Serofula IS
Snake-Like

in its subtlety. It lies hidden for years in the ambush of the blood, and when it strikes it voids its venom alike on strength and beauty, disfiguring the one and undermining the other.

Ayer's
Sarsaparilla

is a specific for serofula in its worst and most malignant forms. Serofula is a blood disease. Ayer's Sarsaparilla is a blood purifying medicine. Mineral medicines only drive serofula below the surface. Dr. J. C. Ayer's Sarsaparilla is a vegetable remedy and it eradicates the disease. There is no remedy for serofula equal to Ayer's Sarsaparilla.

"I was cured of a long-standing case of serofula by Dr. J. C. Ayer's Sarsaparilla. The disease first manifested itself when I was a child, by breaking out in red blotches all over my body. I was not free from the trouble until I took several bottles of Ayer's Sarsaparilla. That effected a permanent cure."—Miss E. H. Strydom, Leighton, Pa.

GENERAL LAWTON ARRIVES.

Military Commander of Santiago Province Reaches New York.
New York, Oct. 19.—The transport Michigan arrived in this port last night. She comes from Santiago, and it was understood that General Lawton and his personal staff were on board. The Michigan anchored outside the bar for the night, as the high wind had disarranged the electric light connections.

GENERAL HENRY W. LAWTON, with the channel buoys and the lights were not burning. Colonel Kimball, deputy quartermaster general, telephoned the war department as to who was on board the Michigan. He was informed that so far as the war department knew only General Lawton and Major Jacobs, of the army, were on board, though possibly the transport might have some convalescents from Santiago. Mrs. Lawton, the general's wife, is at the Grand hotel in this city.

On the Michigan are the bodies of Acting Brigadier General Wilcox, who was killed in the battle of San Juan, and after whom the great camp on Long Island was named, and Captain A. M. Wetherell, of the Sixth United States Infantry, who was killed in the assault of Santiago. The body of General Wilcox will have a military funeral at Easton, Pa., the general's former home. The body of Captain Wetherell will have a military funeral in Arlington cemetery, near Washington.

Police Cannot Retain Fines.
At the meeting of the Borough Council of Pottsville last evening, Borough Solicitor Hanning read a lengthy opinion on the question of police officers receiving extra compensation for arrests, etc. The solicitor quoted the law on the subject, which clearly demonstrated that they are not allowed to receive any portion of fines, etc., other than a public reward, which may be offered. All fines must be turned over to the Borough Treasurer.

NO FAITH CURE.
ABOUT STUART'S DYSPEPSIA TABLETS.

They Cure Stomach Troubles and Indigestion Anyway. Whatever You Have Faith in Them or Not.

More faith will not digest your food for you, will not give an appetite, will not increase your flesh and strengthen your nerves and heart, but Stuart's Dyspepsia Tablets will do these things, because they are composed of the elements of digestion, they contain the juices, acids and peptones necessary to the digestion and assimilation of all wholesome food.

Stuart's Dyspepsia Tablets will digest food if placed in a jar or bottle in water heated to 95 degrees, and they will do it much more effectively when taken into the stomach after meals, whether you have faith that they will or not.

They invigorate the stomach, make pure blood and strong nerves, in the only way that nature can do it, and that is, plenty of wholesome food well digested. It is not what we eat, but what we digest that does us good.

Stuart's Dyspepsia Tablets are sold by nearly all druggists at 50 cents for full sized package, or by mail from the Stuart Co., Marshall, Mich.

FATAL FALL OF COAL.

One Man Instantly Killed and Another Seriously Injured.

Just before quitting time at the Ellanogowan colliery an accident occurred in the mine by which Stephen Smolksky, 24 years old, was killed and Joseph Luckas, aged 20 years, was seriously injured. Both men were unmarried and boarded at a house on South Pearl alley.

At the time of the accident the two men were engaged in loading their last car of coal preparatory to quitting work for the day, when a tremendous fall of coal occurred in the breast. Smolksky was completely buried and instantly killed. The appearance of his body when it was recovered indicated that every bone was crushed. Luckas escaped the fall, but was caught in the rush of coal down the breast and carried down about thirty feet. When found he was buried by the coal up to the shoulders and it is remarkable that the life was not crushed out of him. It is believed he is injured internally.

It is stated that the fall was caused by a shot in an adjoining breast. Luckas and the remains of Smolksky were removed to the boarding house.

A BOON TO WEAK MEN.

The depression caused by certain kinds of sickness is terribly wearing, and weakens you down more rapidly than the physical disease itself. Weak men know this. The consciousness of having lost vitality and vigor, perhaps foolishly, is simply maddening. Once, however, let the victim see a prospect of recovery and this passes away. The vigorous man sees light ahead, sees renewed strength and vitality in the immediate future and is soon cured. But it takes the highest skill and the widest experience to bring this about. Dr. Greene, 35 West 14th St., New York City, the distinguished specialist can accomplish this. He cures the most desperate cases of weakness and debility. You can consult him by letter, free. Write to him and get his advice and you will be glad.

WITHIN REACH OF ALL.

Strength and Good Sleep Follow the Use of Warner's Safe Cure.

"Live on sixpence a day and earn it."
This was the advice of a crafty Scotch doctor to a patient who had gone to a disease originating in disordered kidneys. The belief that kidney trouble is Nature's punishment reserved for rich livers and lazy folks is a widespread delusion. Cold, exposure, worry and excess of toil produce it. The poor suffer from the rich. In all ranks and conditions of society, Bright's disease does its fearful work.

To fret over his condition is natural for the invalid, although his reason teaches him that fretting only makes matters worse. To the sick man or woman, there is a world of cheer in this note dated Lincoln, Neb., March 9th, 1898:

"I take no little pleasure in saying that I have used Warner's Safe Cure and found it to be beneficial in relieving kidney and rheumatic troubles. I have used several bottles and found the medicine to possess all the merit claimed for it."

Grat. Esig, ex-Sheriff, Lancaster Co.

Mrs. J. N. Sharp, of the same city, writes:
"I have used Warner's Safe Cure at different times and found it to be exceedingly helpful in kidney trouble. I have suffered a great deal from weakness and sleeplessness and was not able to be absent without more or less physical suffering, but after having taken the first bottle of Warner's Safe Cure, I began to improve and have gained so much that I must commend its great value to others suffering like myself. I know that it has been of great benefit to me."

Observe that neither Mr. Esig nor Mrs. Sharp speaks of suffering greatly. The first approach even of fatal forms of kidney disease are rarely painful. Pallor and sleeplessness, indigestion and puffing of the hands and face, with occasional palpitation of the heart are seldom recognized except by physicians as due to deranged kidneys. There comes a time of black helplessness and unspasmodic desolation of heart.

Do not wait even for the approach of that terrible hour and, above all, do not make experiments. There is one true remedy within the reach of all.

For over twenty years Warner's Safe Cure has been before the public and its value is proven beyond a doubt.
