Four Women Who Owe Their Present Happiness to Lydia E. Pinkham's Vegetable Compound.

> DEAD MRS. PINKHAM:-When I wrote to you last June, I was not able to do anything. I suffered with backnche, headache, bearing-down pains, pains in my lower limbs, and neted all through my body. Menstruations were very painful. I was almost a skeleton. I followed your advice and now am well and fleshy, and able to do all my own housework. I took medicine from a 22 physician for over a year, and it did not do me a particle of good. I would advise all suffering women to write Attini to Mrs. Pinkham. She will answer all letters promptly, and tell them how to cure those aches and pains so common to women.-Mrs. C. L. WINN, Marquez, Texas.

I think it is my duty to write and let you know what cour medicine has done for me. For two years I suffered with female weakness, bearing-down pains, headache, backache, and too frequent occurrence of the menses. I was always complaining. My husband urged me to try your Vegetable Compound, and I finally did. I have taken three bottles and it has made me feel like a different woman. I advise every woman that suffers to take your medicine and be cured .- Mrs. GARRETT LICHTY, 612 S. Prince St., Lancaster, Pa. I had auffored for over two years with backache,

headache, dizziness, pervousness, falling and ulceration of the womb, leucorrhoca, and about every ill a woman could have. I had tried doctors, but with no success, and it seemed as though death was the only relief forme. After using five bottles of Lydia E. Pinkham's Vegetable Compound, and four packages of Sanative Wash, I am well. Have had no more pain, womb reached that will be onlinently sattrouble, backache or headache .- Mrs. CLAUDIA isfactory to the American people HALPIN, Cream Ridge, N. J.

Washington, Oct. 26 .- During yester-day afternoon and last night informa-

tion received by the president from Paris was informally discussed at the White House by Mr. McKinley and sev-eral members of his cabinet. Last night cur members of the cabinet. Secre aries Hay, Alger and Wilson and Postmaster General Smith, were with the president for some time. They had not on summoned to the executive manion, but had dropped in to discuss with the president some pressing depart-mental matters which had to be dis-posed of before the latter left for Philaleiphia.

The information received from the American peace commission, which was said to be disquicting, was informally discussed, but so far as could be ancertained no action of any kind was taken. Precisely the nature of the information received by the president from the American commissioners was not disclosed. It is said, however, that the situation is orcharrassing, if not critical, in the opinion of the commissioners, although there is still reason for the expectation that the negotia-tions will not be broken of and that they will proceed to a successful haue. It is understood to be the bellef of the president that the uncertainty which w seems to cloud the proceeding of the joint commission will soon be dis-sipated, and that an agreement will be
