SATURDAY, OCTOBER 13, 1918.

JUR COUNTRY: First, Last and Forever.

AFTER the Christmas holidays W. A. Stone's residence will be at the state capitol, Harrisburg, where the Jenks and Swallow followers will be welcome.

THE Republican candidate for Senator in this district has the easiest job he ever undertook. His opponent will know a thing or two after the returns are in.

MANY of the public schools throughout the county will observe Lafayette Day, which occurs on the 19th inst. Shenandoah should fall in line and help along the good cause.

MR. BRYAN'S eagerness to get into the army and then to get out indicates that his nature is more impulsive than would be desirable in a position of great responsibility.

IF YOU expect to cover the field in Shenandoah and the Mahanoy valleys, you must advertise in the HERALD. Seed planted in the form of an advertisement in these columns germinate quickly and are productive of much fruit.

A NUMBER of the horses used by the Russian army have been fitted with shoes of aluminum, as a test of the practicability of this material for such purposes. If extended use confirms the present opinion, a new departure will be inaugurated.

THE trouble in the coal regions of Illinois has resulted in the loss of life, and the cause may be traceable to the importation of contract labor. It is unreasonable to suppose that men will quietly submit and see their wives and children starve to death.

THE letter carriers of Pottsville make their regular trips to the office of William Wilhelm, Esq., but up to the present time the latter has failed to receive a reply bearing the Congressional signature. That public debate should take place by all means.

THREE days have passed and no trace of the murderer of John Dando has as yet resulted from the efforts put forth to effect his capture. The fact of the matter is, his escape, under the circumstances, leaves no credit upon the minions of the law in Shenandoah, to say the least. The county authorities should certainly offer a reward for his capture.

BALLOT reform, real and pretended, is one of the things which is worrying the voters of Pennsylvania just now. There can be no doubt that public sentiment imperatively demanded a radical revision of the law, but the present unsatisfactory state of affairs cannot be endured. Many and serious evils had grown up, and elections in some sections had become little more than a farce and a mockery of the public will.

DEMOCRATS as well as Republicans appear to think that the next Senate will be controlled by the Republicans. A gain of two or three seats will put that body in Republican hands. The chances are that the Republicans will maintain their hold on the House. There is not the slightest fear that the Democratic majority will overcome the Republican majority of fifty in that branch. All this talk to the contrary is mere buncombe.

Strong Today

Because Hood's Sarsaparilla Built Up His System

Child Was Weak, Had Night Sweats and Poor Appetite.

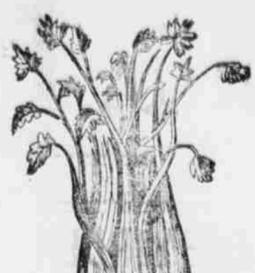

"Our youngest child was in a bad condition. One physician said the trouble was malaria and another thought it came from the stomach and liver. Meantime the child kept growing weaker. He had night sweats, poor appetite and various other troubles. We worried along for two years, and then we determined to try Hood's Sarsaparilla, and from the first day we noticed a change in his little boy. We kept on until he had taken three bottles. Today he is a strong, hearty child. We have always had to keep him indoors in winter, but last winter he was with other children and we found to know of the old trouble returning." Paine's Compound

Makes People Well.

The one true specific for diseases arising from a debilitated nervous system is Paine's celery compound, so generally prescribed by physicians. It is probably the most remarkable remedy that the scientific research of the century has produced. Prof. Edward E. Phelps, M. D., L. D., of Dartmouth college first prescribed what is now known as Paine's celery compound, a positive cure for dyspepsia, biliousness, liver complaint, neuralgia, rheumatism, all nervous diseases and kidney troubles. Paine's celery compound has succeeded again and again where everything else has failed.

PEACE JUBILEE AT PHILADELPHIA.

Cheap Excursion Trips Via Philadelphia & Reading Railway.

