Donn's Kidney Pills. Here is a case of it.

Mrs. Thomas McKay, of 502 Raspberry Ave., says: "I had been much troubled with an aching in the small of my lack and a lameness or tenderness in my Lins when stooping or rising from a chair. There were pains in the top and back of my head and a feeling of weariness banging over me all the time. I had no energy and seemed more tired mornings than I was the night before. Doan's Kidney Pills were highly recommended to me and I got them from Kirlin's Pharmacy on South Main street, and began using them according to directions. I found immediate relief and they soon stopped the dull, grinding aching in my back and removed the lameness and also the languer from which I suffered. I can highly recommend Dosn's Kidney Pills as a remedy that can always be relied upon to cure backuche and kidney troubles."

A QUIET, DIGNIFIED CEREMONY.

The Work of the Evacuation Commission Now Over, and the Reports Will Be Forwarded to Washington-The Americans Worked Without Delay.

San Juan de Porto Rico, Oct. 19 .-Promptly at noon yesterday the Amerlcan flag was raised over San Juan. The ceremony was quiet and dignified, unmarred by disorder of any kind.

The Eleventh regular infantry, with two batteries of the Fifth artillery, landed in the morning. The latter proceeded to the forts, while the infantry lined up on the docks. It was a holiday for San Juan, and there were many

people in the streets. Rear Admiral Schley and General Gordon, accompanied by their staffs, proceeded to the place in carriages. The Eleventh infantry and band, with Troop H, of the Sixth United States cavalry, then marched through the streets and formed in the square oppo-site the palace. At 11:40 a. m. General Brooks, Admiral Schley and General Gordon, the United States commissioners, came out of the palace with many naval officers and formed on the right side of the square. The streets be-hind the soldiers were thronged with townspeople, who stood waiting in dead silence. At last the city clock struck the hour of 12, and the crowds, almost breathless, and with eyes fixed upon the flagpole, watched for developments. At the sound of the first gun from Fort Morro Major Dean and Lieutenant Castle, of General Brooke's staff, hoisted the Stars and Stripes, while the band played the "Star Spangled Ban-

All heads were bared and the crowds cheered. Fort Morro, Fort San Cris-tobal and the United States revenue cutter Manning, lying in the harbor,

fired 21 guns each. Senor Munez Rivera, who was president of the recent autonomist council of secretaries, and other officials of the late insular government, were present at the proceedings. Congratulations and handshaking

among the American officers followed. Ensign King heisted the Stars and Stripes on the intendencia, but all other flags on the various public buildings were holsted by military officers. Si-multaneously with the raising of the flag over the captain general's palace many others were holsted in different parts of the city.

The work of the United States evac uation commission is now over, and all the reports will be forwarded to Washington. The labors of the party have terminated with honors for all con-cerned. The American commissioners worked without the least delay, and in the most thorough and effective man-

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does it, is indeed wonderful. He authorizes all druggists to give to those who call for it, a sample bottle free, that they may try it before pur chasing. The large bottles are 25 and 60c. We certainly would advise a trial. It may have you from consumption.

Steamer Sunk, All Hands Saved. Portland, Ore., Oct. 19.—The river steamer T. J. Potter, which left Port-land at midnight for Astoria, collided with the steamer G. W. Shaver in the Columbia river. A heavy fog prevailed. The Potter struck the Shaver on the side forward of the engine room, and in about eight minutes the Shaver sank. There were 25 passengers on the Shaver, including a number of women and children. All were rescued by the crew of the Potter and brought to Portland. The Potter sustained no damage

investigating commission held three sessions yesterday, dealing during the two days' sessions with the general staff officers of the Seventh army corps and at night hearing the testimony of officers and men of the Second South Carolina resiment. The general officers examined included the chief surgeon and chief commissary, the chief quartermaster and the inspector general of the corps, and all gave detailed information as to their respective departments of the service. The meetings yesterday were held in General Dodge's private car, but the moving trains made so much noise that it was found necessary to secure other quarters, and hereafter the meetings will be held in the city council chamber.

The sub-committee, consisting of the city council chamber.

The sub-committee, consisting of General Wilson and Captain Howell.

The sub-committee, consisting of General Wilson and Captain Howell, appointed to investigate the selection of Fernandina as a camp returned last night and reported their approval of the selection. They made special inquiry into the report that the camp had been located there for the purpose of enhancing the value of the land owned by a son of Secretary Alger, going though the county records as part of their work. They failed to find his name in any of these documents, and their investigation convinced them that he had never owned any real estate in that vicinity or had been in any way interested in any.

Colonel Oliver E. Wood, chief com-missary at Camp Cuba Libre under General Lee, was before the commis-sion at its afternoon seasion. He had occupied this position since the fist of May, and he had been able during all this time to fully and completely meet all requisitions made upon him for supplies, and there had never been any lack of them. As a rule, also, the qual-ity was excellent. At first there had been trouble with the bacon, and about 150,000 pounds of 11 had been spoiled. and therefore condemned and ordered destroyed. There had also been weevlis in same of the hardbread, but it had never been issued when found to be bad. All the fresh beef was brought

to the camp in refrigerator cars. .
As a result this meat was excellent, and in cases where the meat was not good the contractors had replaced it without requiring official condemnation. Yet it was necessary either to cook refrigerator meat or put it on ice in order to prevent its spelling in this climate. In this connection Colonei Wood read a letter he had written to General Lee in response to a complaint made by Colonei William J. Bryan concerning the beef. In this letter he would that if the liver was spelled it. said that if the beef was spoiled it was generally due to the almost criminal negligence of regiment and com-pany officers. He said also in the let-ter that the beef must be inspected when issued; that this inspection must be final, and after this no complaints

could be entertained.
Captain Chauneey V. Baker, chief children a quartermaster, was also examined durmedicine. ing the afternoon session. He had been in Jacksonville from the beginning of the camp, on the 21st of May, but at that time was quartermaster for the Second corps. He said that when he arrived the command was short of all kinds of stores, and that he had been unable in the beginning to meer all requisitions for supplies when made by the regiments as they arrived. There had, for instance, been some ourse had afterward been approved good quality, but it afterwards im proved. However, the men were as rule glad enough to get anything, and be satisfied with whatever they re-

Explaining General Lawton's selection of the camp here he said it was due to the fact that the railroad company could offer facilities, and to the additional fact that water could be secured conveniently. General Lawton had expected the troops to be ordered atmost immediately to Cuba and this circumstance controlled him entirely in the selection of the site for the first

Captain Baker was followed by Colonel Curties Guild, Jr., inspector general of the corps. Colonel Guild said he had been on duty in Jackson-ville since June 1. He said he had made it his business to make an early morning inspection of the camp each day with regard to sanitation, and he knew this had been the custom of others in his department.

Colonel Guild mentioned some cases in which goods had been received in poor condition. In one case a large lot of canned beef had been received which was putrid, but the contractors had re Second New Jersey had suffered on account of the frequent changes of the commissary, and they appeared to ex-perience the want of food, because of the ignorance of officers of the regi-

Colonel Guild said that he had never found a case of deprivation owing to the failure of the government to furnish proper supplies. He was unable to recall any case in which there had been any suffering in a hospital on acthat was practicable had been done for the sick. Colonel Gulld had in an official re-

port expressed the opinion that one at-tendant to six patients was not sufficient, but he said this opinion was based upon the inflamed condition of the public mind, but he believed that as a rule the attendants could not give the proper attention.

Asked if he was still of the apinion

that there would have been a shortage of supplies for the sick but for the great activity of the Red Cross Colonel Guild said he had changed his opinion somewhat.
