OUR COUNTRY: First, Last and Forever.

FROM A Democratic standpoint Dr. Swallow is not the "good fellow" that he was a few weeks ago. The cause of the change is evident.

THE testimony of the Democratic army officers before the investigating committee is causing a cold chill to run up the backs of the Democratic historical reformers.

THERE is only one Shenandoah in Schuylkill county, and there is only one paper in Shenandoah that has a larger circulation than all the others combined, and that is the HERALD.

COL. W. A. STONE, the Republican candidate for Governor, met with a hearty reception in Pottsville last evening. The Academy was packed, and the candidate made a good impression.

THE New York Sun is authority for the statement that the world's wheat crop for 1898 is the greatest ever grown. The crop of the United States is estimated to be 650,000,000 bushels.

THE Democrats of this state have betrayed alike the "gold standard" and the Chicago platform. No party ever made such flops as the Democratic party has done on the silver question.

TRUE to their instincts, the Democratic scribblers have haste to censure the War department for the outbreak among the Indians, and for not putting down the outbreak according to their tastes.

IT begins to look as if popular David Graham's election will be practically unanimous. The young man who imagines he is "running an opposition show" will know better on the morning of the 9th of November.

FULL working time at the Centralia colliery is resulting in disturbances among the foreign element. That of Saturday night, a report of which appeared in these columns last evening, was of a serious character.

CONGRESSMAN BRUMM is certainly to be pitied, when it becomes necessary for him to seek endorsements from Allegheny county. Unfortunately for his colleague, Congressman Dazell cannot vote in this county, at this particular time.

WATER comes high in certain localities. The McKeesport water company has issued a new schedule, charging on a basis of \$10 for not over 33,000 gallons, and 30 cents per thousand for all water used above that quantity. The citizens have naturally raised a kick, and will carry the question into court.

THE Democratic clamor howlers say the soldiers were ill treated. The manner in which the members of the Second and Third Pennsylvania regiments, selected for discharge, are showing a desire to re-enlist does not bear out that statement. Philadelphia newspapers say 80 per cent. of the first and 60 per cent. of the last named regiment are anxious to again serve Uncle Sam.

COUNTY PLATFORM.
 We, the Socialist Labor Party of Schuylkill county, in convention assembled, do hereby assert our devotion to the cause of the people, and pledge ourselves to exert every honest endeavor to correct existing evils.

We denounce, as tending to place a premium on crime, the custom of allowing county officers who have been tried and found guilty of offenses punishable by imprisonment, to escape to just penalty of their crimes by compromise. That is by resignation from the office they have prosecuted.

We denounce this because it is fundamentally wrong, and also because it does not seem to dovetail with our time honored, stereotyped Schuylkill county verdict, "Not guilty, but pay the costs."

We place ourselves on record as being opposed to the system of administration of county affairs that denies assistance to worthy people in destitute condition, on account of inability to pay the costs of prosecution, and to pay the costs of their defense.

We denounce the system of election contests, which allows money in the treasury and pays judges' salaries for services they do not perform.

IN HOSPITALS
 Many Operations are Made Necessary By Diseased Bladder and Kidneys.

In the hospitals hundreds of operations for Stone in the Bladder and Diseased Kidneys are made necessary because the patients neglected to keep their Urinary Organs in a healthy condition. They say "putting things off" until it was too late.

The most deadly foe to Kidney, Bladder and Blood Diseases is

Dr. David Kennedy's Favorite Remedy.

Thirty years ago it began curing people who were frequently destined to urinate, especially at night, who experienced scalding pain in passing water, whose urine, when standing, contained a red sediment, and also stained linen when it touched it; who suffered day and night with pain in the small of the back. It has never failed to give relief in innumerable cases, and absolute restoration to health has followed its use in all cases not beyond human help. It is sold in drug stores for \$1 per bottle.

SAMPLE BOTTLE FREE.—Those who suffer from the above ailments, or from Rheumatism, Skin Diseases, Liver Complaint or Constipation, may have a sample bottle and pamphlet of valuable information free by sending their name and address to the Dr. David Kennedy Corporation, Rondout, N.Y. In writing for Free Sample it is necessary to mention this paper, so we may know that the request is made in good faith.

CHINESE RETROGRESSION.
 The Flowery Kingdom Is Not Ready For Reform Movements.