Philadelphia has the reputation of being a "slow city," but whatever its citizens start they carry through with a vim and energy that never fails to make it a success. From the beginning of the Hispano-American war Philadelphia has been in the front, either in recruiting and equipping volunteers, nursing returning troops, or now comes the Peace Jubilee, every one, rich or poor, is contributing their time, money and energies to make it a grand demonstration.

In addition to the great military and naval reviews, to which while the government documents have promised all the assistance in their power, is the grand civic parade which will undoubtedly be one of the greatest demonstrations ever witnessed on this continent. To enable the residents along its lines to participate in or witness this great Jubilee, the Philadelphia & Reading Railway has arranged to sell excursion tickets to Philadelphia from all principal points on its line, at the low rate of single fare for round trip. (Special rates for military organizations in uniform.) Tickets will be good going Oct. 24th to 27th, inclusive, and good to return Oct. 28th to 31st, inclusive. Fare from Shenandoah, \$3.25.

Fire! Fire!

Insure your property from loss in the best and strongest cash companies: Philadelphia Underwriters Insurance Co., North America and Fire Association, Hartford Fire Ins. Co., American Fire Insurance Co., West Chester Fire Ins. Co., United Firemen's Ins. Co., T. T. WILLIAMS, 123 S. Jardin St., Shenandoah.

Reduced Rates to Philadelphia.

For the grand Peace Jubilee at Philadelphia, October 24 and 27, the Pennsylvania Railroad Company will sell excursion tickets from all ticket stations on its line to Philadelphia, at rate of single fare for the round trip (minimum rate, 50 cents). Tickets will be sold and good, going, October 24 to 27, and returning leaving Philadelphia to October 31, inclusive.

This Jubilee will be one of the greatest events in the history of Philadelphia. The dedication of Independence Hall, recently restored; the unveiling of the Grant Equestrian Monument, Fairmount Park; a grand civic and industrial parade, and a naval military and naval parade, led by General Miles and other distinguished leaders of the South Side Elevated Railway. The President and his cabinet will also be present.

For the accommodation of persons desiring to witness the evening ceremonies and return to the same night, special late trains will be run from Philadelphia to the principal cities on each division each night.

Military Muddled by Criticism.

London, Oct. 12.—The Paris correspondent of The Times says: "It is impossible to obtain clear proofs of the explosion of a plot. I believe that the idea of some sort of force haunts some military minds. Muddled and stunned by violent criticisms of the army, arising out of the Dreyfus affair, they are especially irritated at the attitude of civilians in claiming to interfere in the detention of Colonel Picquart, for which the entire military authority is responsible. Looking to the excitement of men's minds at the present time, the relations between the military and civil authorities, it is only surprising that such alarms are not more frequent."

Imported Negroes Spirited Away.

Springfield, Ill., Oct. 15.—While over 2,000 negroes were lined up in the street near the Church of the Immaculate Conception ready to follow the remains of their deceased companion, Edward Welsh, who was killed in the riot at Virden Wednesday, to the cemetery, the 106 imported negroes from Alabama were quietly smuggled out of the city and sent to St. Louis on a special train.

Jackson's Yellow Fever Specimen.

Jackson, Miss., Oct. 15.—The yellow fever situation is practically unchanged so far as the number of new cases is concerned. The thermometer is ranging in the 80s, and there are strong hopes the spread of the infection will be checked by the cool weather, even if there is no frost. The Jackson report yesterday is ten new cases. Dr. Munter's official report from other points is: Taylors, one new case; Poplarville, twelve new cases; Madison, six new cases; Wetland, two new cases; Harleston, three new cases; and one death; Natchez, four new cases; Harleston, three new cases and three critical; Oxford, one new case.

CANNOT LAND IN PANAMA.

Militia Commander Declares He Will Keep Out Imported Labor.

