NEW BOOM IN TOWN.

It has Set Shenandoah Talking .- One More Public, Expression on; the Subject.

The improved condition of the public is an important question. Doubly so to us, when it refers to the Shenandoah public. Hundreds of our citizens have learned to appreciate the lifting of the heavy burdens that backs have borne for many years. It has been a great struggle for many, and now that relief has come at last, it is welcome. Of course everybody should know about it, and 'tis the equesting of everybody together with gratitude and thankfolgess that brings forth such expressions of praise as the following from Mrs. Sarah Donahue, of Market and Coal streets. She says :-

"I was in a very had way with my back at night. I learned about Doan's Kidney Pills and procured them at Kirlin's drug store, and since taking them my troubles have all disappeared. I had pains in the top and back of my head and a duil aching across my kidneys, accompanied by a dragged out family. The prolonged banquet at the feeling all the time. I used to be so lame Auditorium the night previous was not across the small of my back that I could hardly get out of a chair when I sat for any rising which the president has closely length of time. Since taking Doan's Kidney Pills I have had no trouble of this nature, and I am willing to endorse Doan's Kidney Pills and to give them all the credit for removing my troubles arising from disordered kidneys.

Mrs. McKinley has patronized the bazaar given by the women of the Holy Angels Catholic church by sending through Miss Mitchell, a young weman of the parish, a donation for the movement. The ladies in charge of the bazaar, wishing to show their appreci-ation of the act, yesterday morning sent a delegation to Mrs. McKinley, presenting her with a beautiful Severes vase.

President McKinley proceeded to the First regiment armory shortly after i o'clock. From the armory he went to the Auditorium to meet a number of friends, and while there was presented with a memorial in favor of international arbitration by the Chicago com mittee on international arbitration. After listening to the rending of the nemorial he said:
"I am indeed very glad to meet this

representative delegation, and give you the assurance that the subject of your memorial shall enlist my early and earnest consideration. You are doubtless aware that I have informed the czar of Russia that the United States will be represented in the proposed congress of peace. I suppose it might not be appropriate, when we form our commission, to constitute it generously from you Chicago gentlemen who are so thoroughly interested in the issue with which it will deal, but we will

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver be inactive, you have a bilious look; if your stomach be disordered, you have a dyspeptia look; if your kidneys be affected, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alterative and Tonic. Acts directly on the stomach, liver and kidneys. "A Great Spanish Personage," Presumably a Member of the Commission, Airs His Views For the Benefit of the London Times.

London, Oct. 21.-The London correspondent of The Times says: "I had a visit yesterday from a great Spanish personage, who seems to have been commissioned to ascertain the trend of public opinion on the negotiations here. He appeared much depressed. He has found great and general sympathy with Spain, but has been unable to discover any possibility of obtaining moral support against the American delegates, who are inflexible in their demands and with much politeness of form have hitherto categorically re-fused to make the slightest concession on any of the instructions received by them, never asking their government for the slightest modifications. "I have already explained the mode of negotiation. Memoirs are handed in.

Other-wise you load yourself for many gen-erations with a crushing burden, which ends by having the most mischievous results for the victor-almost more than for the vanguished."

"My caller remarked: "The Americans are not adopting this wise and humane view. They seem bent on pushing the results of the war to their extreme consequences. They refuse to entertain any concession on the financial question, and, while declining to undertake sovereignty in Cuba, they maintain that the Cuban debt is a Spanish debt and that Spain abused her sovereignty by saddling the island with the interest of a debt by which

themselves accepted financial obliga-tions toward England after the war of independence, that they accepted the burdens of Texas after the conquest, that there is no more general law than the law of the obligations of a country changing its rulers, and that t would be an arbitrary course and a vexatious precedent to throw the Cu-ban debt upon us.