London, Oct. 11.—The Peking correspondent of the Times says: The retrograde movement spreads. The imperial edict orders the suppression of the native press and the punishment of the editors. It also cancels all the news books of examination promulgated during the last 12 months. The latter step must give general satisfaction, since the proposed changes were too radical for the people.

All of those who have signed memorials in favor of reform have been dismissed from office. The board of agriculture is abolished. Its president, Wu Mao Ting, commander of the Hong Kong and Shanghai bank, being deprived of his rank. A memorial implored him as a "slave of foreign devils."

Huang, former consul at Singapore, and lately minister designate of China to Japan, was arrested at Shanghai yesterday by order of the emperor dowager in connection with the reform movement. Her general proscription of the progressives constitutes a reign of terror.

Marvelous Saving of Health by Dr. Greene's Nervura.

Dr. Greene's Nervura is Indeed the Most Wonderful Cure in All the World.

Mr. Samuel E. Morgan, of 1633 Roscoe St., Chicago, Ill., broke down completely both physically and mentally, from overwork, so that he was almost a wreck. The family physician could do nothing and he was sent to the hospital, where he remained some months without benefit.

He was recommended by a friend who had been cured by Dr. Greene's Nervura blood and nerve remedy, to take this wonderful remedy. He at once procured this great medicine and was perfectly and completely cured by it, as both the hospital physician and his family doctor acknowledge.

Mr. Morgan says:
 "From overwork and disease my system had become thoroughly run down, both physically and mentally, and I was almost a wreck. My family physician could not benefit me and recommended me to go to the hospital. I remained in the hospital some months and received apparently little or no benefit, and as a last resort, as a drowning man might cling to a straw, I was led to purchase Dr. Greene's Nervura blood and nerve remedy, having had it recommended to me by a party who had been much benefited by its use. From the time I took the first bottle I commenced to gain, and although it may seem strange, I have gained thirty-five pounds while taking this medicine, and all of my family and friends, the hospital physicians and my family doctor acknowledge that it was Dr. Greene's Nervura that brought me out of my trouble and made me a well man again."

"I cannot do otherwise than write these facts, as I feel it my sacred duty to do, and shall ever deem it a pleasure to recommend Nervura, the medicine that saved me from misery and despair and perhaps from death, and restored me to full health."

"If you are sick, in pain, weak, nervous, run down, have stomach, kidney or liver disease, or are in any way out of health, take Dr. Greene's Nervura blood and nerve remedy at once and be cured."

You can consult Dr. Greene, 35 West 14th St., New York City, about your case at any time, absolutely free of charge, personally or by letter.

Marvelous Saving of Health by Dr. Greene's Nervura.

Dr. Greene's Nervura is Indeed the Most Wonderful Cure in All the World.

Mr. Samuel E. Morgan, of 1633 Roscoe St., Chicago, Ill., broke down completely both physically and mentally, from overwork, so that he was almost a wreck. The family physician could do nothing and he was sent to the hospital, where he remained some months without benefit.

He was recommended by a friend who had been cured by Dr. Greene's Nervura blood and nerve remedy, to take this wonderful remedy. He at once procured this great medicine and was perfectly and completely cured by it, as both the hospital physician and his family doctor acknowledge.

Mr. Morgan says:
 "From overwork and disease my system had become thoroughly run down, both physically and mentally, and I was almost a wreck. My family physician could not benefit me and recommended me to go to the hospital. I remained in the hospital some months and received apparently little or no benefit, and as a last resort, as a drowning man might cling to a straw, I was led to purchase Dr. Greene's Nervura blood and nerve remedy, having had it recommended to me by a party who had been much benefited by its use. From the time I took the first bottle I commenced to gain, and although it may seem strange, I have gained thirty-five pounds while taking this medicine, and all of my family and friends, the hospital physicians and my family doctor acknowledge that it was Dr. Greene's Nervura that brought me out of my trouble and made me a well man again."

"I cannot do otherwise than write these facts, as I feel it my sacred duty to do, and shall ever deem it a pleasure to recommend Nervura, the medicine that saved me from misery and despair and perhaps from death, and restored me to full health."

"If you are sick, in pain, weak, nervous, run down, have stomach, kidney or liver disease, or are in any way out of health, take Dr. Greene's Nervura blood and nerve remedy at once and be cured."