Pana, Ills., Oct. 15.—A telegram was received yesterday by Virden saying that in all probability Operator Lukens, of the Chicago-Virden Coal company, would attempt to land at Pana the imported negroes who, after a bloody riot, were shut out at Virden. A conference was immediately held by telephone between Captain Harris, commanding the militia here, and Adjutant General Reese and Governor Tanner at Springfield. The conference resulted in the governor ordering Captain Harris under no circumstances to permit the imported negroes to land in Pana. In an interview later Captain Harris said:

"If any negroes are brought into Pana while I am in charge, and they refuse to retreat when ordered to do so, I will order my men to fire. All armed guards will be similarly dealt with. I will not allow any negro to land strictly obeyed. If I lose every man under my command no negroes shall land in Pana."

GOVERNOR TANNER'S ATTITUDE.

"Springfield, Ills., Oct. 15.—Governor Tanner last night gave out a long interview regarding the situation at Virden and his attitude on the importation of miners into the state. He said in part:

"My position has been from the beginning and will remain most positive in that position, emphatically against the importation of labor into Illinois, from any state, because such a pernicious system dumps upon society an undesirable class of citizens, and I do not propose, if I can help it, that the state should be the dumping ground for the criminal and idle classes of other countries or other states."

"If one, two or three, or even larger numbers, come to our state in the proper order and in the ordinary way, seeking honest employment, I will give them all the protection necessary to peacefully operate their mines. The Chicago-Virden company has been an intentional outlaw; has sent an agent to Alabama, and by false pretenses induced negroes to come here and work in the mines, locking the doors of the cars, feeding them like stock and procuring the services of armed guards from a detective agency, every one, rich or poor, is contributing their time, money and energies to make it a grand demonstration.

In addition to the great military and naval reviews, to which while the government documents have promised all the assistance in their power, is the grand civic parade which will undoubtedly be one of the greatest demonstrations ever witnessed on this continent. To enable the residents along its lines to participate in or witness this great Jubilee, the Philadelphia & Reading Railway has arranged to sell excursion tickets to Philadelphia from all principal points on its line, at the low rate of single fare for round trip. BOMBS FOR EMPEROR WILLIAM.

Egyptian Policeemen Nip an Anarchist Conspiracy in the Bud.

Alexandria, Egypt, Oct. 15.—The police of Alexandria have arrested nine Italian anarchists since last night, and have thereby frustrated a plot against Emperor William, now on his way to the Holy Land, which was to be present at the consecration of the Church of the Savior at Jerusalem.

The first to be arrested in a cafe keeper, a well known anarchist, in whose house the police have discovered two wire bombs of great strength, full of bullets.

This arrest was made in consequence of a notification from the Italian consul general at Cairo that two anarchists had left Cairo for Port Said.

The police investigation showed that the arrested cafe keeper had bribed the steward of a steamer, and arranged for the Holy Land, with a box of bombs. Apparently the anarchists originally intended to use the bombs at the Pallas Ahdin at Cairo, while Emperor William and the Khedive were there.

When the latter decided not to visit Egypt the anarchists decided to attack him in Palestine.

The liveliest satisfaction is felt over the smart captures, and the German consulate has expressed its warmest thanks.

The two Cairo anarchists who left for Port Said have not yet been arrested.

Another Duke of Marlborough.

London, Oct. 15.—The Duchess of Marlborough, formerly Miss Connelton Vanderbilt of New York city, gave birth to a son yesterday. Mother and child are doing well, according to the latest reports from the attending physicians.

One Girl's Story.

This is an occurrence in the life of a young girl who had a near approach to death, and of the marvelous manner in which she was rescued.

Eighteen years ago Miss Mabel Shields was born in Chicago.

The most remarkable fact about her is, that she is alive to-day, living with her mother at 4846 West Congress Street, and enjoying excellent health.

Her experience and sufferings during those two years were not only distressing but terrible. At last, utterly discouraged, she found relief and perfect health.

Her own story relating this experience will be a matter of great interest to hundreds of young women who are passing through the same period of life fraught with danger and death.

Miss Shields said: "Two years ago I commenced to fail in health. At first I did not pay much attention to my falling health, thinking I would mend shortly."

