LAKE MICHIGAN'S GALE.

Jome Narrow Escapes, But No Loss of Life Reported.

Chicago, Oct. 27.-The gale which began Tuesday night continued most night the wind veered to south, and the Lake Michigan for the previous 24 hours brought a long list of disasters to the loss of life. A canvass of the craft at this end of Lake Michigan shows that the schooners Aberdeen, Delta, D. L. Filer, Biwabik, Stafford and McWilllams are missing.

The Delta and the D. L. Filer broks away from the schooner L. Panlow off Port Washington Tuesday night. The tug Dixon and life saving crew rescued Captain Horace Acres and crew of six men from the barge Filer yesterday Washington Tuesday evening, The Delta is believed to be drifting 15 miles off Kenosha. The Aloha went adrift of the harbor, but they are safe.

Among marine men today the most anxiety is about the Aberdeen. It was eped that she was at anchor off New Buffalo, but a telegram from that point says that nothing has been so her in that region. She had not been sighted by incoming steamers, from the reports of the Tuttle, at Mich-

lgan City, the worst is feared.

The steamer H. A. Tuttle, grain laden, from this city, is sunk in the mouth of the river at Michigan City, Ind., a total wreck. Seas are breaking over her and she is now broken in two. The crew were taken off by the life savers after 20 hours of extreme peril.

TESLA'S MARVELOUS INVENTION.

To Transmit Electrical Power to Any Part of the World,

New York, Oct. 27.—Nickola Tesla, the electrician, describes in yesterday's issue of The Electrical Review a possibility in electric power transmission. His inventions for transmitting electricity at high pressure over long distances have been successfully applied at many natural sources of power. Probably the most important of these plants in the United States is at Ni-agara Falls, costing over \$6,000,000 to install, which supplies electricity to many large factories and supplies elec-eral months before a plants in the United States is at Nimany large factories and supplies elec-tric power for running the trolley lines of the city of Buffalo, 26 miles dis-prepare herself for

This will appear a dream-a tale from the Arabian Nights-but the extraordinary discoveries Tesia has made during a num-ber of years of incessant labor make it evident that his work in this field has passed a stage of laboratory experi-ment, and is ready for a practical test on an industrial scale. The success of his efforts means that power from such sources as Ningara will become available in any part of the world, regardless of distance.

The troops will not be landed at any one place, but each detachment will be landed at the nearest and most accessible port to the place which is to form its camping grounds. Among the places that have been recommended by the Hecker board are: Guanabacoas, which can be reached best from Regla. opposite Havana, on the bay: Marlano, with a seaport at Playa de Mariano, and Mariel, on a bay of the same name about 25 miles distant from Havana, and beyond Mariano. All these sites fulfill the needs of good camping ground, but in each case the Hecker board has found that there must be considerable expenditure by the government if permanent landing places are to be provided, so that the troops will not run the risk of infection in passing through Havana.

Dr. Miles' Nervine Restores Health.

NOLE EZEKIEL OBEAR, assessor and tax collector, Beverly, Mass., who has passed the form life mile stone, says: "Dr. Miles' Restorative Nervine has done a sleeplescuess and nervous heart trouble. Would feel weary and used up in the morning, had no ambition and my work seemed a burden. A friend recommended Dr. Miles' Nervine, and I purchased a bottle under protest as I had tried so many remedies unsuccessfully, I thought it no use. But it gave me restful sleep, a good appetite and restored me to energetic health. It is a grand good medicine, and I will gladly write anyone inquiring, full particulars of my sat-

anyone inquiring, full particulars of my satisfactory experience."

Dr. Milos' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on disease of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.
