged with forging documents, committed suicide yesterday at the police station. [There are several ladies of high rank or wide reputation known as Princess Trubetzkoi, or Trubetzkoy. Among them are the wife of the grand marshal of Russia's court and the American novelist, who was formerly Miss Annette Rivers. It is quite conceivable that either of these ladies is the Princess Trubetzkoi referred to in the foregoing dispatch.]

There was a congregation assembled larger than the historic building has ever held.

Mrs. Patrick McNeelis, of 121 North Main street, says: "I was very miserable all the winter of 1897, and had trouble all the time with my back and kidneys. I felt sharp twinges of pain over my left kidneys, and a dull, aching and lameness in the small of my back. I felt all dragged out with weakness and had no ambition left. The kidney secretions bothered me. I was in a bad way when I read about Doan's Kidney Pills and got them from Kirin's Pharmacy. Since using them I do not have the aching in my back nor any trouble arising from my kidneys excepting at times a slight tenderness over the left kidneys. Doan's Kidney Pills are a splendid remedy and I am glad to let others know it."