"I went to the best hospital here for six weeks, but was not benefited. After leaving treatment from him some time, I had night and night my whole system was on the verge of a nervous collapse, and for weeks I could not sleep. I then went to a famous eye and ear infirmary."

"The physician there believed at first that something was growing in my ear, but after receiving treatment from him some time, he finally told me there was no such growth, but it was purely a case of extreme nervousness and had state of the blood. He was not able to give me any relief."

"I lost all color, had no good blood, and when I held up my hands you could almost see through them. I was so weak that I could not get up without fainting."

"I was completely discouraged, for the physical state I was in was deplorable."

"One of my friends suggested that I take Dr. Williams' Pink Pills for Pale People, which I finally did."

"After having used the pills in one box I was better, and after using the pills and grew stronger each week, my nervousness decreased and I regained flesh and health."

"After I had taken the fifth box of pills I did not have any throbbing in my head and I was as strong as I had ever been."

"To-day I have a healthy color, a good appetite, and the nervousness has left me. In the last two months I have gained flesh rapidly and am in perfect health."

"This marvelous change in my condition is entirely due to Dr. Williams' Pink Pills, and I cannot say too much for them."

"That there be no doubt regarding this story, Miss Shields has written before Natory Public L. L. James, of New York City, a letter in which she says:

"Dr. Williams' Pink Pills for Pale People are composed of vegetable remedies that exert a powerful influence in purifying and enriching the blood. Many diseases long supposed by the medical profession to be incurable have succumbed to the potent influence of these pills. This universal remedy is sold by all druggists."

FINANCE AND TRADE. Smaller Margins of Profit on Largely Extended Transactions.

New York, Oct. 15.—R. G. Dun & Co.'s weekly review of trade says: With actual payments through clearing houses 18.2 per cent larger than in the same week of 1897. It cannot be said that business is today really falling off, and yet many are complaining because the amount realized as profit is smaller than was formerly realized in good times. In almost every branch of business trade is now conducted on a much narrower margin of profit than in any of the previous years.

The sympathetic tenderness of a loving husband is everything to an expectant mother, especially during her first ordeal. George Layton, Esq., the eminent druggist of Dayton, O., gives the following case:

A customer of mine, whose wife had used four bottles of "Mother's Friend" before conceiving, says: "After feeling the effects of the remedy, that if he had to go through the ordeal again, and there were but four bottles on the market, and the cost was \$100 per bottle, she would have them."

"Mother's Friend" is a scientifically compounded liniment which affords certain relief in the wearing of the preceding childbirth, and assures proper elasticity to the cords and muscles involved in the final ordeal.

"Mother's Friend" is sold by druggists, or expressed by mail.

THE PEACE COMMISSION.

Work of the Commissioners Fully Entered Upon in Joint Sessions.

Paris, Oct. 15.—The fifth joint session of the two peace commissions was convened at 2 o'clock yesterday. It may be said that the first, second and third meetings scarcely penetrated the surface of any protocol, and less still the marrow. Last Tuesday, however, marked the Spanish presentation regarding the Cuban debt, which has, during the recess, brought the Americans to some preparation. The American reply to the Spanish presentation of Tuesday was submitted and read. An oral discussion followed, occupying the time until after 6 o'clock, when the commission adjourned until Monday next.

It is believed that the Spaniards submitted their own copy of the protocol of their discussion, but the protocol that it was just a counter Spain as having equities fairly discharge by the American assumption of Cuban obligations. It is not unlikely that the Americans voted the convention that fair equities to the United States. In view of the fact that the Spaniards, though not United States, and Americans may schedule the value of the battleship Maine as among the expenditures possible of classification against the so-called Cuban debt.

However, it may be considered certain that the commissions have arrived at a point in the negotiations from which henceforth the joint sessions will be occupied by oral discussions as well as by written presentations of propositions. The work is now thoroughly entered upon, though it is not likely that any settlement has yet been polished and finished for a place in the final treaty. The Philippine question has not yet been entered upon.
